Matthew Cappucci

Looking Up Matthew Cappucci, 2022-08-02 An energetic and electrifying narrative about all things weather—by one of today's rising meteorological stars. Get in—we're going storm-chasing! Imagine a very cool weather nerd has just pulled up to you and yelled this out the window of his custom-built armored storm-chasing truck. The wind is whipping around, he's munching on Wawa, it's all very chaotic—yet as you look into his grinning face, you feel the greatest surge of adrenaline you have ever felt in your life. Hallelujah: your cavalry is here! Welcome to the brilliance of *Looking Up*, the lively new book from rising meteorology star Matthew Cappucci. He's a meteorologist for The Washington Post, and you might think of him as Doogie Howser meets Bill Paxton from *Twister*, with a dash of Leonardo DiCaprio from *Catch Me If You Can*. A self-proclaimed weather nerd, at the age of fourteen he talked his way into delivering a presentation on waterspouts at the American Meteorological Society's annual broadcast conference by fudging his age on the application and created his own major on weather science while an undergrad at Harvard. Combining reportage and accessible science with personal storytelling and infectious enthusiasm, *Looking Up* is a riveting ride through the state of our weather and a touching story about parents and mentors helping a budding scientist achieve his improbable dreams. Throughout, readers get a tutorial on the basics of weather science and the impact of the climate. As our country's leaders sound the alarm on climate change, few people have as close a view to how serious the situation actually is than those whose job is to follow the weather, which is the daily dose of climate we interact with and experience every day. The weather affects every aspect of our lives (even our art) as well as our future. The way we think about it requires a whole-life

overhaul. Rain or shine, tropical storm or twister, Cappucci is here to help us begin the process. So get in his storm-chasing truck already, will ya?

Inspiring Stories That Make a Difference by 75 Kids Who Changed Their Worlds The Loukoumi Foundation, 2021-05-21 Inspired by Nick Katsoris' children's book series about a fluffy little lamb named Loukoumi, The Loukoumi Make A Difference Foundation teaches children to make a difference in their lives and the lives of others, uniting over 100,000 children annually to do good deeds. Come From Away is the award-winning musical about how during the week of 9/11, 7,000 stranded airline passengers found a safe harbor in Newfoundland, and were embraced by the people of Gander, while the world around them was thrown into chaos. Together The Loukoumi Foundation and Come From Away have partnered to share their joint message of kindness through the stories of 75 children, who are having fun paying it forward for causes that mean something to them. Get ready to be inspired by these extraordinary kids who are changing the world one good deed at a time, and join us in making a difference!

"Cause Unknown" Ed Dowd, 2022-11-09 What is killing healthy young Americans? 2020 saw a spike in deaths in America, smaller than you might imagine during a pandemic, some of which could be attributed to COVID and to initial treatment strategies that were not effective. But then, in 2021, the stats people expected went off the rails. The CEO of the OneAmerica insurance company publicly disclosed that during the third and fourth quarters of 2021, death in people of working age (18-64) was 40 percent higher than it was before the pandemic. Significantly, the majority of the deaths were not attributed to COVID. A 40 percent increase in deaths is literally earth-

shaking. Even a 10 percent increase in excess deaths would have been a 1-in-200-year event. But this was 40 percent. And therein lies a story—a story that starts with obvious questions: What has caused this historic spike in deaths among younger people? What has caused the shift from old people, who are expected to die, to younger people, who are expected to keep living? It isn't COVID, of course, because we know that COVID is not a significant cause of death in young people. Various stakeholders opine about what could be causing this epidemic of unexpected sudden deaths, but "CAUSE UNKNOWN" doesn't opine or speculate. The facts just are, and the math just is. The book begins with a close look at the actual human reality behind the statistics, and when you see the people who are represented by the dry term Excess Mortality, it's difficult to accept so many unexpected sudden deaths of young athletes, known to be the healthiest among us. Similarly, when lots of healthy teenagers and young adults die in their sleep without obvious reason, collapse and die on a family outing, or fall down dead while playing sports, that all by itself raises an immediate public health concern. Or at least it used to. Ask yourself if you recall seeing these kinds of things occurring during your own life—in junior high? In high school? In college? How many times in your life did you hear of a performer dropping dead on stage in mid-performance? Your own life experience and intuition will tell you that what you're about to see is not normal. Or at least it wasn't normal before 2021.

Bee Fearless: Dream Like a Kid Mikaila Ulmer, 2020-08-18 A business memoir from fifteen year-old lemonade entrepreneur and one of TIME Magazine's Top 30 Most Influential Teens, Mikaila Ulmer, and her advice for life and business. When Mikaila Ulmer was four, she was stung by a bee--twice in one week. She

was terrified of going outside, so her parents encouraged her to learn more about bees so she wouldn't be afraid. It worked. Mikaila didn't just learn what an important role bees play in our ecosystem, but she also learned bees are endangered, and set out to save them. She started by selling cups of lemonade in front of her house and donating the small proceeds to organizations dedicated to bee conservation. When she realized the more lemonade she sold, the more bees she could help, Me & the Bees Lemonade was born. Now she sells her lemonade across the country. From meetings with Fortune 500 CEOs, to securing a deal on Shark Tank, to even visiting the Obama White House, Mikaila's lemonade and passion for bee conservation have taken her far. In *Bee Fearless*, part memoir, part business guide, Mikaila--now fifteen--shares her personal journey and special brand of mindful entrepreneurship and offers helpful tips and guidance for young readers interested in pursuing their own ventures, instilling in them the bee-lief that they can be fearless and achieve their dreams too.
