The Little Book of Business Cards David E. Carter,2005-04-26 The business card has taken on a new level of importance in recent years. In an age where the business letter has been replaced by email, the personal contact evoked by a business card is more crucial than ever. Your card is often the one item taken away from a meeting, defining how people view your business long after any face-to-face meeting has faded from memory. Whether you're a businessperson trying to develop your own letterhead set or a graphic designer trying to come up with that next great idea, your challenge is to communicate the look and feel of your company in the space your card and letterhead allows. The Little Book of Business Cards presents an unparalleled source of inspiration. In these pages, David E. Carter has gathered more than 260 representative examples of effective business cards and matching letterhead sets. Learn how to get the most from your choice of fonts, color, size, layouts, and logos -- and even what to do when you don't have a logo! As an extra bonus feature, David E. Carter provides informative and instructional annotations to the featured business cards -- valuable lessons for you to apply to your own designs. With The Little Book of Business Cards in your library, you'll be sure to have a business-building design in no time.

How to Use Your Business Cards for Success G. Lee Mikules,2003 Your business card is usually the first tangible thing a customer/client will take with him or her after meeting you. Does it communicate the message you want it to? G. Lee Mikules offers guidelines on how to get the most from your card- from design to distribution.Everyone is concerned about what is important to them before they are concerned about anything else. And you, as the one who hands them out, must realize that your ego will clash with that of the person who receives your card...The person you hand your card to does not care about your name or the fact that you have been in business for 25 years, or that you have every credential possible, and so forth. The only thing he is interested in is what your business, product, or service can do for him. Will it save or make him money? Will it feed his ego? You have to distill the essence of what your business is, and, most importantly, what it can do for your customer into a concise, benefit-oriented, hard-hitting sales message. Then put that message front and centre on your card!

Dreaming Way Lenormand Lynn Araujo,2016-04-27 This charming 36-card Petit Lenormand deck offers fresh, new perspectives for this traditional system of fortune telling. Contemporary Korean artist Kwon Shina's imaginative style of artwork provides the reader with clever visual cues that capture the mood, nuances, and inner meanings of the cards. When you look at the Dog card, you will know in an instant this card portrays loyal friendship, not a threat. If you are learning Lenormand for the first time, this is a delightful deck to learn the core meanings. If you are already familiar with the Lenormand system, Kwon's dreamy images will inspire you to look at Lenormand in a whole new way. The 92-page booklet offers keywords, quotations and interpretations that help the reader understand the lively narrative interplay between the 36 cards. Dreaming Way Lenormand will allow you to do insightful readings that bring clarity to any situation, whether you are working with pairs of cards, the Grand Tableau or one of the starter spreads suggest

The Mystical Dream Tarot Janet Piedilato,2021 This remarkable tarot emerges directly from the mystical realms of dream and vision, manifesting completely fresh imagery. Pregnant with possibilities that shine light upon the hidden and reveal new pathways of understanding, each image--direct from the author's own dream experiences--is an original offering rich with powerful insights designed to awaken that which is essential for moving forward on our journey of self-discovery. The stunning deck and accompanying guidebook invite you to discover the wisdom and truth that lie beyond the limited view of waking reality and to draw upon the power of your unconscious--the insight of your psyche--to meet life's challenges and achieve your goals.

Under the Roses Lenormand Kendra Hurteau,Katrina Hill,2014 Discover the buried secrets in Under the Roses, a charming 40-card Petit Lenormand deck. In addition to the 36 standard cards, this deck includes alternate cards for the Child, the Gentleman, and the Lady. The 60-page booklet offers keywords, instructions and diagrams for learning to read with the Lenormand method

The Secrets of the Lenormand Oracle Sylvie Steinbach,2007 'The Secrets of the Lenormand Oracle' provides readers with indispensable contemporary guidelines to easily understand the 36 little cards. With a new intuitive 'no layout' interpretation system, beginners can now easily access the divination power of the deck. This modern and detailed guide answers all your questions regarding 'how to' perform amazingly accurate readings. Through the revelation of the book's 7 secrets, readers can learn how to predict matters of love, career, money and past lives in a professional manner.

Whether you are new to the oracle or an experienced Lenormand devotee, this instant classic encompasses all the tools required to master these esoteric cards in order to unveil the future.

Gilded Reverie Expanded Edition **Ciro Marchetti**,2017 Gilded Reverie Lenormand showcases the digital talents of **Ciro Marchetti** with captivating imagery on 47 gilt-edge cards. This Expanded Edition deck features eight special supplemental cards, including four that have not been previously published. The extra cards are: Time, Bridges, Dice, Mask, Well, Compass, Labyrinth, and Magnifying Glass. For this deck **Ciro** also provides an extra Man, Lady, and Owl card to enhance Lenormand readings. The 80-page guidebook provides expert instruction by **Lee Bursten**, **Donnaleigh de LaRose** and others for reading with this 47-card deck.

Present-Day Corporate Communication **Rudolf Beger**,2018-06-22 This book serves as an easy-to-read, up-to-date practical guide on professional corporate communication. The key market for this book is the Asia-Pacific region, mainly because there is a gap in know-how in corporate communication among many industry sectors. In addition, at present, one cannot find a lot of educational literature about corporate communication in the market. Therefore, this guidebook closes that gap. In Asia, companies are starting to realize the importance of corporate communication in all areas (external and internal corporate communication, crisis communication (Example: TEPCO) and political communication / government relations / lobbying). This is triggered not only by the recent high profile and success of targeted (political) communication in the USA, but also by the notorious export-orientation of many Asian companies and their increasingly multi-national orientation (fostered by M&A and foreign investments). In addition, the increasing importance of online communication and digital/social media is an important reason why existing guidebooks on corporate communication have to be reassessed and modernized. This book focuses on all major aspects of modern corporate communication, including online / digital communication, and covers new developments, such as “fake news”, “post-truths”, “political correctness”, “the art of bridging” and other new phenomena in the world of (corporate) communication. Simple cartoon-style drawings supplement the text in order to facilitate reading and learning. Corporate communication professional, as well as students and professors in business/management programs, will be given tools to effectively and successfully plan and implement corporate communication strategies and tactics in all major areas.

Fightnomics **Reed Kuhn**,**Kelly Crigger**,2013-12-07 Fightnomics quantifies the underlying drivers of the world's most exciting and fastest growing sport through deep analysis of Mixed Martial Arts (MMA) competition. Part Freakonomics and part Moneyball, Fightnomics is a statistical spotlight on the Ultimate Fighting Championship (UFC) and the fighters who compete in the Octagon. Does size matter? Is the Southpaw Advantage real for MMA? Is it better to be young or experienced in a fight? How is the UFC Tale of the Tape lying to us? What makes a strike significant? What about Ring Rust, Octagon Jitters, or the Home Cage Advantage? Just how accurate are betting odds? Theories about how MMA works get put to the test with a little bit of science, and a whole lot of numbers. Fightnomics is the deepest and most complete analysis to date of historical UFC data that answers common, yet hotly debated questions about the sport. The fight game will never quite look the same once you've learned what really matters in a cage fight, and even a few surprising things that don't--Publisher's description.

The Valley of Flowers **Frank Smythe**,2015-08-25 In his delightful The Valley of Flowers, mountaineer **Frank Smythe** takes you on a botanical expedition to the Garhwal Himalaya. Alongside the author, scale the steep craggy mountains and bathe in crystal clear pools; breathe in the scented foothills of the Himalaya and their carpets of peonies, roses, rhododendrons and gentian. Experience 'the keen, biting air of the heights and the soft, scented air of the valleys'. Climber and adventurer **Smythe** journeys through the Himalaya's Byundar Pass, climbs the Mana Peak, descends into the Byundar Valley, and comes terrifyingly close to an encounter with The Abominable Snowman. The Valley of Flowers is a pleasurable escape for any climber, walker, mountain lover or gardener, or indeed anyone who needs reminding of the beauty and serenity of the natural world.

The Science of Mom **Alice Callahan**,2021-11-23 Now updated! The new edition of this best-selling guide uses science to tackle some of the most important decisions facing new parents—from sleep training and vaccinations to breastfeeding and baby food. Is cosleeping safe? How important is breastfeeding? Are food allergies preventable? Should we be worried about the aluminum in vaccines? Searching for answers to these tough parenting questions can yield a deluge of conflicting advice. In this revised and expanded edition of The Science of Mom, **Alice Callahan**, a science writer whose work appears in the New York Times and the Washington Post, recognizes that families must make their own decisions and gives parents the tools to evaluate the evidence for themselves. Sharing the latest scientific research on raising healthy babies, she covers topics like the microbiome, attachment, vaccine safety, pacifiers, allergies, increasing breast milk production, and choosing an infant formula.

Thank Goodness We Both Have Our Soft Sides **Sophie Corrigan**,2020-09-08 People can be prickly at times. **Sophie Corrigan**, in her follow-up to her top selling title I Love You Like No Otter, offers another charming gift book with thirty delightful illustrated animal puns conveying the importance of acceptance and forgiveness in relationships.
