Ascending from Hell (Devil Family, Book 2) Christie Silvers,2023-08-14 Carina's life is yet again thrown into chaos when she finds herself torn between her newfound love and the desperate need to protect her new family from her father's deadly threats. Just as she and Devon discover their love for one another, Carina is forced to sacrifice that love in order to keep her new family safe, as well as keep their hold over Hell out of her father's clutches. Malvis pushes her day after day to train with Maurice to lure her dormant powers to the surface. He wants her by his side as he takes over Earth. Without her, he'll never succeed, so he holds the safety of the Devils over her head until she complies with his requests. Carina doubts her very identity when she finds out her powers come with a physical manifestation of her demonic heritage. Does this mean she's evil? Can angels have horns, or has everything she believed been a lie? And when her missing mother shows up, wanting Carina's help with the impending battle, she discovers her angelic side isn't much better than her demon side. Meanwhile, Devon finds himself engulfed in self-pity and confusion. How could his new bride leave him? Why does his family stand idly by, failing to rescue her from the clutches of the sinister Malvis? Desperate to bring her home, Devon's pain and urgency are met with disregard by his father. But just as hope seems lost, Lucian reveals he's had a plan all along, one that hinges on Devon taking action on his own. Devon's frustration with his father's constant tests push him to leave his parents behind as he hatches a plan of his own. He will bring Carina home, one way or another! As Carina grapples with her identity and newfound powers, and as Devon confronts his own emotional turmoil, they must find a way to navigate a treacherous path, where love, loyalty, and the fight against darkness intertwine in a race against time with Heaven, Hell, and Earth hanging in the balance.

Free Books All on the Berkeley Roundtable on the International Economy Steve Weber,Steve Weber,2015-05-26 Free books. Does anything on earth rival free reads? Perhaps free beer. Maybe free pizza. But that's it, as far as I'm concerned. It's been a slippery slope. Way back in 2005, Amazon.com announced a new program called Prime. It was a simple proposition: pay \$79 a year for the annual membership, and you'd get free two-day shipping on most of my orders. Now, several years later, Prime comes with a bunch of free content, including books. Of course, that's merely one source of free books. One of the best things about Amazon's digital bookstore is that many of its most popular books are offered completely free of charge during brief promotional periods. If you manage to find and download a book while it's offered free, it's yours to keep-forever. It's a great way to sample a new genre, or perhaps discover an author you hadn't noticed before. Hundreds of websites have popped up across the Internet to highlight free and discount Kindle books. Sometimes it seems like we're being overrun by free content. But really, just some of it is worth bothering about. This book will help you figure out what's worth your time.
