Bobby Fischer Comes Home Helgi Olafsson, 2014-02-01 On March 24, 2005, a small plane with Bobby Fischer on board landed at Reykjavik Airport. The arrival in Iceland of the former World Chess Champion was front-page news all over the world. In a ploy to free him from prison in Japan the Icelandic Parliament had granted the American Icelandic citizenship. Fischer had been arrested in Tokyo when the US warrant caught up with him that was issued after he had violated American sanctions against the former Yugoslavia by playing a controversial match against Boris Spassky. Icelandic chess grandmaster Helgi Olafsson was 15 year old in 1972, when in a sensational match in his home country Bobby Fischer beat Boris Spassky for the world title. Breathlessly, Helgi had followed the match and attended a number of games in the playing hall in Reykjavik. When thirty-three years later his childhood hero was arrested in Tokyo, Olafsson became one of the members of the Committee to Free Bobby Fischer. Now Fischer returned to Iceland, a country

he was never to leave again till his death on January 17, 2008. Olafsson and Fischer developed a unique friendship. Countless hours they spent together, they talked about chess, about life, made trips, played games, had fun, and quarrelled. Bobby Fischer Comes Home tells the story of their complicated friendship and paints an intimate portrait of the last years of the man who many see as the greatest chess player that ever lived.

Defending Under Pressure Steve Hrop, 2022-01-07 The seconds tick down relentlessly toward zero just as your game approaches the critical stage. Your higher-rated opponent is putting your game under severe pressure, so extreme accuracy is needed to hang tough and avoid falling into a losing position. What do you do now - should you exchange pieces to relieve the pressure, lash out with a sacrifice, probe for weaknesses in the opponent's camp, or maybe just give up and get a lesson on how to bring the point home? The answer is... none of these! At such do-or-die moments, says Steve Hrop, the first thing to do is to sit on your hands and take a few deep breaths. In *Defending Under Pressure* and *Managing Your Emotions at the Chessboard*, the author uses critical moments from his own tournament games (most of them against players rated above 2200) to describe the difficulties of thinking straight when the enemy is at the gates, and then outlines methods and techniques to clear your head, evaluate the position, and find your way to the best move. Techniques include how to avoid redundant pieces that critically limit your mobility; when visualization is more important than calculation; and freeze-framing positions to eliminate blunders. Save the draw - or turn a looming defeat into an astonishing victory - with the tips in this practical training manual!

Managing Your Professional Identity Online Kathryn E. Linder, 2023-07-03 In higher education, professional online identities have become increasingly important. A rightly worded tweet can cause an academic blog post to go viral. A wrongly worded tweet can get a professor fired. Regular news items in The Chronicle of Higher Education and Inside Higher Ed provide evidence that reputations are both built and crushed via online platforms. Ironically, given the importance of digital identities to job searches, the promotion and distribution of scholarly work, pedagogical innovation, and many other components of an academic life, higher education professionals receive little to no training about how to best represent themselves in a digital space. Managing Your Professional Identity Online: A Guide for Higher Education fills this gap by offering higher education professionals the information and guidance they need to:- craft strong online biographical statements for a range of platforms;- prioritize where and how they want to represent themselves online in a professional capacity;- intentionally and purposefully create an effective brand for their professional identity online;- develop online profiles that are consistent, professional, accurate, organized, of good quality, and representative of their academic lives;- regularly update and maintain an online presence;- post appropriately in a range of online platforms and environments; and- successfully promote their professional accomplishments. Managing Your Professional Identity Online is practical and action-oriented. In addition to offering a range of case studies demonstrating concrete examples of effective practices, the book is built around activities, templates, worksheets, rubrics, and bonus materials that walk readers through a step-by-step guide of how to design, build, and maintain professional online identities.

Get Your Own Damn Beer, I'm Watching the Game! Holly Robinson Peete, Daniel Paisner, 2005-08-15 Year after year, Sunday afternoons and Monday nights during the NFL season have belonged to men. While they cheer and argue play calls, the women in their lives are relegated to beer and chip detail. It's time for these women to join the action, and Holly Robinson Peete, star of 21 Jump Street, For Your Love, and Hangin' with Mr. Cooper, and wife of NFL quarterback Rodney Peete, has written this hip, smart, cheerful guide to help them do so. In Get Your Own Damn Beer, I'm Watching the Game!, Peete shares her infectious enthusiasm for pro football and takes the complexity out of the game by breaking it down to its component parts. She explains the role of each position player, provides a rundown of all on-field penalties and referees' hand signals, and offers an illustrated guide to some of the most common plays in the NFL. She gives her take on the most memorable plays in NFL history and dishes some inside dirt-in a breezy, girl-talkin' narrative that promises to turn the novice spectator into a well-informed football fanatic.

Teaching Academic and Professional English Online Isabel González-Pueyo, 2009 In the last few years Information and Communication Technologies (ICTs) have emerged as a transforming element in language teaching and learning and have become an integral part of many courses of English for professional and academic purposes (ESP). This collection brings together contributions

from ESP teachers, who provide an account of educational experiences involving ICTs and share their practices, successes, failures and reflections. Most papers in the volume report on blended learning experiences, where teachers use either Course Management Systems like WebCT or Moodle, or online learning environments created by themselves. The contributions give ideas on how to develop pedagogically sound online language learning materials. Additionally, they discuss issues related to online language pedagogy and promote the development of online learning.
