People of Chance John M. Findlay,1986 In this fascinating social history, John M. Findlay focuses on the distinctively American affinity between gambling and frontier cultures. Ranging from colonial quarter-horse races to the Las Vegas casinos, Findlay shows how both gambling and frontier societies thrived on high expectations, risk-taking, and opportunism and movement.

A World Transformed Joshua Paddison,1998 California changed dramatically in the years between the founding of the first mission in 1769 and the 1848 gold rush. These eleven eyewitness accounts vividly describe the first European land expedition into an unknown territory; the spread of the missions; the rule of Spain and then Mexico; the rise and fall of California's Russian colony; the emergence of rancho culture; the semi-feudal empires of Vallejo and Sutter; and the arrival of Anglo-Americans as ship-deserters, settlers, traders, and ultimately -- perhaps inevitably -- the masters of California.

Roaring Camp Susan Lee Johnson,2000 Historical insight is the alchemy that transforms the familiar story of the Gold Rush into something sparkling and new. The world of the Gold Rush that comes down to us through fiction and film--of unshaven men named Stumpy and Kentuck raising hell and panning for gold--is one of half-truths. In this brilliant work of social history, Susan Johnson enters the well-worked diggings of Gold Rush history and strikes a rich lode. She finds a dynamic social world in which the conventions of identity--ethnic, national, and sexual--were reshaped in surprising ways. She gives us the all-male households of the diggings, the mines where the men worked, and the fandango houses where they played. With a keen eye for character and story, Johnson restores the particular social world that issued in the Gold Rush myths we still cherish.
