Chapters from My Autobiography Mark Twain,2009-12-01 Renowned American humorist Mark Twain turns his incisive wit loose on his own life story in this unique take on the nineteenth-century memoir. Originally composed in a format that studiously ignored the careful chronological structure that most autobiographies follow, these essays were first published in book form ten years after the author's death. Twain fans will love the author's account of his quintessentially American upbringing, wildly zig-zagging career path, and gradual transition into the writing life.

Earth Force Shemer Kuznits,2019-04-30 On the first day, a mist descended from the heavens blanketing Earth.On the second day, a cryptic message, 'Infusion commencing', appeared in the corner of everyone's eyes. On the third day, the sick were healed and the crippled walked again. On the fourth day, celebration and joy spread across the globe. And on the fifth day, the warping began...There was no warning. A mist descended from the sky, disabling all technology and causing a weird message to appear at the corner of everyone's eye. The situation grew even worse as animals and people started to warp, transforming into terrible monsters that prey on the livings. Within months, human civilization had crumbled. Unable to fight the seemingly-indestructible beasts, the survivors are reduced to cowering in reinforced shelters. Waiting for the end to come. Helpless. All seemed lost until a few brave souls discovered the secret of their new reality: the Tec and how to use it to level up. Together they represent humanity's last best hope for salvation. But they first must find the answers to the mystery of their new existence. Their journey will require them to quickly adapt to alien technology, operate strange spaceships, and even befriend an extra-terrestrial merchant with an Inferiority Complex.

My Man Jeeves Sir Pelham Grenville Wodehouse,2020-09-28 Jeeves—my man, you know—is really a most extraordinary chap. So capable. Honestly, I shouldn't know what to do without him. On broader lines he's like those chappies who sit peering sadly over the marble battlements at the Pennsylvania Station in the place marked Inquiries. You know the Johnnies I mean. You go up to them and say: When's the next train for Melonsquashville, Tennessee? and they reply, without stopping to think, Two-forty-three, track ten, change at San Francisco. And they're right every time. Well, Jeeves gives you just the same impression of omniscience. As an instance of what I mean, I remember meeting Monty Byng in Bond Street one morning, looking the last word in a grey check suit, and I felt I should never be happy till I had one like it. I dug the address of the tailors out of him, and had them working on the thing inside the hour. Jeeves, I said that evening. I'm getting a check suit like that one of Mr. Byng's. Injudicious, sir, he said firmly. It will not become you. What absolute rot! It's the soundest thing I've struck for years. Unsuitable for you, sir. Well, the long and the short of it was that the confounded thing came home, and I put it on, and when I caught sight of myself in the glass I nearly swooned. Jeeves was perfectly right. I looked a cross between a music-hall comedian and a cheap bookie. Yet Monty had looked fine in absolutely the same

stuff. These things are just Life's mysteries, and that's all there is to it. But it isn't only that Jeeves's judgment about clothes is infallible, though, of course, that's really the main thing. The man knows everything. There was the matter of that tip on the Lincolnshire. I forget now how I got it, but it had the aspect of being the real, red-hot tabasco. Jeeves, I said, for I'm fond of the man, and like to do him a good turn when I can, if you want to make a bit of money have something on Wonderchild for the 'Lincolnshire.'

Hitch-22 Christopher Hitchens, 2010-06-02 Over the course of his 60 years, Christopher Hitchens has been a citizen of both the United States and the United Kingdom. He has been both a socialist opposed to the war in Vietnam and a supporter of the U.S. war against Islamic extremism in Iraq. He has been both a foreign correspondent in some of the world's most dangerous places and a legendary bon vivant with an unquenchable thirst for alcohol and literature. He is a fervent atheist, raised as a Christian, by a mother whose Jewish heritage was not revealed to him until her suicide. In other words, Christopher Hitchens contains multitudes. He sees all sides of an argument. And he believes the personal is political. This is the story of his life, lived large.

Blood Crazy Simon Clark, 2014-10-28 It is a quiet, uneventful Saturday in Doncaster. Nick Aten, and his best friend Steve Price – troubled seventeen year olds – spend it as usual hanging around the sleepy town, eating fast food and planning their revenge on Tug Slatter, a local bully and their arch-enemy. But by Sunday, Tug Slatter becomes the last of their worries because somehow overnight civilization is in ruins. Adults have become murderously insane – literally. They're infected with an uncontrollable urge to kill the young. Including their own children. As Nick and Steve try to escape the deadly town covered with the mutilated bodies of kids, a group of blood-thirsty adults ambushes them. Just a day before they were caring parents and concerned teachers, today they are savages destroying the future generation. Will Nick and Steve manage to escape? Is their hope that outside the Doncaster borders the world is 'normal' just a childish dream? *Blood Crazy*, first published in 1995, is a gripping, apocalyptic horror from Simon Clark.

Waking Up Sam Harris, 2014-09-09 For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

How to Fail: Everything I've Ever Learned from Things Going Wrong Elizabeth Day,2020-07-17 Inspired by her hugely popular podcast, How To Fail is Elizabeth Day's brilliantly funny, painfully honest and insightful celebration of things going wrong. This is a book for anyone who has ever failed. Which means it's a book for everyone. If I have learned one thing from this shockingly beautiful venture called life, it is this: failure has taught me lessons I would never otherwise have understood. I have evolved more as a result of things going wrong than when everything seemed to be going right. Out of crisis has come clarity, and sometimes even catharsis. Part memoir, part manifesto, and including chapters on dating, work, sport, babies, families, anger and friendship, it is based on the simple premise that understanding why we fail ultimately makes us stronger. It's a book about learning from our mistakes and about not being afraid. Uplifting, inspiring and rich in stories from Elizabeth's own life, How to Fail reveals that failure is not what defines us; rather it is how we respond to it that shapes us as individuals. Because learning how to fail is actually learning how to succeed better. And everyone needs a bit of that.
