Jeanne Marie Laskas

Disney Ralph Breaks the Internet: Click Start-- Select-Your-Story Adventure (Graphic Novel) Disney, Joe Caramagna, Amy Mebberson, 2018 A graphic novel prequel, and bonus short sequel, to the feature film 'Wreck-It-Ralph 2: Ralph Breaks the Internet.'

Cookie Cutters & Sled Runners Natalie Rompella, 2017-11-21 Most kids would dread the start of middle school and the year-long Explorations project that comes with it, but Ana knows that her + her best friend Lily + their plan to write and sell their own cookbook is a recipe for success. Lily's not just the perfect partner in culinary crime—she's also the only person in the world who understands Ana's need to wash her hands five times before picking up a spatula, and would never make fun of her for it. But Ana and Lily's plan for edible entrepreneurship turns into one big baking disaster when they're assigned to different partners for their projects. As if it wasn't bad enough that Lily seems more excited to get to know her new partner than bummed about being separated, Lily and her new friend plan to use the cookbook idea for themselves—and they didn't even ask! Worse, Ana's partner is Dasher, the strange new girl from Alaska, and she wants to do their project on the weirdest thing imaginable: sled dog racing. Dasher's dogs are scary, slobbery, and decidedly not germ-free, but Ana thinks she's found a loophole when she agrees to bake pancakes for spectators while Dasher mashes in a local race. That is, until Dasher sprains her ankle and has to drop out of

the running. Can Ana learn to mush—and overcome her anxiety—in time to save her friendships, finish her project, and compete in the big race?

Adventure Guide to Switzerland Kimberley Rinker, 2003-10 Sightseeing, places to stay & eat, scenic drives, historic village tours, mountain expeditions.

Buffy to Batgirl Julie M. Still, Zara T. Wilkinson, 2019-09-06 Science fiction and fantasy are often thought of as stereotypically male genres, yet both have a long and celebrated history of female creators, characters, and fans. In particular, the science fiction and fantasy heroine is a recognized figure made popular in media such as *Alien*, *The Terminator*, and *Buffy, The Vampire Slayer*. Though imperfect, she is strong and definitely does not need to be saved by a man. This figure has had an undeniable influence on *The Hunger Games*, *Divergent*, *Star Wars: The Force Awakens*, and many other, more recent female-led book and movie franchises. Despite their popularity, these fictional women have received inconsistent scholarly interest. This collection of new essays is intended to help fill a gap in the serious discussion of women and gender in science fiction and fantasy. The contributors are scholars, teachers, practicing writers, and other professionals in fields related to the genre. Critically examining the depiction of women and gender in science fiction and fantasy on both page and screen, they focus on characters who are as varied as they are interesting, and who range from vampire slayers to time travelers, witches, and spacefarers.

The Fortune Cookie Chronicles Jennifer B. Lee, 2008-03-03 If you think McDonald's is the most ubiquitous restaurant experience in America, consider that there are more Chinese restaurants in America than McDonalds, Burger Kings, and Wendys combined. New York Times reporter and Chinese-American (or American-born Chinese). In her search, Jennifer B. Lee traces the history of Chinese-American experience through the lens of the food. In a compelling blend of sociology and history, Jenny Lee exposes the indentured servitude Chinese restaurants expect from illegal immigrant chefs, investigates the relationship between Jews and Chinese food, and weaves a personal narrative about her own relationship with Chinese food. *The Fortune Cookie Chronicles* speaks to the immigrant experience as a whole, and the way it has shaped our country.

Geneva, Lausanne, Fribourg & Western Switzerland Travel Adventures Kimberly Rinker, 2009-07-15 This is Switzerland's second largest city (behind Zurich), with 178,900 residents, and is heavily influenced by its French neighbors to the west and south. Here you'll find the quintessence or haute école of everything Switzerland stands for in the new century: beauty, wealth, education, international relations and culture, not to mention romantic scenery at its finest. One aspect of Geneva that is hard to miss is the Genevois' love of food. In fact, Geneva is home to more restaurants per capita (over 1,100 in total) than any other major city in the world - including Manhattan. A visitor will also note that the Genevois serve an

unusual preponderance of organ meat dishes, known as abats. Everything from blood pudding -boudin noir -to pickled pigs feet are popular and commonplace here. Geneva has over 30 museums and private galleries, all of which contain prestigious private and public displays of art work, historical documents and cultural highlights. Geneva offers a diverse variety of cultural and sporting events such as classical music concerts, open-air movies on the lakeshore, as well as various trade fairs. Annually Geneva is home to the Inventions and New Techniques Fair, a rousing Automobile Show, an International Book and Press Fair and the High Watchmaking Fair. This is based on our comprehensive Adventure Guide to Switzerland, which is close to 600 pages in the print version. Here, we focus on Geneva and the surrounding area in Switzerland's western portion. Among the many towns described are Lausanne, Montreux, Neufchatel, Fribourg and Gruyeres. Also included is a detailed introduction with full information about what you need to know when visiting Switzerland. Nestled in the heart of Europe, Switzerland is a feast for the eyes, with azure-blue lakes that shine brilliantly against the greenest slopes of the surrounding Alps. Its picturesque villages and chic towns are accessible via high-speed trains, which whisk travelers around at amazing speeds, though many opt to travel by longboat on some of the country's tranquil waterways. It is one of the world's most advanced industrialized nations, yet its towns and cities are incredibly clean. It also has the distinction of being one of the oldest democracies. Part-time Swiss resident Kimberly Rinker has lived

and worked here for years. She tells of little-known attractions as well as major tourist draws and everything in-between.

The Cookie Adventure Nathalee Goldring, Nathalee Smalling, 2010-03-01 These characters are new and fun. They give you a chance to enjoy the world as a rag doll.

Wally Amos Presents Chip and Cookie Peg Kehret, 1991 On their journey across the Brown Sugar Desert to get chocolate chips from Sultan Semi-Sweet, two cookie dolls teach those they meet about the magic of love.

To Obama Jeanne Marie Laskas, 2019-09-03 “An insightful study of a president who listened to even his harshest critics with grace and humility.”—The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY GLAMOUR Every evening for eight years, at his request, President Obama was given ten handpicked letters written by ordinary American citizens—the unfiltered voice of a nation—from his Office of Presidential Correspondence. He was the first president to interact daily with constituent mail and to archive it in its entirety. The letters affected not only the president and his policies but also the deeply committed people who were tasked with opening and reading the millions of pleas, rants, thank-yous, and apologies that landed in the White House mailroom. In *To Obama*, Jeanne Marie Laskas interviews President Obama, the letter writers themselves, and the White House staff who sifted through the powerful, moving, and incredibly intimate narrative of America during the Obama years: There is Kelli, who saw her grandfathers finally

marry—legally—after thirty-five years together; Bill, a lifelong Republican whose attitude toward immigration reform was transformed when he met a boy escaping MS-13 gang leaders in El Salvador; Heba, a Syrian refugee who wants to forget the day the tanks rolled into her village; Marjorie, who grappled with disturbing feelings of racial bias lurking within her during the George Zimmerman trial; and Vicki, whose family was torn apart by those who voted for Trump and those who did not. They wrote to Obama out of gratitude and desperation, in their darkest times of need, in search of connection. They wrote with anger, fear, and respect. And together, this chorus of voices achieves a kind of beautiful harmony. To Obama is an intimate look at one man's relationship to the American people, and at a time when empathy intersected with politics in the White House. Praise for To Obama "I cried several times."—Pete Souza "Beautifully researched and written . . . A moving and inevitably nostalgic or even elegiac read, redolent of the human grace and statesmanship of the Obama presidency."—The Guardian "These stories, when you read them all together, tell the American story. They're inspirational, they're frustrating, they're angry, they're grateful, they're resilient."—Valerie Jarrett

Everyday Adventures with Unruly Data Melanie Feinberg, 2022-10-11 Paired informal and scholarly essays show how everyday events reveal fundamental concepts of data, including its creation, aggregation, management, and use. Whether questioning numbers on a scale, laughing at a misspelling of one's

name, or finding ourselves confused in a foreign supermarket, we are engaging with data. The only way to handle data responsibly, says Melanie Feinberg in this incisive work, is to take into account its human character. Though the data she discusses may seem familiar, close scrutiny shows it to be ambiguous, complicated, and uncertain: unruly. Drawing on the tools of information science, she uses everyday events such as deciding between Blender A and Blender B on Amazon to demonstrate a practical, critical, and generative mode of thinking about data: its creation, management, aggregation, and use. Each chapter pairs a self-contained main essay (an adventure) with a scholarly companion essay (the reflection). The adventure begins with an anecdote—visiting the library, running out of butter, cooking rice on a different stove. Feinberg argues that to understand the power and pitfalls of data science, we must attend to the data itself, not merely the algorithms that manipulate it. As she reflects on the implications of commonplace events, Feinberg explicates fundamental concepts of data that reveal the many tiny design decisions—which may not even seem like design at all—that shape how data comes to be. Through the themes of serendipity, objectivity, equivalence, interoperability, taxonomy, labels, and locality, she illuminates the surprisingly pervasive role of data in our daily thoughts and lives.

Chip & Cookie Linda Michelle Baron, 2005-01-01 Aunt Della and the children of Raspberry Swirl are all set to bake cookies. But where are the chocolate

chips? Come along with Chip and Cookie on their magical adventure. Ride the Peppermint Stick Ferry across Vanilla Pond, travel through Buttercup Meadow and the Brown Sugar Desert, take off in a flying chocolate chariot, and help our delicious heroes find out who is hiding the chips ... and why.--Back cover.

Women In The Wind ~ Fearless Women of the 20th and 21st Centuries Jasmine Bluecreek Clark, 2006-05-15 Female Road Stories. Book about Fearless Women who ride or rode Motorcycles across continents and more. Empowering Women's Stories from 20th and 21st Centuries.

Great Vacations with Your Kids Dorothy Ann Jordon, Marjorie Adoff Cohen, 1990 Fully revised and expanded, this expert guide provides hundreds of terrific vacation ideas and covers it all--where to go and how to get there, what to bring and where to stay, how to visit museums and pick the best theme parks, and more.

More Story Stretchers Shirley C. Raines, Robert J. Canady, 1991 Includes 450 lesson plans for use with 90 titles.

Bump, Bike & Baby Moire O'Sullivan, 2018-03-15 'Hilarious' Outsider Magazine Longlisted for the William Hill Sports Book of the Year In *Bump, Bike & Baby*, Moire O'Sullivan charts her journey from happy, carefree mountain runner to reluctant, stay-at-home mother of two. With her sights set on winning Ireland's National Adventure Racing Series, she manages to maintain her post-natal sanity, and slowly learns to become a loving and occasionally functioning mum.

Educators' Guide to Free Health, Physical Education and Recreation Materials Foley A. Horkheimer, 1970

Flat Stanley and the Very Big Cookie Lori Haskins Houran, 2015 Flat Stanley loves to help Mr. Pete the Baker make his treats. When another baker begins taking away all his business, Mr. Pete comes up with an idea to save his bakery, but he needs help from Stanley -- Publisher.

Stale Cookies in the Dark Frankie James, 2008-11-25 Traveling north trying to go home, Bobby Lee Curtis, now forty-five, shares his story with fellow travelers on the Auto-Train. The sixth child of seven born into poor white trash, today he was ecstatic. The weekend was here at last, bringing with it the cool crispness of fall. Bobby Lee and his friends, a crew of six local boys, were off for an overnighiter into the Woodland Forest; destination the Old Mansion. Though most of their young lives had been spent exploring the forest, up to now they had failed to find and lay claim to the aged red brick relic. This trip was going to be different, Bobby felt it. Their leader Timmy was thirteen and canny beyond his years; he and his band were determined. So off they went, hiking a well used dusty trail, slipping into the woods and out onto the Gravel-Pit. It made for a perfect stepping off point to any adventure. Almost twelve hours later, finally they found it. Once a beautiful proud edifice it was now sad and abandoned, most of it burned down, its proud giant white columns reduced to mere rings lined up in front. As night fell and the fire was lit, their quiet was suddenly violated by the harsh clamor of several mini-bikes and the drunken shouts of teenage riders. The boys were under attack! Witnesses later that night to what they all would realize was a

terrible accident, Timmy commanded his guys to remain quiet and hidden among the trees. Much younger than the invaders, with only one gun and a cross-bow between them, they settled in, just out of fire-light range. It would be a long night. Comforted by the warm morning sun, the group makes a decision that will haunt them for years to come.
