**Be a Writing Machine** M.L. Ronn,2018-02-07 The no-nonsense, no BS guide to becoming a prolific author--available in ebook, paperback, and audiobook! Do you want to write a lot of novels, but can't improve your writing speed? Writing fast is the most important skill you can develop as a writer. While it seems hard to hit high word counts, the secrets are easier than you think. In this writer's guide, prolific author M.L. Ronn pulls back the curtain on the process that he uses to write 6-8 novels a year. He has kept this pace while juggling responsibilities as a husband, father, manager at a Fortune 100 company, and a law school student. The result is a catalogue of over 40 books and counting. Create a writing habit that suits your lifestyle Use writing apps on your phone to double your word count Learn strategies to beat writer's block forever Discover how to write smarter by using unorthodox strategies used by the masters This book is the only thing standing between you and your writing dreams. Write faster, write smarter, beat writer's block, and be the prolific author you've always wanted to be! V1.0

**The Last Lecture** Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

**Designing Your Life** Bill Burnett,Dave Evans,2016-09-20 #1 NEW YORK TIMES BEST SELLER • At last, a book that shows you how to build—design—a life you can thrive in, at any age or stage • “Life has questions. They have answers.” —The New York Times Designers create worlds and solve problems using design thinking. Look around your office or home—at the tablet or smartphone you may be holding or the chair you are sitting in. Everything in our lives was designed by someone. And every design starts with a problem that a designer or team of designers seeks to solve. In this book, Bill Burnett and Dave Evans show us how design thinking can help us create a life that is both meaningful and fulfilling, regardless of who or where we are, what we do or have done for a living, or how young or old we are. The same design thinking responsible for amazing technology, products, and spaces can be used to design and build your career and your life, a life of fulfillment and joy, constantly creative and productive, one that always holds the possibility of surprise.

**A Philosophy of Software Design** John Ousterhout,2018-04-10

This book is perfect for beginners, but also provides in depth knowledge that will be useful for intermediate camera users. Written specifically for the GoPro MAX camera.

**The Win Without Pitching Manifesto** Blair Enns,2018

**The Non-designer's Design Book** Robin Williams,2015 A lot has happened in the world of digital design since the first edition of this title was published, but one thing remains true: There is an ever-growing number of people attempting to design everything from newsletters to advertisements with no formal training. This book is the one place they can turn to find quick, non-intimidating, excellent design help from trusted design instructor Robin Williams. This revised and expanded classic includes a new chapter on designing with type, more quizzes and exercises, updated projects, and new visual and typographic examples that give the book a fresh, modern look. In The Non-Designer's Design Book, 4th Edition, Robin turns her attention to the basic principles that govern good design. Perfect for beginners, Robin boils great design into four easy-to-master principles: contrast, repetition, alignment, and proximity (C.R.A.P.!). Readers who follow her clearly explained concepts will produce more sophisticated and professional work immediately. Humor-infused, jargon-free prose interspersed with design exercises, quizzes, and illustrations make learning a snap—which is just what audiences have come to expect from this bestselling author.

**The Best 100 Free Apps for Libraries** Jim Hahn,2013-05-13 Librarian Jim Hahn has carefully culled the over 500,000 available apps down to the 100 that are the absolute best for day-in, day-out library services. The guide covers apps from both Apple and Android devices, including tablets. This guide is intended as an introduction for those with little or no app experience and for those wanting to know more about app uses for information access.

**The Ideal Team Player** Patrick M. Lencioni,2016-04-25 In his classic book, The Five Dysfunctions of a Team, Patrick Lencioni laid out a groundbreaking approach for tackling the perilous group behaviors that destroy teamwork. Here he turns his focus to the individual, revealing the three indispensable virtues of an ideal team player. In The Ideal Team Player, Lencioni tells the story of Jeff Shanley, a leader desperate to save his uncle's company by restoring its cultural commitment to teamwork. Jeff must crack the code on the virtues that real team players possess, and then build a culture of hiring and development around those virtues. Beyond the fable, Lencioni presents a practical framework and actionable tools for identifying, hiring, and developing ideal team players. Whether you're a leader trying to create a culture around teamwork, a staffing professional looking to hire real team players, or a team player wanting to improve yourself, this book will prove to be as useful as it is compelling.

**How to Build a Billion Dollar App** George Berkowski,2014-09-04 An accessible, step-by-step guide to building an app-based business—essential reading for anyone who has an idea for an app, but is unsure of where to start Apps have changed the way we communicate, shop, play, interact, and travel, and their phenomenal popularity has presented possibly the biggest business opportunity in history. InHow to Build a Billion Dollar App, serial tech entrepreneur George Berkowski—one of the minds behind the internationally successful taxi hailing app Hailo—gives you exclusive access to the secrets behind the success of the select group of apps that have achieved billion-dollar success. Berkowski draws exclusively on the inside stories of the billion-dollar app club members, including Instagram, Whatsapp, Snapchat, Candy Crush, Square, Viber, Clash of Clans, Angry Birds, Uber, and Flipboard to provide all the information you need to create your own spectacularly successful mobile business. He guides you through each step, from an idea scribbled on the back of an envelope, through to finding a cofounder, building a team, attracting (and keeping) millions of users, all the way through to juggling the pressures of being CEO of a billion-dollar company (and still staying ahead of the competition). If you've ever dreamed of quitting your nine to five job to launch your own company or you're a gifted developer, seasoned entrepreneur, or just intrigued by mobile technology, How to Build a Billion Dollar App will show you what itreally takes to create your own billion-dollar, mobile business.

**Drive** Daniel H. Pink,2011-04-05 The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of When: The Scientific Secrets of Perfect Timing Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of To Sell Is Human: The Surprising Truth About Motivating Others). In this provocative

and persuasive new book, he asserts that the secret to high performance and satisfaction—at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

**Leaders Eat Last** Simon Sinek, 2017-05-23 Finally in paperback: the New York Times bestseller by the acclaimed, bestselling author of *Start With Why* and *Together is Better*. Now with an expanded chapter and appendix on leading millennials, based on Simon Sinek's viral video *Millennials in the workplace* (150+ million views). Imagine a world where almost everyone wakes up inspired to go to work, feels trusted and valued during the day, then returns home feeling fulfilled. This is not a crazy, idealized notion. Today, in many successful organizations, great leaders create environments in which people naturally work together to do remarkable things. In his work with organizations around the world, Simon Sinek noticed that some teams trust each other so deeply that they would literally put their lives on the line for each other. Other teams, no matter what incentives are offered, are doomed to infighting, fragmentation and failure. Why? The answer became clear during a conversation with a Marine Corps general. Officers eat last, he said. Sinek watched as the most junior Marines ate first while the most senior Marines took their place at the back of the line. What's symbolic in the chow hall is deadly serious on the battlefield: Great leaders sacrifice their own comfort—even their own survival—for the good of those in their care. Too many workplaces are driven by cynicism, paranoia, and self-interest. But the best ones foster trust and cooperation because their leaders build what Sinek calls a Circle of Safety that separates the security inside the team from the challenges outside. Sinek illustrates his ideas with fascinating true stories that range from the military to big business, from government to investment banking.

**Sell Like Crazy** Sabri Suby, 2019-01-30 In this groundbreaking book, Sabri Suby, the founder of Australia's #1 fastest growing digital marketing agency, reveals his exclusive step-by-step formula for growing the sales of any business, in any market or niche! The 8 phase 'secret selling system' detailed in this book has been deployed in over 167 industries and is responsible for generating over \$400 million dollars in sales. This isn't like any business or marketing book you've ever read. There's no fluff or filler - just battle-hardened tactics that are working right now to rapidly grow sales. Use these timeless principles to rapidly and dramatically grow the sales for your business and crush your competition into a fine powder.

**The Simple Path to Wealth** JL Collins, 2021-08-16 In the dark, bewildering, trap-infested jungle of misinformation and opaque riddles that is the world of investment, JL Collins is the fatherly wizard on the side of the path, offering a simple map, warm words of encouragement and the tools to forge your way through with confidence. You'll never find a wiser advisor with a bigger heart. -- Malachi Rempen: Filmmaker, cartoonist, author and self-described ruffian This book grew out of a series of letters to my daughter concerning various things—mostly about money and investing—she was not yet quite ready to hear. Since money is the single most powerful tool we have for navigating this complex world we've created, understanding it is critical. But Dad, she once said, I know money is important. I just don't want to spend my life thinking about it. This was eye-opening. I love this stuff. But most people have better things to do with their precious time. Bridges to build, diseases to cure, treaties to negotiate, mountains to climb, technologies to create, children to teach, businesses to run. Unfortunately, benign neglect of things financial leaves you open to the charlatans of the financial world. The people who make investing endlessly complex, because if it can be made complex it becomes more profitable for them, more expensive for us, and we are forced into their waiting arms. Here's an important truth: Complex investments exist only to profit those who create and sell them. Not only are they more costly to the investor, they are less effective. The simple approach I created for her and present now to you, is not only easy to understand and implement, it is more powerful than any other. Together we'll explore: Debt: Why you must avoid it and what to do if you have it. The importance of having F-you Money. How to think about money, and the unique way understanding this is key to building your wealth. Where traditional investing advice goes wrong and what actually works. What the stock market really is and how it really works. Why the stock market always goes up and why most people still lose money investing in it. How to invest in a raging bull, or bear, market. Specific investments to implement these strategies. The Wealth Building and Wealth Preservation phases of your investing life and why they are not always tied to your age. How your asset allocation is tied to those phases and how to choose it. How to simplify the sometimes confusing world of 401(k), 403(b), TSP, IRA and Roth accounts. TRFs (Target Retirement Funds), HSAs (Health Savings Accounts) and RMDs (Required Minimum Distributions). What investment firm to use and why the one I recommend is so far superior to the competition. Why you should be very cautious when engaging an investment advisor and whether you need to at all. Why and how you can be conned, and how to avoid becoming prey. Why I don't recommend dollar cost averaging. What financial independence looks like and how to have your money support you. What the 4% rule is and how to use it to safely spend your wealth. The truth behind Social Security. A Case Study on how this all can be implemented in real life. Enjoy the read, and the journey!

**Grit** Angela Duckworth, 2016-05-03 In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls “grit.” “Inspiration for non-geniuses everywhere” (People). The daughter of a scientist who frequently noted her lack of “genius,” Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In *Grit*, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. “Duckworth's ideas about the cultivation of tenacity have clearly changed some lives for the better” (The New York Times Book Review). Among *Grit's* most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, *Grit* is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is “a fascinating tour of the psychological research on success” (The Wall Street Journal).

**White Fragility** Dr. Robin DiAngelo, 2018-06-26 The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’” (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

**You Tube Ace** McCloud, 2016-08-20 Are you tired of being a YouTube amateur? Do you wish you could make some real money with YouTube like everyone else is? Whether you want to (1) know how to use YouTube like a pro, (2) attract more fans and customers, or (3) market effectively and make money, then this is the book for you! Are your sales slumping? Is your customer base too small? Discover some of the world's best YouTube marketing techniques along with strategies for building lasting relationships with your customer base. Whether you're an employee, a business owner, or a freelancer, this book offers you proven techniques that will help you create better videos, market them effectively and get more satisfied customers! Exponentially explode your impact. Let's face it. People love watching videos. This can be seen by the incredible growth of YouTube over the years! The great thing about YouTube is that it is easy to use and very popular. A good video can get shared with great speed and astounding results. In this book I will uncover the secrets to making quality videos that have the chance to go viral. Win loyal customers with easily produced professional-quality videos. Customers approach online offers with a huge dose of skepticism. Without a face-to-face meeting, how are they to know they can trust you? How can they see the quality of your product? YouTube videos are the answer. When you provide a brief trailer describing who you

are and what you stand for, it builds credibility and can lay the foundation for an ongoing relationship with an individual that can be very profitable for the both of you. A YouTube video that describes your product or service in detail is the next best thing to letting customers actually get their hands on it! There's no cost to the exchange and no risk to either of you. It's a win-win solution for everybody. By offering the consumer comfort and power through YouTube videos, you can inspire deeper trust and build a very happy customer base. In the following pages are clear, detailed instructions for how to best create your own winning videos that draw in loyal customers Use YouTube to establish your authority across all your other social media outlets. You know your stuff. You know it well. But the people out there don't know you or your product or idea. Short, informative videos are the best way to let them know. As they look you in the eye, they will see the genuineness of your character. As they watch you smoothly, calmly and confidently handle the subject of your expertise, they will be won over, convinced to trust your message. This is the true power of YouTube and I will show you how to do this consistently and effectively. What will you learn about YouTube? How to create a YouTube channel the right way. How to optimize your YouTube channel for great results. How to integrate YouTube into your social media marketing to increase your sales. How to use editing and other popular YouTube features. How to easily make professional-looking videos. You Will Also Discover: How to market your YouTube videos for maximum effectiveness. The best ways to interact with your fan base. How to make engaging and likable YouTube videos. How to maximize your impact on YouTube and make more money. Bring your product, business, and ideas to the world! Attract your fan base: Buy It Now!
