*French Short Stories For Beginners* Learning French Academy,2020-12-18

*French For Beginners* Fabien Arnaud , Ready To Learn The French Language quickly and in a practical way? There's just something about French that is just utterly sexy. Even if you are just discussing how bad the weather is or just describing the peculiarities of a wooden spoon, saying it in French

somehow transforms the mundane into the ethereal. Maybe it's the passage of air through the nose when pronouncing "Champs Elysées" or the sophisticated accent when ordering "un croissant, s'il vous plaît", but saying things in French can be a rather magical experience. Why learn French? You may have your own personal reasons for learning this lovely but also complicated language, maybe you're going for an exchange student program, for a trip to Paris, or to be able to understand a French movie. There will be a lot of other reasons for you to learn French. This book will help you to your journey in French. Don't rush through the book. You can start with a lesson a day and then use and practice what you learned immediately. Don't wait until you get to France to actually start speaking French. Once you get through each lesson, get a friend or just about anybody you can practice French with and start gabbing away. The point of language is that it should be used, not just learned. Here's some topics covered in this book: ■ French pronunciation ■ Verbs ■ Useful Everyday expressions ■ Conversations ■ And much more Get your copy now Read less

**Learn French with Anaïs, As If You Were Having Private Lessons** Anaïs Vella,2017-10-11 The purpose of this book is to offer a different way to

learn French which looks more like having private French lessons but in a book format. Its goal is to facilitate self teaching without excluding the possibility to use private tutoring alongside. Each lesson in this book focuses on one subject only and doesn't treat additional notions related to the subject. The reason being to avoid losing the learner with a flow of informations not necessarily needed at that time but also to keep the motivation at a high level in order to insure an effective and progressive learning of the French language. It is with this goal in mind that each lesson has been put in a specific order allowing the links between each lesson to naturally occur. The subjects treated in the book are linked together with the help of short notes. The notes help link the subject treated with the previous lessons (to refresh the important grammar rules linked to it) or with the coming lessons (to help understand the new or coming notions). This second publication is for beginners who have learnt the basics or finished the Beginners volume 1. It will help the learners to consolidate and to further their existing knowledge of the language. At the end of this book the learners should have learnt everything they need to communicate in simple and routine tasks. The subjects in the book are treated in an easy to understand way and the explanations are clear and short, so they adapt to beginners. You will find in the book the lessons as I would do them with my own students and it is in this way that you are going to learn French as if you were having private French lessons.
