Manual of Catalan Linguistics Joan A. Argenter, Jens Lüdtke, 2020-04-06 This manual is intended to fill a gap in the area of Romance studies. There is no introduction available so far that broadly covers the field of Catalan linguistics, neither in Catalan nor in any other language. The work deals with the language spoken in Catalonia and Andorra, the Balearic Islands, the region of Valencia, Northern Catalonia and the town of l'Alguer in Sardinia. Besides introducing the ideologies of language and nation and the history of Catalan linguistics, the manual is divided into separate parts embracing the description – grammar, lexicon, variation and varieties – and the history of the language since the early medieval period to the present day. It also covers its current social and political situation in the new local and global contexts. The main emphasis is placed on modern Catalan. The manual is designed as a companion for students of Catalan, while also introducing specialists of other languages into this field, in particular scholars of Romance languages.

Sociologies of Poetry Translation Jacob Blakesley, 2018-11-29 While the sociology of literary translation is well-established, and even flourishing, the same cannot be said for the sociology of poetry translation. *Sociologies of Poetry Translation* features scholars who address poetry translation from sociological perspectives in order to catalyze new methods of investigating poetry translation. This book makes the case for a move from the singular 'sociology of poetry translation' to the pluralist 'sociologies', in order to account for the rich variety of approaches that are currently emerging to deal with poetry translation. It also aims to bridge the gap between the 'cultural turn' and the 'sociological turn' in Translation Studies, with the range of contributions showcasing the rich diversity of approaches to analysing poetry translation from socio-cultural, socio-historical, socio-political and micro-social perspectives. Contributors draw on theorists including Pierre Bourdieu and Niklas Luhmann and assess poetry translation from and/or into Catalan, Czech, English, French, German, Italian, Russian, Slovakian, Spanish, Swahili and Swedish. A wide range of topics are featured in the book including: trends in poetry translation in the modern global book market; the commissioning and publishing of poetry translations in the United States of America; modern English-language translations of Dante; women poet-translators in mid-19th century Ireland; translations of Russian poetry anthologies into modern English; the translation of Shakespeare's plays and sonnets in post-colonial Tanzania and socialist Czechoslovakia; translations and translators of Italian poetry into 20th and 21st century Sweden; modern European poet-translators; and collaborative writing between prominent English and Spanish poet-translators.

Catalan-English/English-Catalan Dictionary M. S. Sabater, 1993 Take this handy pocket-sized dictionary to the classroom or on your travels through southeastern Spain, the Balearic Islands, France and Andorra.

The Biblical Book of Daniel Joan Ferrer Costa, Francesc Feliu, Olga Fullana, 2018-11-15 Delcor (1919-1992) is responsible for a translation of the Book of Daniel, which is the only Catalan version of a book of the Bible produced by a North Catalan author to be included in Fundació Bíblica Catalana's 1968 Bible. This unique circumstance was the inspiration to recover this translation and publish it in a scientific edition collated with the original texts from which Delcor worked. The introduction situates this singular work in the context of the long history of biblical translations in Catalan and offers an exegetical approach to this work that tradition has transmitted in three languages of the ancient world: Hebrew, Aramaic and Greek. English equivalents of all of the texts have been added as a further point of comparison.

The Catalan Rule of the Templars Archivo de la Corona de Aragón, Judith Mary Upton-Ward, 2003 There is also a brief description of the provincial organisation of the Order, with particular reference to the houses in Aragon, where it is most likely that the manuscript was used; a summary of clauses; and a concordance with both de Curzon's 1886 edition of the French Rule and Delaville Le Roulx's partial transcription of the Catalan Rule. Footnotes to the English translation elucidate the text; give biographical information on the named officers of the Order where possible; and indicate significant differences from the French Rule.--BOOK JACKET.
