Languages in Contact Uriel Weinreich, 2011-11-23 The appearance of Uriel Weinreich's *Languages in Contact: Findings and Problems* (1953) marked a milestone in the study of multilingualism and language contact. Yet until now, few linguists have been aware that its main themes were first laid out in Weinreich's Columbia University doctoral dissertation of 1951, *Research Problems in Bilingualism with Special Reference to Switzerland*. Based on the author's fieldwork, it contains a detailed report on language contact in Switzerland in the first half of the 20th century, especially along the French-German linguistic border and between German and Romansh in the canton of Grisons (Graubünden). The present edition reproduces Weinreich's original text in full, with only minor alterations and corrections, as well as the author's fieldwork photographs and many of his hand-drawn diagrams. A new foreword reviews Weinreich's life and legacy, as well as developments in contact linguistics and the Swiss linguistic situation over the past 60 years. With selected comments on noteworthy points and references to more recent literature, this volume will be of interest not only to those working on the languages of Switzerland, or specialists in language contact, but all scholars today whose work builds on the broad and lasting foundations laid over half a century ago by Uriel Weinreich.

The French Language and British Literature, 1756-1830 Marcus Tomalin, 2016-03-31 From the 1750s to the 1830s, numerous British intellectuals, novelists, essayists, poets, playwrights, translators, educationalists, politicians, businessmen, travel writers, and philosophers brooded about the merits and demerits of the French language. The decades under consideration encompass a particularly tumultuous period in Anglo-French relations that witnessed the Seven Years' War (1756-1763), the American War of Independence (1775-1783), the Revolutionary and Napoleonic Wars (1792-1802 and 1803-1815, respectively), the Bourbon Restoration (1814-1830), and the July Revolution (1830) - not to mention the gradual expansion of the British Empire, and the complex cultural shifts that led from Neoclassicism to Romanticism. In this book, Marcus Tomalin reassesses the ways in which writers such as Tobias Smollett, Maria Edgeworth, William Wordsworth, John Keats, William Cobbett, and William Hazlitt acquired and deployed French. This intricate topic is examined from a range of critical perspectives, which draw upon recent research into European Romanticism, linguistic historiography, comparative literature, social and cultural history, education theory, and translation studies. This interdisciplinary approach helps to illuminate the deep ambivalences that characterised British appraisals of the French language in the literature of the Romantic period.

So when I grew up I have started to learn at home English and French. The Hebrew and Arabic was spoken in street. Today I can understand and speak English, French, German, Hebrew and Arabic. I have spent time in England, France, Austria and the USA. The languages help me to communicate. Travel and commerce. I believe anyone can do it. My name is Maurice (Moshe) Levy. I grow up in Israel.
