*Conversational Languages Quick and Easy - Boxset #1-4* Yatir

Nitzany, 2019-03-28 Have you always wanted to learn how to speak French, Italian, Spanish, or Portuguese but simply didn't have the time? Well if so, then, look no further. You can hold in your hands one of the most advanced and revolutionary method that was ever designed for quickly becoming conversational in a language. In creating this time-saving program, master linguist Yatir Nitzany spent years examining the twenty-seven most common languages in the world and distilling from them the three hundred and fifty words that are most likely to be used in real conversations. These three hundred and fifty words were chosen in such a way that they were structurally interrelated and, when combined, form sentences. Through various other discoveries about how real conversations work—discoveries that are detailed further in this book—Nitzany created the necessary tools for linking these words together in a specific way so that you may become rapidly and almost effortlessly conversant—now. If your desire is to learn complicated grammatical rules or to speak the language perfectly proper and precise, this book is not for you. However, if you need to actually hold a conversation while on a trip to Europe or Latin America, to impress that certain someone, or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This method is designed for fluency in a foreign language, while communicating in the present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. More formalized training in grammar rules, etc., can come later. This is one of the several, in a series of instructional language guides, the Nitzany Method's revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible. No more depending on volumes of books of fundamental, beginner, intermediate, and advanced levels, all with hundreds of pages in order to learn a language. With *Conversational Languages Quick and Easy: Boxset 1-4*, is all you need. Learn French, Italian, Spanish, and Portuguese today, not tomorrow, and get started now!

Selves in Two Languages Michèle Koven, 2007-09-07 Bilinguals often report that they feel like a different person in their two languages. In the words of one bilingual in Koven's book, "When I speak Portuguese, automatically, I'm in a different world...it's a different color." Although testimonials like this abound in everyday conversation among bilinguals, there has been scant systematic investigation of this intriguing phenomenon. Focusing on French-Portuguese bilinguals, the adult children of Portuguese migrants in France, this book provides an empirically grounded, theoretical account of how the same speakers enact, experience, and are perceived by others to have different identities in their two languages. This book explores bilinguals' experiences and expressions of identity in multicultural, multilingual contexts. It is distinctive in its integration of multiple levels of analysis to address the relationships between language and identity. Koven links

detailed attention to discourse form, to participants' multiple interpretations how such forms become signs of identity, and to the broader macrosociolinguistic contexts that structure participants' access to those signs. The study of how bilinguals perform and experience different identities in their two languages sheds light on the more general role of linguistic and cultural forms in local experiences and expressions of identity.
