Pocket Frog ,1995 A frog explains why frogs are useful and fun.

The Frog in My Pocket John Lang Sluder III,2016-07-25 The book is about a little girl looking for a new friend. She goes to a pond and finds a frog. She takes the frog home to Mom, who freaks out, thinking it is a toad, and she has the girl return the toad to the pond. After the girl returns the toad, it surprises her.

Bug Belly Paul Morton,2021-07 Age Range 5+ The froglets are having a sleepover and wishing on shooting stars with their favourite uncle. Splish dreams of an exciting adventure, Splash wishes she wasn't afraid of water, and Splodge wants to FLY! If only Bug Belly's hungry tum hadn't gone URGLE-GURGLE GLUMP! he wouldn't have missed Magpie swooping down on unsuspecting little Splodge . . . Now, Bug Belly and the froglets must cross Whispering Woods on a dangerous rescue mission. Will his cool gadgets be enough to fly safely up to rescue Splodge from Magpie's nest, or will Bug Belly's penchant for yummy snacks lead him straight into the hungry jaws of Sneaky Snake? Luckily, nobody in Top Pond has more ingenious plans up than this Top Frog . . .

The Frog Scientist Pamela S. Turner,2009 Tyrone Hayes works to discover the effects pesticides have on frogs and, in turn, us.

Frogs Sally Murphy,2008 An illustrated collection of froggy facts which includes all aspects of a frog's life from habitat to anatomy and the threats the frog species faces. Also includes how to tell a frog from a toad.

The Ferocious Frog Family John R. Mcgrane,2022-10-06 The life of little frog Tad Ferocious is one of adventure and excitement! It all starts when the crickets show up and eat too much. They also make too much noise, according to Tads pa. The frogs and the crickets must come to an agreement, and they do, just in time for Tads legs to grow in. He better be careful, though; the local farm boy loves eating frog legs! Tads best friend is Susie, and he likes to pick on her a lot. Together, they eat Fly Pie and drink spider juice. They play with other frogs along the shore of the pond, exploring dead logs and climbing new trees. They even make frog angels in the slimy mud. One day, though, Tad notices something different. The air seems a bit chillier than usual. His pa takes him into the forest and explains that frogs hide in the woods when the weather gets cold. Together, Tad, his family, and his friends prepare their hidden nests and build up cozy places to stay. Susie is always close by, and as winter descends, it's exciting to think that one day, Tad won't share his den with Ma and Pa but, instead, alone with his best pal Susie.

Days with Frog and Toad Arnold Lobel,1984

Froggy Family's First Frolic Margot Fass,2013-09-01 Frogs are adorable creatures that are very much like us (they have almost as many bones, and eat, sleep, reproduce and play) and deserve, like every living being, compassionate care and respect. This children's picture book has 18 color reproductions of original oil paintings. The 18 other pages tell the semi-fictional but plausible story having to do with an idea by Martin Fass and written and illustrated by Margot Fass. Froggy Family's First Frolic (see facebook.com/frogbooks/) describes a night in the life of a Red Eyed Tree Frog (*Agalychnis Callidryas*) family. The new parents Fern and Reid take their offspring on their first outing, and the biggest adventure that follows involves Paddy. Paddy will be the hero of our next book, Froggy's Dream. An epilogue contains a page of text regarding the habits of the Red Eyed Tree Frog.

Froggy Bob Brazil,2013-02-18 My name is Bob Brazil. I was born in New Orleans, La., on May 18, 1948. I grew up in the nearby town of Hammond, a small town about 60 miles NE. My favorite pastime were baseball, music, fishing, drawing, and animals. At one

time I had at least 6 snapping turtles in a small pond I made in my front yard. Once I had kept, for only a brief time, a small water moccasin in a jar inside the house! I used to go in our backyard to a small creek to catch turtles. People who became familiar with me and my turtle-fishing called the place Kooterville, though in my book I selected the imaginary location in a swamp area in Manchac, a small town near Lake Maurepas. Every chance I got, I could be found at that ditch catching “kooters,” another name for turtles. On occasion a bullfrog might appear and, at night, they make their presence known with their loud croaking. At the age of 19, I left Hammond and moved to Northern California, though I never forgot about my heritage. My imagination helped me to re-create some events of my past, and my art training helped me to put it on paper. After dropping out of painting some years ago, I decided to take it up again. I created many scenic paintings and, one day, I decided to create a cartoon character of a frog imitating a human. I named it “Froggy.” Soon I began to create other paintings of Froggy, each one in a different human setting: driving a car, dancing, fishing, sports, mingling with humans, etc. I soon came up with an idea of creating her as an infant growing up in a swamp and being surrounded with other native creatures, all working together and enjoying the simple pleasures of life without the modern conveniences present in human society. Further encouragement from family and friends inspired me to write this book. It is my wish that Froggy provides wholesome enjoyment for the young readers and the whole family. It is filled with many great object lessons as well as good humor. Though it is primarily written as a children’s book, many, I hope, will enjoy it and take something away from it.
