Slot Machine Answer Book John Grochowski,2005 This new edition has the answers to every slot enthusiast's burning questions: What machines are likely to pay off? Does it make a difference if the game is on video instead of having physical reels? Is a machine ever due to hit? Can the casino decide who wins? Can you gain an advantage over the slots? About The Author: John Grochowski is a best-selling gambling author who resides in Chicago.

Gaming in Online Casinos Nicolae Sfetcu,2014-05-10 Internet casino guide - best gambling on net and casino bonus. Online casinos, also known as virtual casinos, are the online version of land-based (brick and mortar) casinos. They allow you to play casino games through the Internet. Some online casinos provide various games, while others only provide only one type of game. Online poker is also very popular and there are many dedicated companies that provide this activity.

A Gambling Guide Nicolae Sfetcu,2014-05-03 Gambling as a betting action – wagering money or something of material value on an event with an uncertain outcome with the primary intent of winning additional money or material goods. A guide about what is gambling (with a special section for online gambling), casino games with both beatable casino games (poker , blackjack, video poker with progressive jackpot, pai gow poker, sports betting, horse racing – parimutuel, slot machines and other gambling machines) and unbeatable casino games (baccarat, craps, roulette, keno, casino war, faro, pachinko, sic bo, let it ride, 3-card poker, 4-card poker, red dog, Caribbean stud poker, etc.), and non-casino gambling games (bingo, lottery, mahjong, backgammon, bridge, etc.). Fixed-odds gambling in sports is also present in this book with horse racing, greyhound racing, football (particularly association football, American football and rugby), golf, tennis, cricket, baseball, basketball, ice hockey, snooker, motor sports, boxing, darts, cross-country skiing and biathlon. Please, don't forget to take a look to the legality of the gambling and online gambling, as well as to the articles, warnings and links dedicated to the gambling addiction. Extreme cases of problem gambling may cross over into the realm of mental disorders.

OCR Psychology Philip Banyard,Cara Flanagan,2013-09-05 OCR Psychology, Third Edition, is endorsed by OCR for use with the OCR AS Psychology specification. This book prepares students for all elements of the OCR Psychology AS exam. It covers both research methods and core studies, giving the who, what, where, and even the why of each study. It also looks at some of the work that followed the studies. Key features of the book include: 'Psychological Investigations': the first chapter of the book helps students to understand research methods in psychology – useful support for the Psychological Investigations exam and for understanding the core studies themselves. Core Studies: each study is described first 'In a Nutshell', followed by a detailed account of the aims, method, results and conclusions. Guidance is given on how each study can be evaluated and a wealth of extra materials is provided for each study – questions to assess understanding, practical activities, multiple choice and exam-style questions, further reading and video links. Background to each core study is included in the 'Starters' and 'Afters' features: information about related research before and after the study; and biographical details of the researcher(s). Approaches, perspectives, issues and methods are considered in a brand-new chapter to cover the themes of the course and prepare students for the long-answer questions on the Core Studies exam. Exam guidance: each chapter ends with short- and long-answer exam-style questions answered by students with teacher feedback. The book is presented in colourful and well-structured magazine-style spreads to aid the learning process. This 3rd edition has been completely revised, and is now accompanied by a companion website featuring an extensive range of online resources for both teachers and students, including answers to the questions posed in the book, glossary flash-cards, and multiple-choice test banks.

Cross-border Online Gambling Law and Policy Julia Hörnle,Brigitte Zammit,2010-01-01 This engaging book, written in an accessible and concise manner, methodically unravels the complexities of regulating cross-border online gambling. The focus of the wellresearched materials highlights the tensions which arise between the execution of national policies and the international ubiquity of internet-based trade. With well thought out examples the narrative illustrates how national policy choices clash with one another, not only via attempts to liberalize markets but also through the application of rules of private international law.
