**Fun Learning Activities for Modern Foreign Languages** Jake Hunton, 2014-03-26 Students learning modern foreign languages often comment that it is just too hard to learn, and remember, all of vocabulary presented to them. Yes, there is a lot of content that needs to be covered, and a lot of vocabulary that needs to be learned. But there is a way of making this process engaging and motivating. Language lessons needn't be full of grammar worksheets, endless drilling and rote learning lists of vocabulary. Learning languages isn't always fun and games. But these aren't games; they are fun learning activities. And they can help revolutionise language teaching; enabling teachers to authoritatively impart knowledge while fostering a thirst for knowledge and love of learning in their students. First, the Vocab Fun Learning Activities (VFLAs) learn the vocabulary in ways which will improve recognition and recall. Then, the Fun Learning Activities use this vocabulary knowledge to build sentences and paragraphs; explore and use this language while keeping the whole class engaged and actively learning. The activities are designed to encourage all students to participate and learn more through enjoyment. Based on the author's extensive classroom experience, and underpinned by research into how students learn best, each activity comes complete with a detailed explanation and plenty of ideas for variations, differentiations and extensions. The activities come with example vocabulary lists in French, German and Spanish as a starting point, which are all available for download via a link provided in the book. However, the activities will work effectively in any language and with any vocabulary list of the teacher's choosing, and can be adapted to suit every topic, learning objective and age range. Discover ready to use activities which will make for outstanding lessons in every class and ensure engagement, motivation, rapport, progress and

attainment over time.

Boubou, Memories of Youth Jacques Lussan,Justine Pea,2012-12-19 Jacques Lussan was born in 1943 in Paris during World War II. The nickname of Boubou was given to him very early on by his mother. Boubou was raised in Paris where he completed high school. His college education took place in Switzerland where he received his Diploma of Engineering at the Polytechnic School of Zurich. Boubou's studies were followed by his military service in Yugoslavia, his wedding, and a professional life of twelve years in a multinational company, beginning in Switzerland. This company sent him for a one-year job rotation in the US that lasted four years. Then he decided to stay in New Jersey and he became US citizen. Jacques Lussan built his own company together with his wife in 1985. Jacques is happily married to Michele, whom he met in Switzerland. They have two charming girls and two adorable grandchildren. They all have been living in the United States since 1980. This book is an autobiography of Boubou's youth in Europe, from 1947 until the time he meets his future wife in 1969.
