**10 Fundraising Ideas and Strategies** Alex Genadinik,2014-08 This is a relatively short, but very powerful book full of fundraising ideas and insights on how to raise money. Most entrepreneurs struggle when it comes to raising money. Over time I have accumulated different practical strategies for how to raise money for a business, and I explain all of them in this book. This book evolved out of my business coaching practice and my Problemio.com business apps I created. The apps have over 1,000,000 downloads across iOS and Android by entrepreneurs just like you. As entrepreneurs kept asking how to raise money for their business, I kept researching new ways to raise money. In this book, I compiled 10 great ways to raise money for almost any business or nonprofit organization. Not all the fundraising strategies outlined in this book will work for everyone. But many of the strategies should be very possible for most businesses. Additionally, this book goes beyond fundraising strategies. It also covers fundamentals of how much money you need to raise, and helps you understand the fundraising ecosystem, and what various strategies can mean for your business. **HOW MUCH MONEY YOU NEED TO RAISE** Before the book starts suggesting specific strategies, you must first understand how much money you need to raise for your business. The book explains how to calculate how much money you will need to raise so that you can structure your fundraising plans to reach your goals. **STANDARD FUNDRAISING IDEAS** First, I cover some common fundraising strategies like how to raise money by getting loans, grants, investments and donations. These four broad strategies are common, but most entrepreneurs don't know enough about how to get the most out of these strategies. Additionally, while people have been raising money by getting donations for a long time, there is a relatively new way to raise donations, and that is a method called crowdfunding. I explain crowdfunding strategies in the book, and give a number of tips for how to get the most out of it for your business, and what you can realistically expect. **CREATIVE FUNDRAISING IDEAS** Once you explore the standard ways to raise money, the book presents you with a number of creative fundraising strategies where you should use your creativity and resourcefulness to get the funds you need. I sincerely hope this collection of fundraising strategies helps you and I wish you the best of luck with your business. In addition to that, since it is difficult to raise money, the book also covers how to start your business cheaply so that you don't actually need to have as much cash to start your business as you think. For what kind of businesses can you raise money using the strategies in this fundraising book? With the fundraising strategies in this book, you can raise money for a restaurant or diner, coffee shop, barbershop, nightclub, local event, business selling t-shirts, most kinds of stores ranging from boutiques to grocery stores to jewelry shops, animal care or grooming, lawn care or landscaping businesses, moving businesses, gym, frozen yogurt or ice cream shop, a deli, liquor store or a sandwich shop, a beauty salon or a hair salon, a spa, a daycare business, a hardware store, commercial cleaning or residential cleaning, car wash, general contractor business, dog walking or pet sitting, martial arts studio, or a dance studio. Here is a list of potential online businesses for which you can raise money using the strategies in this fundraising book: blogging, affiliate marketing, elearning, create a channel on YouTube, become an author and sell books on Amazon and the Kindle, or become a freelancer or a local concierge.

Between government cutbacks, shrinking endowments, and business belt-tightening, the nonprofit sector may end up being the biggest victim of today's unpredictable market that few even hear about. However, this does not mean that nonprofits aren't just as vital as before--if not more so--or that yours cannot receive the regular funding it needs to fulfill the mission you heroically set out to do. It's going to take the same type of advanced organizational and competitive strategies that the most successful for-profit businesses have utilized to remain atop the leader board. Bridging the gap between theory and practical methods, The Nonprofit Fundraising Solution shows you how to: Ensure that executive leadership and board dynamics fully support fundraising initiatives Build a broad constituency of donors aligned to the mission Determine the right level of funding diversification Use tactics such as challenge drives, stretch gifts, and corporate matching; parlor gatherings; leadership councils; year-end drives; corporate partnerships; and major campaigns to power revenue, increase access to wealthy donors, and raise their community profile Proactively encourage planned giving Avoid revenue plateaus

Complete with stories of those who have done this exceptionally well, as well as “casebooks” of the strategies-in-action, The Nonprofit Fundraising Solution reveals how any nonprofit can implement advanced fundraising methods and secure the funds they need to excel.

**Fundraising for Schools** Linda Wise McNay, 2014-09-20 Being a head of school is both challenging and rewarding work. Heads of school and those who aspire to the role are expected to engage alumni and parents and raise money effectively; yet, most have received little or no training or support in advancement. In *Fundraising for Schools: 8 Keys to Success Every Head of School Should Know*, veteran fundraising consultant Linda Wise McNay demystifies fundraising for school leaders. This innovative book will guide school leaders on: How heads of school should manage their time in every stage of their fundraising and stewardship efforts The importance of board leadership The critical relationship between the head of school and, if there is one, the chief development officer Detailed instruction on how to ask McNay offers lessons that she routinely shares with her independent school clients. Some schools do not have a chief development officer or experienced advancement staff. She shares detailed explanations of which fundraising tasks are the most important and which should be undertaken first by school leadership. She explains annual giving, major giving, capital campaigns, and the school's endowment. This book is organized into eight chapters: Chapter One: Three Secrets to Successful Fundraising. Schools cannot be supported by tuition alone. Therefore, the head of school needs to devote significant time and attention to fundraising. A school leader must be able to present the case for support and lead the board and staff in a team effort to ask for funds, all while following a coordinated plan of action. Chapter Two: Fundraising Methods by Rate of Return. A school fundraising plan should include scheduled direct mail, telephone, event, sponsorship, email, and personal solicitations. Effectiveness of all solicitations is enhanced with an accurate database and appropriate stewardship. Chapter Three: The Big Ask. The head of school needs to be able to talk about money—a lot. The greatest reason people give money is because they are asked in person! Chapter Four: Forge a Lasting Partnership with the Chief Development Officer. Development is the process of building long-term, positive, and mutually beneficial relationships between donors and the school. This is best achieved by the combined efforts of the head of school and the development staff member(s) and volunteers. It is definitely not a one-person job. Chapter Five: A Primary Responsibility of the Board Is to Raise Money. One hundred percent of board members should participate in fundraising both as donors and in soliciting others to all campaigns at your school. Chapter Six: Operational Funds Have Less Donor Appeal, but They Are Essential. Most schools begin their fundraising efforts with the annual fund. You must create a case for annual operating needs and train your volunteers on the importance of unrestricted giving. Chapter Seven: Capital Campaigns Occur Every Three to Five Years, so Prepare Yourself. Everyone is an annual fund prospect. Some donors are also capital gift prospects. The top 10 donors are critical to your campaign success. Chapter Eight: Endowment Building for the Future. The best way to build an endowment for your school is to initiate a planned giving program.
