Sneakily informative, and beautifully illustrated, *Sad Animal Facts* by Brooke Barker is the perfect book for animal lovers (and haters) everywhere.

The Dogist Elias Weiss Friedman,2015-01-01 When Friedman moved to New York City, he missed the dogs that had surrounded him growing up. He began photographing dogs on the street, and posting them on his blog, *The Dogist*. Whether because of the look in a dog's eyes, its innate beauty, or even the clothes its owner has dressed it in, every portrait in this book tells a story and explores the dog's distinct character and spirit.

The Ones We Burn Rebecca Mix,2022-11 A blood-witch's mission to assassinate the prince she is betrothed to is compromised by the discovery of a deadly plague--and the beautiful princess intent on stopping it.

The Black Dogs Project Fred Levy,2015-09-15 Combat Black Dog Syndrome worldwide; a portion of all proceeds from Black Dog Project will be donated to black dog rescue. One of Tumblr's most viral blogs of 2014, the Black Dogs Project is a stunning photo series by animal photographer Fred Levy. Known as Black Dog Syndrome in animal shelters and rescues, it refers to the unfortunate phenomenon that black dogs are frequently the LAST dogs to be adopted and the FIRST dogs to be euthanized in rescue shelters. Animal photographer Fred Levy couldn't believe that it was true, so he began talking with shelters. Not only does the phenomenon exist, but he discovered it's an epidemic. Levy decided to turn his camera lens to black dogs, showing the world how beautiful they truly are. He called the photo series, *The Black Dogs Project*, and the stunning photographs have been shared worldwide, spreading awareness and attention to the problem. A portion of all proceeds for Black Dogs Project will be donated to black dog rescue.

The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled *The Last Lecture*. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—*Really Achieving Your Childhood Dreams*—wasn't about dying. It was about the importance of

overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

The Photo Ark Joel Sartore,2017 This book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals -- especially those that are endangered. His message: to know these animals is to save them. Sartore intends to photograph every animal in captivity in the world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits: from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the prose of veteran wildlife writer Douglas Chadwick, this book presents an argument for saving all the species of our planet.

Punching Bag Rex Ogle,2021-10-05 A New York Public Library Best Book of 2021 The companion to Rex Ogle's award-winning *Free Lunch* is a searing account of adolescence in a household torn by domestic violence. *Punching Bag* is the compelling true story of a high school career defined by poverty and punctuated by outbreaks of domestic abuse. Rex Ogle, who brilliantly mapped his experience of hunger in *Free Lunch*, here describes his struggle to survive; reflects on his complex, often paradoxical relationship with his passionate, fierce mother; and charts the trajectory of his stepdad's anger. Hovering over Rex's story is the talismanic presence of his unborn baby sister. Through it all, Rex threads moments of grace and humor that act as beacons of light in the darkness. Compulsively readable, beautifully crafted, and authentically told, *Punching Bag* is a remarkable memoir about one teenager's cycle of violence, blame, and attempts to forgive his parents—and himself.

The Soul of an Octopus Sy Montgomery,2016-07-12 Finalist for the National Book Award for

Nonfiction * New York Times Bestseller * Starred Booklist and Library Journal Editors' Spring Pick * A Huffington Post Notable Nonfiction Book of the Year * One of the Best Books of the Month on Goodreads * Library Journal Best Sci-Tech Book of the Year * An American Library Association Notable Book of the Year "Sy Montgomery's *The Soul of an Octopus* does for the creature what Helen Macdonald's *H Is for Hawk* did for raptors." —New Statesman, UK "One of the best science books of the year." —Science Friday, NPR Another New York Times bestseller from the author of *The Good Good Pig*, this "fascinating...touching...informative...entertaining" (The Daily Beast) book explores the emotional and physical world of the octopus—a surprisingly complex, intelligent, and spirited creature—and the remarkable connections it makes with humans. In pursuit of the wild, solitary, predatory octopus, popular naturalist Sy Montgomery has practiced true immersion journalism. From New England aquarium tanks to the reefs of French Polynesia and the Gulf of Mexico, she has befriended octopuses with strikingly different personalities—gentle Athena, assertive Octavia, curious Kali, and joyful Karma. Each creature shows her cleverness in myriad ways: escaping enclosures like an orangutan; jetting water to bounce balls; and endlessly tricking companions with multiple "sleights of hand" to get food. Scientists have only recently accepted the intelligence of dogs, birds, and chimpanzees but now are watching octopuses solve problems and are trying to decipher the meaning of the animal's color-changing techniques. With her "joyful passion for these intelligent and fascinating creatures" (Library Journal Editors' Spring Pick), Montgomery chronicles the growing appreciation of this mollusk as she tells a unique love story. By turns funny, entertaining, touching, and profound, *The Soul of an Octopus* reveals what octopuses can teach us about the meeting of two very different minds.

Hyperbole and a Half Allie Brosh, 2013-10-29 #1 New York Times Bestseller "Funny and smart as hell" (Bill Gates), Allie Brosh's *Hyperbole and a Half* showcases her unique voice, leaping wit, and her ability to capture complex emotions with deceptively simple illustrations. FROM THE PUBLISHER: Every time Allie Brosh posts something new on her hugely popular blog *Hyperbole and a Half* the internet rejoices. This full-color, beautifully illustrated edition features more than fifty percent new content, with ten never-before-seen essays and one wholly revised and expanded piece as well as classics from the website like, "The God of Cake," "Dogs Don't Understand Basic Concepts Like Moving," and her astonishing, "Adventures in Depression," and "Depression Part Two," which have been hailed as some of the most insightful meditations on the disease ever written. Brosh's debut marks the launch of a major new American humorist who will surely make even the biggest scrooge or snob laugh. We dare you not to. FROM THE AUTHOR: This is a book I wrote. Because I wrote it, I had to figure out what to put on the back cover to explain what it is. I tried to write a long, third-person summary that would imply how great the book is and also sound vaguely authoritative—like maybe someone who isn't me wrote it—but I soon discovered that I'm not sneaky enough to pull it off convincingly. So I decided to just make a list of things that are in the book: Pictures Words Stories about things that happened to me Stories about things that happened to other people because of me Eight billion dollars* Stories about dogs The secret to eternal happiness* *These are lies. Perhaps I have underestimated my sneakiness!

A Lesson in Vengeance Victoria Lee, 2022-08-09 A dark, twisty thriller about a centuries-old, ivy-covered boarding school haunted by its history of witchcraft and two girls dangerously close to digging up the past. The dangerous romance and atmospheric setting makes it a perfect read for fans of dark academia. Felicity Morrow is back at the Dalloway School. Perched in the Catskill Mountains, the centuries-old, ivy-covered campus was home until the tragic death of her girlfriend. Now, after a year away, she's returned to finish high school. She even has her old room in Godwin House, the exclusive dormitory rumored to be haunted by the spirits of five Dalloway students—girls some say were witches. The Dalloway Five all died mysteriously, one after another, right on Godwin grounds. Witchcraft is woven into Dalloway's past. The school doesn't talk about it, but the students do. In secret rooms and shadowy corners, girls convene. And before her girlfriend died, Felicity was drawn to the dark. She's determined to leave that behind now, but it's hard when Dalloway's occult history is everywhere. And when the new girl won't let her forget. It's Ellis Haley's first year at Dalloway, and she has already amassed a loyal following. A prodigy novelist at seventeen, Ellis is a so-called method writer. She's eccentric and brilliant, and Felicity can't shake the pull she feels to her. So when Ellis asks Felicity to help her research the Dalloway Five for her second book, Felicity can't say no. Given her history with the arcane, Felicity is the perfect resource. And when history begins to repeat itself, Felicity will have to face the darkness in Dalloway—and herself.
