Women's Club Football in Brazil and Colombia Mark Biram, 2024-01-15 The first women's football book on Latin America centring the perspectives of players brings rare interview material that cuts through the clichés to uncover the lived reality of women footballers. It includes the first large-scale survey of South American women footballers' views into dialogue with institutional and media perspectives. The early chapters consider the backdrop Latin American women footballers operate in, a media and institutional panorama that privileges a heteronormative athletic femininity whilst ensuring women's football is never portrayed as anything other than an inferior version of the hegemonic (men's) game. Following this, drawing on nine months of ethnographic fieldwork in which 33 semi-structured interviews were carried out with players and institutional figures, this pioneering book foregrounds the lived reality of women's football in three strategic locations. Firstly, three months were spent in the Amazon region of Brazil where Esporte Clube Iranduba provides a fascinating alternative model for the growth of women's football. This is contrasted with Santos FC, where women's football tends to be constantly overshadowed by the presence of banal patriarchy, and finally with another fleeting glimpse of how another model is possible at Atlético Huila of Colombia, the surprise winner of the women's Copa Libertadores in 2018.

Football and Nation Building in Colombia (2010-2018) Peter J. Watson, 2022-06-09 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library as part of the Opening the Future project with COPIM. This book explores the pivotal role that football played as part of Colombian President Juan Manuel Santos' national unity project centred on the peace process with the FARC. Football has huge political and social capital in Latin America, and has often been rhetorically deployed by governments for various ends; rarely, however, has football's power and potential been used in such a deliberate, strategic and active way towards a national peace process and targeted such enduring divisions that have historically impeded a sense of a united nation and national identity. Football in Colombia is understood popularly as one of the few things capable of uniting the country, a belief that Santos seized upon as the national team had a successful campaign in the 2014 World Cup. This first book on Colombian football in English explores previous iterations of football nationalism in the country, including the El Dorado and 'Narcofootball' eras, before analysing Santos' three-pronged strategy empowering professional and amateur football, including the use of political speeches and Twitter, legislation and public policy, and Sport for Development and Peace campaigns, with a particular focus on football in the FARC demobilisation and reincorporation camps following the historic peace agreement.

Sacred Heart Devotion Franziska Metzger, Stefan Tertünte, 2020-12-14 In an innovative, pluridisciplinary approach this volume focuses on how memory in Sacred Heart devotion is created, promulgated and transformed. The volume with contributions by historians, theologians, religious scientists and art historians links the dimension of memory to that of iconography, language, body and ritual practices and sheds light on adaptations, transfers, contestations and variations in a perspective of *longue durée* from the late Middle Ages to the present. The first part of the volume develops central axes of analysis, which are specifically investigated in the two following parts. The contributions of part two intertwine perspectives of cultural, social and art history focusing on the multi-layered creation, public presence and political usage, diversity and variations of Sacred Heart iconography and devotion in a long-term perspective. In-depth analyses centre on late medieval northern Italy, early modern France and 18th-century Switzerland (*Eidgenossenschaft*), on France from the 1950s to the 1980s, and on Indonesia in the 20th and 21st centuries. In a dynamic way, the third part combines systematic theological, philosophical and didactic reflexions on the Sacred Heart with a focus on imagination, embodiment, spirituality and memory.

The Persistence of Violence Toby Miller, 2020-07-17 Colombia's headline story, about the peace process with guerrilla and its attendant controversies, does not consider the fundamental contradiction of a nation that spans generosity and violence, warmth and hatred—products of its particular pattern of invasion, dispossession, and enslavement. *The Persistence of Violence* fills that gap in understanding. Colombia is a place that is two countries in one—the ideal and the

real—summed up in the idiomatic expression, not unique to Colombia, but particularly popular there, *Hecha la ley, hecha la trampa* (When you pass a law, you create a loophole). Less cynically, and more poetically, the Nobel Laureate Gabriel García Márquez deemed Colombians capable of both the most noble acts and the most abject ones, in a world where it seems anyone might do anything, from the beautiful to the horrendous. *The Persistence of Violence* draws on those contradictions and paradoxes to look at how violence—and resistance to it—characterize Colombian popular culture, from football to soap opera to journalism to tourism to the environment.

Communication and Sport Michael L. Butterworth, 2021-07-19 Sport is a universal feature of global popular culture. It shapes our identities, affects our relationships, and defines our communities. It also influences our consumption habits, represents our cultures, and dramatizes our politics. In other words, sport is among the most prominent vehicles for communication available in daily life. Nevertheless, only recently has it begun to receive robust attention in the discipline of communication studies. The handbook of *Communication and Sport* attends to the recent and rapid growth of scholarship in communication and media studies that features sport as a central site of inquiry. The book attempts to capture a full range of methods, theories, and topics that have come to define the subfield of communication and sport or sports communication. It does so by emphasizing four primary features. First, it foregrounds communication as central to the study of sport. This emphasis helps to distinguish the book from collections in related disciplines such as sociology, and also points readers beyond media as the primary or only context for understanding the relationship between communication and sport. Thus, in addition to studies of media effects, mediatization, media framing, and more, readers will also engage with studies in interpersonal, intercultural, organizational, and rhetorical communication. Second, the handbook presents an array of methods, theories, and topics in the effort to chart a comprehensive landscape of communication and sport scholarship. Thus, readers will benefit from empirical, interpretive, and critical work, and they will also see studies drawing on varied texts and sites of inquiry. Third, the handbook of *Communication and Sport* includes a broad range of scholars from around the world. It is therefore neither European nor North American in its primary focus. In addition, the book includes contributors from commonly under-represented regions in Asia, Africa, and South America. Fourth, the handbook aims to account for both historical trajectories and contemporary areas of interest. In this way, it covers the central topics, debates, and perspectives from the past and also suggests continued and emerging pathways for the future. Collectively, the handbook of *Communication and Sport* aspires to provide scholars and students in communication and media studies with the most comprehensive assessment of the field available.

Estadio-nacion GUSTAVO. LOPEZ ANASCO, 2021-12-22 ¿A qué responde el sentimiento nacional suscitado por la selección colombiana de fútbol? En el Mundial Brasil 2014 el equipo nacional clasificó por primera vez en su historia a los cuartos de final tras vencer a su similar uruguayo por 2 a 0. El segundo gol llevó al clímax a gran parte del país: la gente, una vez acabado el partido, salió a las calles como nunca lo había hecho, a abrazarse, a sentirse parte de una nación, mientras el país político (instituciones, congreso, presidencia) estaba paralizado en función de ese encuentro. Sin embargo, tras esas emociones y sentimiento de amor, aparentemente, a un país, se encontraba una confluencia estratégica entre márketing deportivo, medios de comunicación y poder político. Desde el nacimiento del fútbol y en diálogo permanente con el poder también se han gestado los elementos del discurso nacionalista en Colombia. En este libro se analizan los mecanismos internos de esa relación que se ensambla en los andamiajes del mercadeo y la publicidad. De igual manera, aquí se recuerdan eventos que el país ha olvidado o, al menos, ha separado quirúrgicamente de la memoria, como si la ocurrencia de un factor velara la ocurrencia de otro. Ese es el efecto fundamental del fútbol en la vida social: servir de anestésico sobre las cosas que duelen y separan. Ese es el origen de su utilización explícita, jamás ocultada, por parte de la política. Bienvenidos a nuestro Estadio-Nación.

Mario Yepes Daniel Grady, 2014-09-29 Mario Yepes es un nombre conocido en el fútbol, tanto dentro de Colombia como afuera. El capitán actual de la Selección Nacional ha tenido una destacada trayectoria en poderosos equipos latinoamericanos como europeos. Jugó y deslumbró la hinchada del

River Plate de Argentina, y escaló hasta ser el jugador mejor pagado de Francia. Es conocido como El Rey por su excepcional habilidad defensiva y dominio del balón en el juego. Tanto carismático como humilde, Yepes ha tenido varias victorias y otras tantas caídas. Ahora juega por Milán, uno de los mejores equipos del mundo.

Iván Córdoba Gustavo Vazquez,2014-09-29 Iván Ramiro Córdoba se elevó desde orígenes humildes. Nacido en una familia pobre, creció jugando al fútbol en las calles de Rionegro, Colombia. Después de un par de años con el equipo local de Rionegro, se trasladó al club Atlético Nacional de Medellín. Luego jugó para San Lorenzo, un club basado en Buenos Aires. Su habilidad a desarmar a los ataques de los oponentes más pronto llamó la atención de clubes europeos, y en 1999 fue al Inter de Milán. En una docena de años con el Inter de Milán, Córdoba se ganó una reputación como uno de los mejores defensores del mundo. él ayudó al club a un par de campeonatos de la liga. Para los colombianos, sin embargo, Córdoba siempre será recordado por un gol que marcó el 29 de julio de 2001. Ese gol dio a Colombia el campeonato de la Copa América.

With a strong focus on the country's cultural attractions, it will appeal to visitors seeking to discover Colombia's renowned flora and fauna, as well as its historic colonial cities, and its range of eco-tourism initiatives

On Fairness, Justice, and VAR Jorge Tovar,2021-11-01 This book analyzes the 2018 and 2019 men's and women's World Cups to understand how the use of Video Assistant Referees (VAR) affected each tournament. Unlike goal technology, where the decision is entirely left to the machine's algorithm, the VAR still has a human component, making it prone to errors and controversies. Building on the theories of justice, the book quantitatively reviews event-level data while using a historical perspective to depict a novel approach to the effects of VAR in major soccer tournaments. The six chapters examine the use of VAR, discuss when it was not used (but maybe should have been used), and explore how the World Cup evolved with the new technology. Combining the VAR events of 2018 and 2019 with comparable situations from past World Cups guides the reader into debating the meaning of justice and the potential of ever achieving fairness in soccer.

La solución Pékerman Pablo Álamo Hernández, 2017-01-01 Uno de los factores más importantes, pero poco destacados, de la exitosa gestión de José Néstor Pékerman al frente de la Selección Colombia, ha sido el impacto social y cultural que sus triunfos han propiciado. Pues ha sido claro que no solo el país gozó como nunca con la magnífica participación en la última copa mundo, sino que, como bien lo señala el autor de este libro, el ejemplo de su personalidad, sus maneras y su forma de trabajar pueden ser un gran aporte a nuestra sociedad. De esto y mucho más trata este libro. La solución Pékerman puede convertirse en la receta necesaria para lograr el éxito en procesos a largo plazo en distintos ámbitos y actividades. Por eso, conocer de cerca el liderazgo del seleccionador argentino, acceder a sus secretos y a las claves de su forma de trabajar pueden ser de utilidad para cualquiera, tanto para las labores grupales de cualquier índole como para el desempeño personal.
