Bollywood Sounds Jayson Beaster-Jones,2014-10-09 Bollywood Sounds focuses on the songs of Indian films in their historical, social, commercial, and cinematic contexts. Author Jayson Beaster-Jones takes readers through the highly collaborative compositional process, highlighting the contributions of film directors, music directors (composers), lyricists, musicians, and singers in song production. Through close musical and multimedia analysis of more than twenty landmark compositions, Bollywood Sounds illustrates how the producers of Indian film songs have long mediated a variety of musical styles, instruments, and performance practices to create a uniquely cosmopolitan music genre. As an exploration of the music of seventy years of Hindi films, Bollywood Sounds provides long-term historical insights into film songs and their musical and cinematic conventions in ways that will appeal both to scholars and to newcomers to Indian cinema.

The Best of Satyajit Ray 1 Satyajit Ray,2023-02-06 Satyajit Ray (1921-1991), polymath, polyglot, novelist, short-story writer, illustrator, designer, music composer, was one of the most eminent film

directors of world cinema. His *Pather Panchali* (Song of the Little Road, 1955) established his position as a major film director, winning numerous awards. Recipient of the Lifetime Academy Award in 1992 'In recognition of his rare mastery of the art of motion pictures and for his profound humanitarian outlook, which has had an indelible influence on filmmakers and audiences throughout the world', Ray took Indian cinema to a grand platform hitherto unachieved by any Indian film director. Not to have seen the cinema of Ray means,' said Akira Kurosawa, 'existing in the world without seeing the sun or the moon.' While Ray's films are fairly well-known, his writings-fiction and non-fiction-written in Bengali and English continue to attract attention. His illustrations, design works, comic strips, science fictions, detective stories are gems of Indian literature. Ray's non-fictions are gems, which bring to lights his thoughts on film-making, film appreciation, composition of music, art, design and screenplay, among others. 'The Penguin Ray Library' is an endeavour to open a window to the master's writings to a wide spectrum of readers. From the ever-popular adventures of Ray's enduring creation, the professional sleuth Feluda to the chronicles of Professor Shonku; short stories; writings on filmmaking; and

thoughts on world as well as Indian cinema, among others, this anthology, a two-volume boxset, *The Best of Satyajit Ray* is not only a treat for the Ray enthusiasts but also a collector's edition.

Modernizing Composition Garrett Field, 2017-03-22 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. The study of South Asian music falls under the purview of ethnomusicology, whereas that of South Asian literature falls under South Asian studies. As a consequence of this academic separation, scholars rarely take notice of connections between South Asian song and poetry. *Modernizing Composition* overcomes this disciplinary fragmentation by examining the history of Sinhala-language song and poetry in twentieth-century Sri Lanka. Garrett Field describes how songwriters and poets modernized song and poetry in response to colonial and postcolonial formations. The story of this modernization is significant in that it shifts focus from India's relationship to the West to little-studied connections between Sri Lanka and North India.

Teething Megha Rao,2021-12-20 A story told in verse, Teething begins when Kochu, a young boy in Kerala, is caught kissing the neighbour's son. All hell breaks loose, ending in Kochu taking his own life. Years after the scandal, after discovering his suicide note, his oldest sister, Achu, sets out to uncover the mysteries of their dysfunctional family by putting pieces of their past back together. Along the way, she discovers things she never noticed - their mother's brokenness and obsession with the church, their father's disturbing secrecy inside the bedroom, and, of course, their own individual traumas that stopped time altogether. Soon, Achu realizes that none of them will ever truly grow up until they live their lives all over again, from the very beginning.

Unearthing Gender Smita Tewari Jassal, 2012-03-28 This book analyzes the folk songs from the Bhojpuri-speaking regions of North India to explore how ideas of gender, caste, and class are socially constructed, transmitted, questioned, and reaffirmed through their performance.

Listening to Indian Music Chetan Karnani, 1999 Based on the author's book: *Listening to Hindustani music* (1976), with revisions and additions on the music of South India, Karnatic music, Gharanas, and Hindustani instrumentalists.

Dongri to Dubai - Six Decades of the Mumbai Mafia Hussain Zaidi, 2012-08-10 *Dongri to Dubai* is the first ever attempt to chronicle the history of the Mumbai mafia. It is the story of notorious gangsters like Haji Mastan, Karim Lala, Varadarajan Mudaliar, Chhota Rajan, Abu Salem, but above all, it is the story of a young man who went astray despite having a father in the police force. Dawood Ibrahim was initiated into crime as a pawn in the hands of the Mumbai police and went on to wipe out the competition and eventually became the Mumbai police's own nemesis. The narrative encompasses

several milestones in the history of crime in India, from the rise of the Pathans, formation of the Dawood gang, the first ever supari, mafia's nefarious role in Bollywood, Dawood's move to Karachi, and Pakistan's subsequent alleged role in sheltering one of the most wanted persons in the world. This story is primarily about how a boy from Dongri became a don in Dubai, and captures his bravado, cunningness, focus, ambition, and lust for power in a gripping narrative. The meticulously researched book provides an in-depth and comprehensive account of the mafia's games of supremacy and internecine warfare.

More Than Bollywood Gregory D. Booth, Bradley Shope, 2014 This is the first book to tackle the diverse styles and multiple histories of popular musics in India. It brings together fourteen of the world's leading scholars on Indian popular music to contribute chapters on a range of topics from the classic songs of Bollywood to contemporary remixes, summarized by a reflective afterword by popular music scholar Timothy Taylor. The chapters in this volume address the impact of media and technology on contemporary music, the variety of industrial developments and contexts for Indian

popular music, and historical trends in popular music development both before and after the Indian Independence in 1947. The book identifies new ways of engaging popular music in India beyond the Bollywood musical canon, and offers several case studies of local and regional styles of music. The contributors address the subcontinent's historical relationships with colonialism, the transnational market economies, local governmental factors, international conventions, and a host of other circumstances to shed light on the development of popular music throughout India. To illustrate each chapter author's points, and to make available music not easily accessible in North America, the book features an Oxford web music companion website of audio and video tracks.

Hindi Film Songs and the Cinema Anna Morcom, 2017-07-05 Since their beginnings in the 1930s, Hindi films and film songs have dominated Indian public culture in India, and have also made their presence felt strongly in many global contexts. Hindi film songs have been described on the one hand as highly standardized and on the other as highly eclectic. Anna Morcom addresses many of the paradoxes eccentricities and myths of not just Hindi film songs but also of Hindi cinema by analysing

film songs in cinematic context. While the presence of songs in Hindi films is commonly dismissed as purely commercial this book demonstrates that in terms of the production process, musical style, and commercial life, it is most powerfully the parent film that shapes and defines the film songs and their success rather than the other way round. While they constitute India's still foremost genre of popular music, film songs are also situational, dramatic sequences, inherently multi-media in style and conception. This book is uniquely grounded in detailed musical and visual analysis of Hindi film songs, song sequences and films as well as a wealth of ethnographic material from the Hindi film and music industries. Its findings lead to highly novel ways of viewing Hindi film songs, their key role in Hindi cinema, and how this affects their wider life in India and across the globe. It will be indispensable to scholars seeking to understand both Hindi film songs and Hindi cinema. It also forms a major contribution to popular music, popular culture, film music studies and ethnomusicology, tackling pertinent issues of cultural production, (multi-)media, and the cross-cultural use of music in Hindi cinema. The book caters for both music specialists as well as a wider audience.

A Concise History of Modern India Barbara D. Metcalf, Thomas R. Metcalf, 2006-09-28 In a second edition of their successful Concise History of Modern India, Barbara Metcalf and Thomas Metcalf explore India's modern history afresh and update the events of the last decade. These include the takeover of Congress from the seemingly entrenched Hindu nationalist party in 2004, India's huge advances in technology and the country's new role as a major player in world affairs. From the days of the Mughals, through the British Empire, and into Independence, the country has been transformed by its institutional structures. It is these institutions which have helped bring about the social, cultural and economic changes that have taken place over the last half century and paved the way for the modern success story. Despite these advances, poverty, social inequality and religious division still fester. In response to these dilemmas, the book grapples with questions of caste and religious identity, and the nature of the Indian nation.

Encyclopedia of Indian Cinema Ashish Rajadhyaksha, Paul Willemen, 2014-07-10 The largest film industry in the world after Hollywood is celebrated in this updated and expanded edition of a now classic work of reference. Covering the full range of Indian film, this new revised edition of the

Playing It My Way Sachin Tendulkar, 2016-01-12 'I don't think anyone, apart from Don Bradman, is in the same class as Sachin Tendulkar.' -Shane Warne This is cricket icon, Sachin Tendulkar's life story in his own words - his journey from a small boy with dreams to becoming a cricket god. His amazing story has now been turned into a major film, *A Billion Dreams*, in which he stars. The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's highest civilian honour - on the day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess

energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon. Before long Sachin Tendulkar was the cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never has a cricketer performed at such a high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have brought together a shocked nation by defiantly scoring a Test century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure - from injuries and early World Cup exits to stinging criticism from the press, especially during his unhappy tenure as captain. Despite his celebrity status, Sachin Tendulkar has always remained a very private man, devoted to his family and his country. Now, for the first time, he provides a fascinating insight into his personal life and gives a frank and revealing account of a sporting life like no other.

Indian Cinema in the Time of Celluloid Ashish Rajadhyaksha, 2009-10-16 In *Indian Cinema in the Time of Celluloid*, Ashish Rajadhyaksha argues that any exploration of the social uses to which cinema is put in a place like India can only make sense if it transforms our understanding of cinema itself. Taking as his timeframe the era of celluloid, which is also marked by public experiences of spectatorship and uses of cinema by the state, Rajadhyaksha examines three moments of crisis for the Indian State in which cinema played a central role.
