Honest John Colonel Walker M. Mahurin, 2016-11-11 HONEST JOHN is the dramatic unvarnished autobiography of Walker "Bud" Mahurin, an American fighter ace who performed extraordinary feats of skill and bravery in shooting down more than twenty enemy planes in two wars, only to be called a traitor by many after he was forced to sign a germ-warfare confession by the Chinese Communists. In his own words, Col. Mahurin recalls the youth from Fort Wayne, Indiana, who was the leading American ace in Europe until his Thunderbolt was shot down over France, who escaped to fight again in the Pacific and returned in 1945 a much decorated war hero. When hostilities broke out in Korea in 1950, Col. Mahurin wangled his way out of his Pentagon desk job and soon, under the code name of "Honest John," was flying against the MIGs over Communist skies. Then one fateful day in May, 1952, while perfecting the F-86 dive-bombing technique he himself had pioneered, his Sabre jet was hit by ground fire and crashed in a North Korean rice paddy. Thus began Col. Mahurin's ordeal, an experience which few Americans have encountered and fewer still have survived. For over a year he was kept in solitary confinement by his captors, interrogated almost constantly and subjected to a veritable arsenal of mental pressures and "invisible tortures" as the Communists sought their elusive confession. In harrowing detail he relates his attempt at suicide and his devices for resisting while still maintaining sanity...

Deep Betrayal Anne Greenwood Brown, 2013 Fans of Amanda Hocking's novel, Wake, will dive into this paranormal romance featuring mermaids--the killer kind--and won't come up for air It's been thirty days, two hours, and seventeen minutes since Calder left Lily standing on the shores of Lake Superior. Not that she's counting. And when Calder does return, it's not quite the reunion Lily hoped for. Especially after she lets her father in on a huge secret: he, like Calder, is a merman. Obsessed with his new identity, Lily's dad monopolizes Calder's time as the two of them spend every day in the water, leaving Lily behind. Then dead bodies start washing ashore. Calder blames his mermaid sisters, but Lily fears her father has embraced the merman's natural need to kill. As the body count grows, everyone is pointing fingers. Lily doesn't know what to believe--only that whoever's responsible is sure to strike again. . . . Deep Betrayal is as suspenseful as it is sexy. The Year without a Purchase Scott Dannemiller, 2015-08-04 The Year without a Purchase is the story of one family's quest to stop shopping and start connecting. Scott Dannemiller and his wife, Gabby, are former missionaries who served in Guatemala. Ten years removed from their vow of simple living, they found themselves on a never-ending treadmill of consumption where each purchase created a desire for more and never led to true satisfaction. The difference between needs and wants had grown very fuzzy, and making that distinction clear again would require drastic action: no nonessential purchases for a whole year. No clothes, no books, no new toys for the kids. If they couldn't eat it or use it up within a year (toilet paper and shampoo, for example), they wouldn't buy it. Filled with humorous wit, curious statistics, and poignant conclusions, the book examines modern America's spending habits and chronicles the highs and lows of dropping out of our consumer culture. As the family bypasses the checkout line to wrestle with the challenges of gift giving, child rearing, and keeping up with the Joneses, they discover important truths about human nature and the secret to finding true joy. The Year without a Purchase offers valuable food for thought for anyone who has ever wanted to reduce stress by shopping less and

living more.

Platonic Marisa G. Franco, PhD, 2022-09-06 Instant New York Times bestseller Is understanding the science of attachment the key to building lasting friendships and finding “your people” in an ever-more-fragmented world? How do we make and keep friends in an era of distraction, burnout, and chaos, especially in a society that often prizes romantic love at the expense of other relationships? In *Platonic*, Dr. Marisa G. Franco unpacks the latest, often counterintuitive findings about the bonds between us—for example, why your friends aren’t texting you back (it’s not because they hate you!), and the myth of “friendships happening organically” (making friends, like cultivating any relationship, requires effort!). As Dr. Franco explains, to make and keep friends you must understand your attachment style—secure, anxious, or avoidant: it is the key to unlocking what’s working (and what’s failing) in your friendships. Making new friends, and deepening longstanding relationships, is possible at any age—in fact, it’s essential. The good news: there are specific, research-based ways to improve the number and quality of your connections using the insights of attachment theory and the latest scientific research on friendship. *Platonic* provides a clear and actionable blueprint for forging strong, lasting connections with others—and for becoming our happiest, most fulfilled selves in the process.

When children/adults are intimidated, persecuted, and tormented for their beliefs, and choices it is time we say, Enough!
