Ranger Knowledge Erik Larsen,Jack Murphy,SOFREP,Brandon Webb,2013-08-06 Written by a former 75th Ranger Regiment soldier, Marty will take you inside the Ranger Assessment and Selection Program and the Special Forces Assessment and Selection Program to teach prospective Special Operations soldiers the ins and outs of each unit's selection program. As someone who also runs a train-up program for soldiers going into the military on Ranger and Special Forces contracts, Marty is uniquely suited to write a program of instruction which walks would-be Special Operations troops through the course and tells them how to get from A to B and achieve their goals in the Special Operations community. Strategy For Defeat: The Luftwaffe, 1933-1945 [Illustrated Edition] Williamson Murray,2015-11-06 Includes the Aerial Warfare In Europe During World War II illustrations pack with over 200 maps, plans, and photos. This book is a comprehensive analysis of an air force, the Luftwaffe, in World War II. It follows the Germans from their prewar preparations to their final defeat. There are many disturbing parallels with our current situation. I urge every student of military science to read it carefully. The lessons of the nature of warfare and the application of airpower can provide the guidance to develop our fighting forces and employment concepts to meet the significant challenges we are certain to face in the future.
