How to Build a Huge Following on Pinterest (How-To and Marketing) Kelly Cooper, 2012-03-04 ABOUT THE BOOK Whether you want to promote your rock band, rock shop, or rocking chairs, individuals and entrepreneurs need to connect to their audience. Maintaining social media takes energy and effort -- especially when your goal is to sound authentic without regurgitating hackneyed quotes or cliches. Everything you do with Pinterest is leverage-able for parallel or future social media venues. Don't fall prey to the whiners who bemoan the number of social sites, the intent of Facebook, the lifecycle of Twitter, or the fate of forgotten venues. It doesn't matter. Move forward, connect with people, and evolve your profile, product, or purpose. MEET THE AUTHOR Kelly teaches Digital Media and Web Development in a CA Community College and works as a Sr. Software Engineer for an online gaming company. She invents cooking products and wrote Cookies for Grown-Ups to be published by Red Rock Press in early Fall 2012. Kelly has an EdD in Organizational Leadership, a Masters in Human Resources and Organizational Development, and a B.S. in Organizational Behavior from the University of San Francisco. She lives in San Jose, CA and in a desert town west of Las Vegas, with her husband Curt. EXCERPT FROM THE BOOK On Pinterest, think about the adventure and exploration of what you do. How is your bakery different? What are the stories of your recipes? Photos of your customers? Great times spent baking? Fun experiments with flavor? Events where your cakes and pastries are enjoyed? Places and people in your community? Constantly benchmark back to your adjectives from questions 1 and 2. Generously pin your customers and events in your area. Think of Pinterest as you keeping your extended family of friends, customers, and potential customers up to date with how you are, how the bakery is doing, and the adventures of your business. Let people get to know you. Be sincere. Be available. Yes, you'll be loading images from your computer. Yes, you'll be pinning images of others. Don't wander off into the many cool images that don't continue your message... Buy a copy to keep reading! The Art of Mary Linwood Heidi A. Strobel, 2023-11-30 The Art of Mary Linwood is the first book on Leicester textile artist Mary Linwood (1755-1845) and catalogue of her work. When British textile artist and gallery owner Mary Linwood died in 1845 just shy of 90 years old, her estate was worth the equivalent of £5,199,822 in today's currency. As someone who made, but did not sell, embroidered replicas of famous artworks after artists such as Gainsborough, Reynolds, Stubbs, and Morland, how did she accumulate so much money? A pioneering woman in the male-dominated art world of late Georgian Britain, Linwood established her own London gallery in 1798 that featured copies of well-known paintings by these popular artists. Featuring props and specially designed rooms for her replicas, she ensured that her visitors had an entertaining, educational, and kinetic tour, similar to what Madame Tussaud would do one generation later. The gallery's focus on picturesque painters provided her London visitors with an idyllic imaginary journey through the countryside. Its emphasis on quintessentially British artists provided a unifying focus for a country that had recently emerged from the threat of Napoleonic invasion. This book brings to the fore Linwood's gallery guides and previously unpublished letters to her contemporaries, such as Birmingham inventor Matthew Boulton and Queen Charlotte. It also includes the first and only catalogue of Linwood's extant and destroyed works. By examining Linwood's replicas and their accompanying objects through the lens of material culture, the book provides a much-needed contribution to the scholarship on women and cultural agency in the early 19th century.

Melting the ice: Engaging and educational ice-breaker activities for every learning session Jen Schneider, 2023-04-14 The first five minutes of a classroom experience are critical. The tone set in a session's opening minutes can significantly impact and influence, in both positive and negative ways, the quality and nature of the subsequent learning experience. How students spend that time can also have a positive impact on their learning in both the short and long term. When the opening minutes of a class are approached as an opportunity to build student connections, collaboration, and community, all learners benefit. As more and more learning experiences occur in synchronous and asynchronous online learning environments, strategies that both welcome students to online sessions and support student learning are increasingly important. Traditional ice breakers, while typically shared with a goal of building community and student engagement, can sometimes have unintended or even negative consequences on students. This text shares a collection of powerful, opening activities that are designed to simultaneously engage students, build safe and connected classroom communities, and support student learning. All strategies are easily adapted and personalized to fit individual course and content needs including face-to-face, synchronous online, and asynchronous online learning contexts. Shared activities are aligned with associated learning-science research and incorporate strategies that have been shown to support student engagement and learning such as retrieval practice, active recall, spaced practice, and interleaving, among other evidence-based instructional strategies.
