Lee Slater

The Multiplayer Classroom Lee Sheldon,2021-03-04 The Multiplayer Classroom: Game Plans is a companion to The Multiplayer Classroom: Designing Coursework as a Game, now in its second edition from CRC Press. This book covers four multiplayer classroom projects played in the real world in real time to teach and entertain. They were funded by grants or institutions, collaborations between Lee Sheldon, as writer/designer, and subject matter experts in various fields. They are written to be accessible to anyone--designer, educator, or layperson--interested in game-based learning. The subjects are increasingly relevant in this day and age: physical fitness, Mandarin, cybersecurity, and especially an online class exploring culture and identity on the internet that is unlike any online class you have ever seen. Read the annotated, often-suspenseful stories of how each game, with its unique challenges, thrills, and spills, was built. Lee Sheldon began his writing career in television as a writer-producer, eventually writing more than 200 shows ranging from Charlie's Angels (writer) to Edge of Night (head writer) to Star Trek: The Next Generation (writer-producer). Having written and designed more than forty commercial and applied video games, Lee spearheaded the first full writing for games concentration in North America at Rensselaer Polytechnic Institute and the second writing concentration at Worcester Polytechnic Institute. He is a regular lecturer and consultant on game design and writing in the United States and abroad. His most recent commercial game, the award-winning The Lion's Song, is currently on Steam. For the past two years he consulted on an escape room in a box, funded by NASA, that gives visitors to hundreds of science museums and planetariums the opportunity to play colonizers on the moon. He is currently writing his second mystery novel.

This book shows library staff how to do exactly that through a diverse variety of popular games, some that have been around for many years and others that are new. The authors present a comprehensive overview of the topic, supplying good practice examples from successful libraries, providing necessary details on format and implementation within a library program for teens, and covering different game formats ranging from live action role-playing (LARP) and Dungeons & Dragons to Minecraft and traditional board games. Whether you're adding games and gaming to your collection and services for the first time, or looking for ways to expand your existing gaming program, this book offers solid guidance.

The Perfect Game Tim Balderramos,2011-08 With recent successful events like the Xbox 360 Pac-Man World Championship and the release of the documentary The King of Kong: A Fistful of Quarters, the return to video game yesteryear is more apparent than ever. More and more modern consoles feature the classics like Xbox Live Arcade, Game Room, and even Google itself has gotten into the mix. The Perfect Game: Confessions of a Pac-Man Junkie not only highlights the history of one of the most iconic games of all time, and the quest for high score supremacy of the same, but also includes strategies on how to play like the pros – strategies that can be learned and put to work in a matter of days... just in time for Pac-Man's 30th Anniversary. This book will appeal to anyone that remembers the days of arcade yesteryear. Said persons remember hanging out in the arcade, at 7-11, the pizza parlor, etc. playing Pac-Man, Donkey Kong, etc. in a time when scoring a million points actually meant something, versus whether you can simply "finish" a game like with a modern console title. That said, the appeal of the classic games like Pac-Man lure young gamers as well – intrigued by the approachability and the "easy to understand, yet hard to master" air of classic titles.... evident by the scores of young players at a Pac-Man 30th Anniversary celebration held at the Mall of America in Bloomington, Minnesota. The author is recognized by a number of classic arcade gaming communities such as ClassicArcadeGaming.com and TwinGalaxies.com. He was also one of the finalists in the Xbox 360 Pac-Man World Championship in New York in 2007. On August 6-7, 2010, the author attended a kickoff event at the International Video Game Hall of Fame in Ottumwa, Iowa as a guest of honor, along with other Pac-Masters like Billy Mitchell, David Race and Eric Akeson; as Pac-Man was the first game inducted into the hall.

The Game Production Handbook Heather Maxwell Chandler,2006 Using a fictitious game project, the book follows the project from concept to gold master. Using this approach, it teaches producers, leads, and studio managers the techniques and processes needed to develop games successfully.
