Joe Ide

The Goodbye Coast Joe Ide,2022-02-01 In this colorful reinvention of a classic, Philip Marlowe finds himself tangled in two missing persons cases; “Ide has chiseled off the rust while keeping the soul of one of American fiction’s icons” (Dennis Lehane). The seductive and relentless figure of Raymond Chandler’s detective, Philip Marlowe, is vividly re-imagined in present-day Los Angeles. Here is a city of scheming Malibu actresses, ruthless gang members, virulent inequality, and washed-out police. Acclaimed and award-winning novelist Joe Ide imagines a Marlowe very much of our time: he’s a quiet, lonely, and remarkably capable and confident private detective, though he lives beneath the shadow of his father, a once-decorated LAPD homicide detective, famous throughout the city, who’s given in to drink after the death of Marlowe’s mother. Marlowe, against his better judgement, accepts two missing person cases, the first a daughter of a faded, tyrannical Hollywood starlet, and the second, a British child stolen from his mother by his father. At the center of The Goodbye Coast is Marlowe’s troubled and confounding relationship with his father, a son who despises yet respects his dad, and a dad who’s unable to hide his bitter disappointment with his grown boy. Steeped in the richly detailed ethnic neighborhoods of modern LA, Ide’s The Goodbye Coast is a bold recreation that is viciously funny, ingeniously plotted, and surprisingly tender.

Dancing Without Partners David B. Magleby,J. Quin Monson,Kelly D. Patterson,2007 Political parties, interest groups, and candidate campaigns all pursue similar goals in presidential elections: each entity attempts to mobilize voters. However, the regulatory environment often prevents these groups from coordinating their efforts. With participants playing by new rules mandated by the Bipartisan Campaign Reform Act, the 2004 presidential election included previously unseen configurations and alliances between political actors. In some campaign situations, the resulting 'dance' was carefully choreographed. In others, dancers stepped on each other's toes. In still others, participants could only eye each other across the floor. Dancing without Partners intensively analyzes the relationships among candidates, political parties, and interest groups under the BCRA's new regulations in the 2004 election cycle in five battleground states. The chapters assess the ways in which the rules of the game have changed the game itself_and also how they haven't. The result is a book that will be invaluable to researchers and students of presidential elections.

The New Ethics of Journalism Kelly McBride,Tom Rosenstiel,2013-07-17 Featuring a new code of ethics for journalists and essays by 14 journalism thought leaders and practitioners, The New Ethics of Journalism: Principles for the 21st Century, by Kelly McBride and Tom Rosenstiel, examines the new pressures brought to bear on journalism by technology and changing audience habits. It offers a new framework for making critical moral choices, as well as case studies that reinforce the concepts and principles rising to prominence in 21st century communication. The book addresses the unique problems facing journalism today, including how we arrive at truth in an era of abundant and unverified information; the evolution of new business models and partnerships; the presence of journalists on independent social media platforms; the role of diversity; the meaning of stories; the value of images; and the role of community in the production of journalism.

The Palgrave Handbook of Sustainability Robert Brinkmann,Sandra J. Garren,2018-04-30 This book provides a comprehensive overview of the practice of sustainability through a diverse range of case studies spanning across varied fields and areas of expertise. It provides a clear indication as to the contemporary state of sustainability in a time faced by issues such as global climate change, challenges of environmental justice, economic globalization and environmental contamination. The Palgrave Handbook of Sustainability explores three broad themes: Environmental Sustainability, Social Sustainability and Economic Sustainability. The authors critically explore these themes and provide insight into their linkages with one another to demonstrate the substantial efforts currently underway to address the sustainability of our planet. This handbook is an important contribution to the best practises on sustainability, drawn from many different examples across the fields of engineering, geology, anthropology, sociology, biology, chemistry and religion.

Broadcast News Writing, Reporting, and Producing Frank Barnas,2017-07-06 Broadcast News Writing, Reporting, and Producing, 7th Edition is the leading book covering all aspects of writing and reporting the news. It identifies the key concepts and terms readers need to know in the news gathering and dissemination process, and provides practical, real-world advice for operating in the modern day newsroom. New to the seventh Edition are profiles of working journalists who give readers a glimpse into the working life of modern reporters, producers, and directors. This new edition also covers important aspects of the use of social media, drone journalism, and digital technology. A new chapter on portfolio development will assist readers in developing the skills to advance in their careers. The text has also been updated to reflect new industry standards in modes of information gathering and delivery, writing style, and technology. Additional features include: Key words at the start of every chapter, identifying important terms and definitions; End of chapter summaries, which allows readers to review the chapter’s main points; Text Your Knowledge, which helps readers quiz themselves on important concepts; Chapter-by-chapter exercises, which readers can apply to a chapter’s themes; A companion website featuring video tutorials of necessary skills for journalists, including how to arrange lighting structures, how to hold a microphone, and how to properly conduct an interview.

Media of Mass Communication John Vivian,2012-02-03 Updated in its eleventh edition, The Media of Mass Communication engages readers in the pursuit of greater media literacy and provides accessible insight into the important issues that confront students as consumers and purveyors of mass media. Through exceptional coverage of contemporary media issues and trends, including the on-going transformations in mass media, this text balances the principles and foundations of media literacy with lively examples, streamlined coverage, and a robust media package.

Privatopia Evan McKenzie,1994-01-01 A study of political and social issues posed by the rise of CIDs (common interest housing developments) in the US. The work explores the consequences of CIDs on government and argues that private, residential government has serious implications for civil liberties.

Confronting Gun Violence in America Thomas Gabor,2016-09-12 This book critically examines the link between guns and violence. It weighs the value of guns for self-

protection against the adverse effects of gun ownership and carrying. It also analyses the role of public opinion, the Second Amendment to the US Constitution, and the firearms industry and lobby in impeding efforts to prevent gun violence. *Confronting Gun Violence in America* explores solutions to the gun violence problem in America, a country where 90 people die from gunshot wounds every day. The wide-range of solutions assessed include: a national gun licensing system; universal background checks; a ban on military-style weapons; better regulatory oversight of the gun industry; the use of technologies, such as the personalization of weapons; child access prevention; repealing laws that encourage violence; changing violent norms; preventing retaliatory violence; and strategies to rebuild American communities. This accessible and incisive book will be of great interest to students and researchers in criminology and sociology, as well as practitioners and policy-makers with an interest in gun ownership and violence.

Florida's Peace River Frontier Canter Brown, Edgar Canter Brown, 1991 Peace River is a location near Lake Hancock, north of present-day Bartow. Seminole hunting towns on Peace River lay in a five or six mile wide belt of land centered on and running down the river from Lake Hancock to below present-day Fort Meade. Oponay, who also was named Ochacona Tustenatty, was sent into Florida as a representative to the Seminoles on behalf of the Creek chiefs remaining loyal to the United States during the Seminole War. Oponay occupied the land adjacent to Lake Hancock and Saddle Creek. Peter McQueen and his party occupied the area to the south of Bartow. Quite likely their settlement included the remains of Seminole lodges and other facilities located on the west bank near the great ford of the river at Fort Meade. This important strategic position would have allowed the Red Sticks (Indians) to control not only access to the hunting grounds to the south, but communication and the trade with the Cuban fishermen at Charlotte Harbor, as well as the passage of representatives of Spain and England through the harbor.

Airport Marketing Nigel Halpern, Anne Graham, 2021-11-04 This accessible, up-to-date, comprehensive, and in-depth textbook introduces students and practitioners to the principles and practice of airport marketing as well as the major changes and future marketing challenges facing the airport sector. It applies principles of marketing within the airport industry, and examines airport marketing and its environment, how to define and measure the market for airport services, airport strategic marketing planning and individual elements of the airport marketing mix (product, price, distribution and promotion). The book integrates key elements of marketing theory with airport marketing in practice. Each chapter contains extensive industry examples for different types of airports from around the world to build on the theoretical base of the subject and show real-life applications. This new second edition has been updated to include: New and expanded content on branding and the passenger experience, marketing partnerships, engagement marketing and customer relationship management. Three brand new chapters on digital marketing, marketing for a more sustainable future, and crisis communications and marketing, in light of the Covid-19 pandemic. New, global case studies and examples throughout. This comprehensive textbook written by two airport marketing experts will be essential reading for air transport students and future managers.

The Machinery of Democracy Lawrence D. Norden, Eric Lazarus, Brennan Center for Justice. Task Force on Voting System Security, 2007 The Brennan Center at NYU convened a high-level task force of voting experts from government, academia, and business to systematically analyze various threats to voting technologies that are widely used across the country today. This book offers specific remedies and countermeasures to identify and protect democratic elections from widespread fraud and sabotage.

Arnsparger's Coaching Defensive Football Bill Arnsparger, 1998-07-24 Experience the thoughts and strategies of a highly successful former professional athletic coach and college athletic administrator with this excellent new source for defensive football strategies. In *Arnsparger's Coaching Defensive Football*, Bill Arnsparger shares his know-how, personal philosophies, and the essential details that make up a winning team, including: Basic information Run defense Pass coverage, including zone, man, and blitz Short yardage Goal line The substitution package of five, six, and seven defensive backs And much more! Special situations are covered as well—two minutes, offensive group formations, last play call, and unbalanced line adjustments. In addition to the technical aspects of the defense strategy, the mental aspects—the attitude, discipline, and motivation behind a winning defense—are presented. This is a complete defensive football coaching course packed into a single, hands-on reference. Students and athletes will learn from a master—and fans will find out what's behind the moves.

Evil Paradises Mike Davis, Daniel Bertrand Monk, 2011-07-16 *Evil Paradises*, edited by Mike Davis and Daniel Bertrand Monk, is a global guidebook to phantasmagoric but real places—alternate realities being constructed as “utopias” in a capitalist era unfettered by unions and state regulation. These developments—in cities, deserts, and in the middle of the sea—are worlds where consumption and inequality surpass our worst nightmares. Although they read like science fiction, the case studies are shockingly real. In Dubai, where child slavery existed until very recently, a gilded archipelago of private islands known as “The World” is literally being added to the ocean. In Medellín and Kabul, drug lords—in many ways textbook capitalists—are redefining conspicuous consumption in fortified palaces. In Hong Kong, Cairo, and even the Iranian desert, burgeoning communities of nouveaux riches have taken shelter in fantasy Californias, complete with Mickey Mouse statues, while their maids sleep in rooftop chicken coops. Meanwhile, Ted Turner rides herd over his bison in 2 million acres of private parkland. Davis and Monk have assembled an extraordinary group of urbanists, architects, historians, and visionary thinkers to reflect upon the trajectory of a civilization whose deepest ethos seems to be to consume all the resources of the earth within a single lifetime.

Gun Control on Trial Brian Doherty, 2008-11-01 In June 2008, the Supreme Court had its first opportunity in seven decades to decide a question at the heart of one of America's most impassioned debates: Do Americans have a right to possess guns? *Gun Control on Trial* tells the full story of the Court's decision in *District of Columbia v. Heller*, which ended the District's gun ban. With exclusive behind-the-scenes access throughout the process, author Brian Doherty is uniquely positioned to delve into the issues of this monumental case and provides compelling looks at the inside stories, including the plaintiffs' fight for the right to protect their lives, the activist lawyers who worked to affirm that right, and the forces who fought to stop the case.

N. W. Ayer & Son's American Newspaper Annual, 1891

A Land Remembered Patrick D. Smith, 2001 Traces the story of the MacIvey family of Florida from 1858 to 1968.

Reporting for the Media John R. Bender, 2012 Now in its tenth edition, *Reporting for the Media* continues to be an essential resource for journalism instructors. A sweeping introduction to newswriting and reporting, this classic text focuses on the basics of reporting--how to become more curious about the world, generate provocative ideas, gather vital information and write incisive stories. The authors emphasize such central topics as grammar basics, and common ethical dilemmas. In addition to its excellent pedagogy and coverage of the converged newsroom, the text also explores a variety of advanced topics including broadcast writing, law, ethics and public relations.
