Embroidered Country Gardens Lorna Bateman,2019-07-16 Learn how to embroider all the components of a country garden and then use this knowledge to create six exciting projects to keep. Experienced embroidery teacher Lorna Bateman is passionate about teaching and about nature. This book will appeal to and inspire both beginner embroiderers as well as more accomplished students. Learn from Lorna how to create beautiful flower designs, using raised and textured stitches to recreate your own idyllic English country garden. The book will walk you through a variety of stitches, how to embroider individual flowers from them and how to incorporate these into an original garden motif. For the nature enthusiast there is plenty to get excited about - an A-Z of English garden flowers and how to stitch them; a section on stitching common garden insects; and how to embroider iconic garden imagery such as birdbaths or garden ornaments. There are six elaborate and practical projects to stitch: needlecase, scissorkeeper, pincushion, thimblepip, glasses case, thread storer, and these make great keepsakes as well as gifts. The book also features a full-size pattern insert for making a vintage bag in which to keep the individual projects. Embroidered Country Gardens is peppered throughout with seeds of wisdom: invaluable hints and tips from the author to help you develop your own skills and unique style. American Gardens Monty Don,2020-10-27 Monty Don, Britain's treasured horticulturalist, and renowned photographer Derry Moore explore iconic and little-known gardens throughout America. For years, Britain's much-loved gardener Monty Don has been leading us down all kinds of garden paths to show us why green spaces are vital to our wellbeing and culture. Now, he travels across America with celebrated photographer Derry Moore to trace the fascinating histories of outdoor spaces which epitomize or redefine the American garden. In the book, which complements the BBC television series, they look at a variety of gardens and outdoor spaces at the center of American history including the slave garden at Thomas Jefferson's Monticello estate, Longwood Gardens in Delaware, and Middleton Place in South Carolina. Together, they visit verdant oases designed by modernist architects such as Richard Neutra. They delve into urban outdoor spaces, looking at New York City's Central Park, Lurie Garden at the southern end of Millennium Park in Chicago, and the Seattle Spheres. Derry Moore gives his unique perspective on gardens across the United States, including several not featured in the TV series. These include unpublished photographs of Bob Hope's Palm Springs home and garden of renowned architect Frank Lloyd Wright. Featuring luscious photography and Don's engaging commentary, this book will leave you with a richer understanding of how America's most important gardens came to be designed.

This book presents twenty-five of the city's most superb private gardens in color photographs and essays, from the meticulous restoration of a classic, early-nineteenth-century landscape to the lush attraction of a typical Charleston garden, to a rare collection of exotic tropical plants. *The Private Gardens of Charleston* offers a detailed view of these gardens in color photographs and essays which explore the diversity of gardening interests and styles, ranging from the elegant distinction of a typical Charleston garden--narrow, shady and verdant, and accented with the glorious color of azaleas and camellias--to an exotic garden containing a rare collection of tropical palms. Louisa Cameron presents the story of each garden with perception and intelligence, describing its background and unique artistry. The author provides useful information on a variety of plants, trees and gardening techniques that are successful in this area. The owners tell of their achievements and mistakes, offer problem-solving solutions to design and growth, and recall the personal and social joys a garden can inspire. Complementing the text are Mrs. Cameron's vibrant color photographs that capture texture, design and ornamentation in detailed perspectives of gardens, as well as inviting views from porches and walkways. *The Private Gardens of Charleston* offers an intimate tour of gardens which are rarely seen by the public.
