**Finite Groups II** B. Huppert,N. Blackburn,2012-12-06 17):~t? L It CIFDr- ! wei! unsre Weisheit Einfalt ist, From Lohengrin, Richard Wagner At the time of the appearance of the first volume of this work in 1967, the tempestuous development of finite group theory had already made it virtually impossible to give a complete presentation of the subject in one treatise. The present volume and its successor have therefore the more modest aim of giving descriptions of the recent development of certain important parts of the subject, and even in these parts no attempt at completeness has been made. Chapter VII deals with the representation theory of finite groups in arbitrary fields with particular attention to those of non-zero characteristic. That part of modular representation theory which is essentially the block theory of complex characters has not been included, as there are already monographs on this subject and others will shortly appear. Instead, we have restricted ourselves to such results as can be obtained by purely module-theoretical means.

*11 nætter før jul* Anna Fredriksson,2021-10-21 En hjertevarm julehistorie om, hvordan håb, juleglæde og den store kærlighed pludselig kan blusse op på ny midt i en grå og stresset julemåned. David har altid prioriteret sine egne drømme og mål højt. Det er dog svært for ham at få vanskelige chefer, udfordrende arbejdsopgaver og et mindst lige så krævende familieliv til at gå op i en højere enhed. Op til jul er det selvfølgelig endnu mere presset, særligt da David til sin store skræk opdager, at hans kone, Erika, betror sig om deres skrantende ægteskab til fremmede mennesker på internettet. For Erika er så ulykkelig, at hun har tænkt sig at gå fra David på juleaftensdag. Kan David og Erika her elleve dage før jul nå at ændre kursen for deres liv, så juleglæden og kærligheden kan blomstre på ny?

Første Mosebog 1-11: Begyndelsen på Alt Harold Lerch,2021-12-28 De første elleve kapitler i den første bog i Bibelen er grundlaget for resten af teksten. Det dækker skabelsen af tid, rum, energi og stof. De første mennesker begår den første synd, Arvesynden, og derfor har vi brug for en Frelser. Mennesket er korrupt, Gud ødelægger alt jordisk liv, og skabelsen genfødes. Mennesket adlyder gentagne gange Gud, men fylder til sidst jorden. Alt andet er bygget på disse fakta.

*The Death of the Artist* William Deresiewicz,2020-07-28 A deeply researched warning about how the digital economy threatens artists' lives and work—the music, writing, and visual art that sustain our souls and societies—from an award-winning essayist and critic There are two stories you hear about earning a living as an artist in the digital age. One comes from Silicon Valley. There's never been a better time to be an artist, it goes. If you've got a laptop, you've got a recording studio. If you've got an iPhone, you've got a movie camera. And if production is cheap, distribution is free: it's called the Internet. Everyone's an artist; just tap your creativity and put your stuff out there. The other comes from artists themselves. Sure, it goes, you can put your stuff out there, but who's going to pay you for it? Everyone is not an artist. Making art takes years of dedication, and that requires a means of support. If things don't change, a lot of art will cease to be sustainable. So which account is true? Since people are still making a living as artists today, how are they managing to do it? William Deresiewicz, a leading critic of the arts and of contemporary culture, set out to answer those questions. Based on interviews with artists of all kinds, *The Death of the Artist* argues that we are in the midst of an epochal transformation. If artists were artisans in the Renaissance, bohemians in the nineteenth century, and professionals in the twentieth, a new paradigm is emerging in the digital age, one that is changing our fundamental ideas about the nature of art and the role of the artist in society.
