Calvin's Tormentors Gary W. Jenkins, 2018-04-17 This book offers a unique approach to Calvin by introducing the individuals and groups who, through their opposition to Calvin's theology and politics, helped shape the Reformer, his theology, and his historical and religious legacy. Respected church historian Gary Jenkins shows how Calvin had to defend or rethink his theology in light of his tormentors' challenges, giving readers a more nuanced view of Calvin's life and thought. The book highlights the central theological ideas of the Swiss Reformation and introduces figures and movements often excluded from standard texts.

John Jewel and the English National Church Gary W. Jenkins, 2016-05-06 John Jewel (1522-1571) has long been regarded as one of the key figures in the shaping of the Anglican Church. A Marian exile, he returned to England upon the accession of Elizabeth I, and was appointed bishop of Salisbury in 1560 and wrote his famous *Apologia Ecclesiae Anglicanae* two years later. The most recent monographs on Jewel, now over forty years old, focus largely on his theology, casting him as deft scholar, adept humanist, precursor to Hooker, arbiter of Anglican identity and seminal mind in the formation of Anglicanism. Yet in light of modern research it is clear that much of this does not stand up to closer examination. In this work, Gary Jenkins argues that, far from serving as the constructor of a positive Anglican identity, Jewel's real contribution pertains to the genesis of its divided and schizophrenic nature. Drawing on a variety of sources and scholarship, he paints a picture not of a theologian and humanist, but an orator and rhetorician, who persistently breached the rules of logic and the canons of Renaissance humanism in an effort to claim polemical victory over his traditionalist opponents such as Thomas Harding. By taking such an iconoclastic approach to Jewel, this work not only offers a radical reinterpretation of the man, but of the Church he did so much to shape. It provides a vivid insight into the intent and ends of Jewel with respect to what he saw the Church of England under the Elizabethan settlement to be, as well as into the unintended consequences of his work. In so doing, it demonstrates how he used his Patristic sources, often uncritically and faultily, as foils against his theological interlocutors, and without the least intention of creating a coherent theological system.

Leaving Vegas Gary Jenkins, 2016-12-17 Blackmail. Bombs. Hit teams and executions. Skimming of casino profits. Illegal sports gaming. These tactics were business as usual for members of the mafia in the United States in the 1970s. But a team of F.B.I. agents and Kansas City Police Department detectives decided, in those corrupt days, to take advantage of new court-ordered wiretap privileges to curtail some of the graft in that city. The result of those efforts was the end of the mob's domination of Las Vegas casino operations, the imprisonment of key players and the decimation of the mafia's influence in Kansas City, Chicago, Milwaukee and Las Vegas. An ex-cop from Kansas City was part of the team that tackled the mafia corruption. He compiled this account of the surveillance efforts by including verbatim wiretap transcripts that tell the story of those days in the words of the mob's key operatives themselves. *Leaving Vegas* takes you behind the scenes, detailing the drama from the point of view of the surveillance teams listening in on the conversations, as well as providing the flavor of the relationships between the mobsters. Prison sentences and an end to the bulk of the mob violence in Kansas City wrote a happy ending to this story. Jenkins provides plenty of context to this milestone investigation, as well as photos of the key players and surveillance locations.

The Immortal 10 Gary Jenkins, 2017-10-05 In Gary Jenkins' second historical novel (*John Brown and the Last Train*) about the Kansas Underground Railroad, he tells about how an UGRR conductor is taken into the jails of Weston, Platte City and St. Joseph, Missouri until the Immortal 10 ride to his rescue. The Immortal 10 is based on the 1860 memoir, *The Narrative of John Doy, of Lawrence, Kansas*. In this exciting story of an interrupted trip up the Underground Railroad the author reveals the dark and dismal life of the Missouri slave trade, ending with an exciting rescue by ten brave men of

Kansas. The author combines historical facts with human elements and rich dialogue to reveal life along the border between the Kansas Territory, free territory, and Missouri, a slave state.

Nala's World Dean Nicholson,2020-09-29 Discover the nationally bestselling, true story of a life-changing friendship between a man and his rescue cat, Nala, as they adventure together on a bike journey around the world -- from the Instagram phenomenon @1bike1world. When 30-year-old Dean Nicholson set off from Scotland to cycle around the world, his aim was to learn as much as he could about our troubled planet. But he hadn't bargained on the lessons he'd learn from his unlikely companion. Three months after leaving home, on a remote road in the mountains between Montenegro and Bosnia, he came across an abandoned kitten. Something about the piercing eyes and plaintive meowing of the bedraggled little cat proved irresistible. He couldn't leave her to her fate, so he put her on his bike and then, with the help of local vets, nursed her back to health. Soon on his travels with the cat he named Nala, they forged an unbreakable bond -- both curious, independent, resilient and adventurous. The video of how they met has had 20 million views and their Instagram has grown to almost 750k followers -- and still counting! Experiencing the kindness of strangers, visiting refugee camps, rescuing animals through Europe and Asia, Dean and Nala have already learned that the unexpected can be pretty amazing. Together with Garry Jenkins, writer with James Bowen of the bestselling *A Street Cat Named Bob*, Dean shares the extraordinary tale of his and Nala's inspiring and heart-warming adventure together.

The State of Jones Sally Jenkins,John Stauffer,2010-05-04 Covering the same ground as the major motion picture *The Free State of Jones*, starring Matthew McConaughey, this is the extraordinary true story of the anti-slavery Southern farmer who brought together poor whites, army deserters and runaway slaves to fight the Confederacy in deepest Mississippi. Moving and powerful. -- *The Washington Post*. In 1863, after surviving the devastating Battle of Corinth, Newton Knight, a poor farmer from Mississippi, deserted the Confederate Army and began a guerrilla battle against it. A pro-Union sympathizer in the deep South who refused to fight a rich man's war for slavery and cotton, for two years he and other residents of Jones County engaged in an insurrection that would have repercussions far beyond the scope of the Civil War. In this dramatic account of an almost forgotten chapter of American history, Sally Jenkins and John Stauffer upend the traditional myth of the Confederacy as a heroic and unified Lost Cause, revealing the fractures within the South.

The result is a knee-slapping, star-studded, once-in-a-lifetime memoir from one of the most important, hilarious, and semi-cantankerous sportswriters ever.

The Last Bookseller Gary Goodman,2021-12-07 A wry, unvarnished chronicle of a career in the rare book trade during its last Golden Age When Gary Goodman wandered into a run-down, used-book shop that was going out of business in East St. Paul in 1982, he had no idea the visit would change his life. He walked in as a psychiatric counselor and walked out as the store's new owner. In *The Last Bookseller* Goodman describes his sometimes desperate, sometimes hilarious career as a used and rare book dealer in Minnesota—the early struggles, the travels to estate sales and book fairs, the remarkable finds, and the bibliophiles, forgers, book thieves, and book hoarders he met along the way. Here we meet the infamous St. Paul Book Bandit, Stephen Blumberg, who stole 24,000 rare books worth more than fifty million dollars; John Jenkins, the Texas rare book dealer who (probably) was murdered while standing in the middle of the Colorado River; and the eccentric Melvin McCosh, who filled his dilapidated Lake Minnetonka mansion with half a million books. In 1990, with a couple of partners, Goodman opened St. Croix Antiquarian Books in Stillwater, one of the Twin Cities region's most venerable bookshops until it closed in 2017. This store became so successful and inspired so many other booksellers to move to town that Richard Booth, founder of the “book town” movement in Hay-on-Wye in Wales, declared Stillwater the First Book Town in North America. The internet changed the book business forever, and Goodman details how, after 2000, the internet made stores like his obsolete. In the 1990s, the

Twin Cities had nearly fifty secondhand bookshops; today, there are fewer than ten. As both a memoir and a history of booksellers and book scouts, criminals and collectors, *The Last Bookseller* offers an ultimately poignant account of the used and rare book business during its final Golden Age.

But Jake soon discovered he couldn't practice medicine any longer with a clear conscience. He felt people were charged too much, and therefore left the profession. Then came the tragic day that a friend's wife suffered a heart attack, and Jake was forced to return to the profession he despised. While treating his patient and listening to her tell him about God, Jake inherited a desire to know more. One of the doctors who assisted with his patient was Dr. Sherry McNeil. Jake fell in love and married Sherry, only to have sadness return. This is a story of regret, love, tragedy, death, and then love and love even again.

The End of the Golden Gate, 2021-05-25 Capturing an ever-changing San Francisco, 25 acclaimed writers tell their stories of living in one of the most mesmerizing cities in the world. Over the last few decades, San Francisco has experienced radical changes with the influence of Silicon Valley, tech companies, and more. Countless articles, blogs, and even movies have tried to capture the complex nature of what San Francisco has become, a place millions of people have loved to call home, and yet are compelled to consider leaving. In this beautifully written collection, writers take on this Bay Area-dweller's eternal conflict: Should I stay or should I go? Including an introduction written by Gary Kamiya and essays from Margaret Cho, W. Kamau Bell, Michelle Tea, Beth Lisick, Daniel Handler, Bonnie Tsui, Stuart Schuffman, Alysia Abbott, Peter Coyote, Alia Volz, Duffy Jennings, John Law, and many more, *The End of the Golden Gate* is a penetrating journey that illuminates both what makes San Francisco so magnetizing and how it has changed vastly over time, shapeshifting to become something new for each generation of city dwellers. With essays chronicling the impact of the tech-industry invasion and the evolution, gentrification, and radical cost of living that has transformed San Francisco's most beloved neighborhoods, these prescient essayists capture the lasting imprint of the 1960s counterculture movement, as well as the fight to preserve the art, music, and other creative movements that make this forever the city of love. For anyone considering moving to San Francisco, wishing to relive the magic of the city, or anyone experiencing the sadness of leaving the bay—and ultimately, for anyone that needs a reminder of why we stay. Bound to be a long-time staple of San Francisco literature, anyone who has lived in or is currently living in San Francisco will enjoy the rich history of the city within these pages and relive intimate memories of their own. • GIVING BACK TO THE COMMUNITY: A percentage of the proceeds will be given to charities that help those in the bay experiencing homelessness. Every copy purchased offers a small way to help those in need.

Dirty Dealing Gary Cartwright, 2010-11-09 Cartwright tells the story of the Chagra brothers, Lee and Joe, as they get mixed up with the drug-running community along the border and in short order find themselves hopelessly entangled in a net cast by the DEA. Even readers unfamiliar with the well-publicized events of the book or of the dark, lawless aspect that often rules El Paso will find themselves pulled along by the plot: brigands and intrigue leap from almost every page, and the story just gets wilder the further into it you venture.—from an Amazon.com review Four pages into this rollicking good story, the central figure, Lee Chagra, comes alive: [Lee] washed his morning cocaine down with strong coffee and remembered the time he had met Sinatra, how genuine he appeared. Everything you'll need to know and remember about Chagra—the son of Syrian immigrants to Mexico and an attorney who spun the world of dope-running, border-crossing, high-living outlaws along the El Paso–Juarez border around his finger like the gaudy rings he favored—can be neatly summarized in that one sentence. Chagra dies two pages later, yet he haunts the rest of this cautionary tale like a high-rolling specter. Gary Cartwright is a long-respected, award-winning journalist and contributing editor to Texas Monthly magazine. The author of numerous books, he has contributed stories to such national publications as Harper's, Life, and Esquire. He lives in Austin, Texas.
