**Crushing It!** Gary Vaynerchuk, 2018-01-30 Four-time New York Times bestselling author Gary Vaynerchuk offers new lessons and inspiration drawn from the experiences of dozens of influencers and entrepreneurs who rejected the predictable corporate path in favor of pursuing their dreams by building thriving businesses and extraordinary personal brands. In his 2009 international bestseller *Crush It*, Gary insisted that a vibrant personal brand was crucial to entrepreneurial success. In *Crushing It!*, Gary explains why that's even more true today, offering his unique perspective on what has changed and what principles remain timeless. He also shares stories from other entrepreneurs who have grown wealthier—and not just financially—than they ever imagined possible by following *Crush It* principles. The secret to their success (and Gary's) has everything to do with their understanding of the social media platforms, and their willingness to do whatever it took to make these tools work to their utmost potential. That's what *Crushing It!* teaches readers to do. In this lively, practical, and inspiring book, Gary dissects every current major social media platform so that anyone, from a plumber to a professional ice skater, will know exactly how to amplify his or her personal brand on each. He offers both theoretical and tactical advice on how to become the biggest thing on old standbys like Twitter, Facebook, YouTube, Instagram, Pinterest, and Snapchat; podcast platforms like Spotify, Soundcloud, iHeartRadio, and iTunes; and other emerging platforms such as Musical.ly. For those with more experience, *Crushing It!* illuminates some little-known nuances and provides innovative tips and clever tweaks proven to enhance more common tried-and-true strategies. *Crushing It!* is a state-of-the-art guide to building your own path to professional and financial success, but it's not about getting rich. It's a blueprint to living life on your own terms.

*Quicklet On Gary Vaynerchuk's Crush It! (CliffsNotes-like Book Summary)* Milie Lapidario, 2012-02-04 ABOUT THE BOOK I still remember the moment this book beckoned me from the shelf. It was a chaotic time in my life. I was juggling working at a biotech company, planning a wedding, and tending to my senior dog, Chanco. I stressed out over everything, while knowing that none of it brought me closer to my dream. After every mind-numbing work day, I regretted ignoring my passion to write. Once I picked up *Crush It!*, I soon found myself sitting Indian-style at FedEx, like a bookworm at a library. What does it mean to live your passion? Gary writes: It means that when you get up for work every morning, every single morning, you are pumped because you get to talk about or work with or do the thing that interests you the most in the world. You don't live for vacations because you don't need a break from what you're doing - working, playing, and relaxing are one and the same. You don't even pay attention to how many hours you're working because to you, it's not really work. You're making money, but you'd do whatever it is you're doing for free. MEET THE AUTHOR Millie Lapidario is a writer, editor, traveler, raw foodie and decoupage artist. She recently published an eBook for Hyperink called *How To Get An Expat Job in China*. Her work has appeared in the San Francisco legal newspaper *The Recorder*, *The Daytona Beach News-Journal*, and *The San Francisco Chronicle's* entertainment publication *96 Hours*. She holds a B.A. in Ethnic Studies and a B.A. in Mass Communications from the University of California, Berkeley. In 2003, she learned from some of the country's top storytelling gurus during her reporting fellowship at the Poynter Institute of Media Studies in St. Petersburg, Florida.

**Summary: *Crushing It!*** by Gary Vaynerchuk Noah Stewart, 2018-03-14 For entrepreneurs, the internet is your oyster. Since the publication of the author's first book in 2009, younger consumers are spending more time than ever consuming content online. Brands have tripled the amount they spend on social media to reach this audience. Thanks to advertising, the top YouTubers earn a combined \$70 million. This is the influencer market, and just about anybody with skill, diligence, and patience can jump in. Show off what you love online and make money doing it. Thanks to the Internet, everyone who would have been scraping the bottom for influence can now grow a fan base and generate income. An influencer is someone with so much social media influence that businesses will pay them to appear with their products. If you're big enough, people might pay you just simply to be you. In order to survive as an entrepreneur, you must think ahead of your current successes and seek ways to create more success. Don't limit yourself to just one platform - create a personal brand so powerful that it transcends all platforms. Julie Andrews was a star singer until cancer and her vocal cords were removed; however, her fame lived on with the children's books she had written. Oddly enough, it isn't just artists, photographers, and musicians who are crafting their personal brand on the internet - anyone can do it. The skills you learned in a job you hate could carry over to your personal brand, such as Dan Markham, who was a sales rep before becoming a YouTube cohost. There is no prescribed route to success. A humble beekeeper could tomorrow start an Instagram account, branch out into content outside bees, and become amazingly successful. If you aren't crushing it, it's not because you're too old, poor, or untalented. You haven't taken the big leap yet. You're making excuses. It will be difficult for a long time, but once you build a solid personal brand, you will be in complete control of your routine - and your life. This book is not a 9-step solution program, just examples that you can choose to follow for your own success. But you have to do it.

**The Thank You Economy (Enhanced Edition)** Gary Vaynerchuk, 2011-03-08 "Gary Vaynerchuk has seen the future of marketing. The Thank You Economy shows how it's built on both the time-honored techniques of listening to and appreciating customers and newer services like Twitter that allow you to engage directly with customers at unprecedented scale and speed. The book, like Gary, is also a lot of fun and full of passion." —Dick Costolo, chief executive officer, Twitter Gary Vaynerchuk, the New York Times bestselling author and creator of Wine Library TV, is back with a bold and expansive look at the evolution of today's marketplace, revealing the essential factors defining and driving successful relationships between businesses and consumers. In this groundbreaking follow-up to the bestselling *Crush It!*, Vaynerchuk—one of Bloomberg Businessweek's "20 People Every Entrepreneur Should Follow"—looks beyond a numbers-based analysis to explore the value of social interactions in building our economy.

**Jab, Jab, Jab, Right Hook** Gary Vaynerchuk, 2013-11-26 New York Times bestselling author and social media expert Gary Vaynerchuk shares hard-won advice on how to connect with customers and beat the competition. A mash-up of the best elements of *Crush It!* and *The Thank You Economy* with a fresh spin, *Jab, Jab, Jab, Right Hook* is a blueprint to social media marketing strategies that really works. When managers and marketers outline their social media strategies, they plan for the "right hook"—their next sale or campaign that's going to knock out the competition. Even companies committed to jabbing—patiently engaging with customers to build the relationships crucial to successful social media campaigns—want to land the punch that will take down their opponent or their customer's resistance in one blow. Right hooks convert traffic to sales and easily show results. Except when they don't. Thanks to massive change and proliferation in social media platforms, the winning combination of jabs and right hooks is different now. Vaynerchuk shows that while communication is still key, context matters more than ever. It's not just about developing high-quality content, but developing high-quality content perfectly adapted to specific social media platforms and mobile devices—content tailor-made for Facebook, Instagram, Pinterest, Twitter, and Tumblr.
