Press Nora Phoenix,2024-03-22 Henley is off-limits for Levar. So why can't he stay away? Five years ago, Levar survived a terrorist attack. The bombing left its scars, but he's picked up his life. He loves working for the vice president—who is openly bisexual—as his press secretary. Levar can't afford a pesky attraction that proves to be frustratingly stubborn. Worse, those highly combustible sparks are with the very last person he should be falling for: Henley Platt, a well-known reporter covering the White House. Henley may not be Levar's enemy, but he's definitely not his friend. He can't be, not when their jobs put them on opposite sides. Henley is absolutely off-limits, even when he shows his appreciation for the sexy lingerie Levar loves to wear. When the terrorists strike again with a devastating blow to the White House, Levar and Henley lean on each other for support. The sparks become a raging fire that won't be doused, but what happens if they're found out? *Press* is the first book in the White House Men series, a romantic suspense gay romance series set in the White House. Think *The West Wing* but gay, and with less politics. Each book has a new love story with a happily ever after, but the suspense plot ends on a cliffhanger and will be continued in the rest of the series, so the series needs to be read in order. *Press* has 100k words. Strong TW for detailed description of terrorist attack.

He loves his job in the Residence of the White House, but what he craves is serving. A Dom. Or in his case: two. When tragedy strikes once again, Denali offers himself to Milan, the president's brother in law. Milan accepts, but he insists Secret Service agent Asher joins them as well. Denali is more than fine with that. Two hot, dominant men is even better than one, right? One encounter leads to more. Asher warns Denali that he can't fall for Milan, that the tough, closed off Dom will break his heart. He's learned that the hard way himself. But Denali knows no other way than to give himself completely, and he's willing to deal with the consequences. When Milan and Asher prove to be too stubborn to see the truth, it's Denali who shows them that love is worth taking a risk for. But will it be enough to bring them together? And how will everyone heal and move on after the most

devastating blow yet? *Serve* is an MMM gay romance with an age gap, featuring a Dom, a switch, and a super sweet boy. Sexual Abuse and Sexuality Kyle Phoenix,2015-03-20 It can be hard defining and discerning the difference between sexual abuse and sexual experimentation that you may've experienced as a child and teenager. But it is a rampant issue of boys, bi, gay and same gender loving being sexualized so early that they're forever confused and questioning themselves. Was their sexuality obvious as a child? Were they targeted because of it? Even more confusing, are they not heterosexual because of that sexual contact? How to reconcile enjoying something that

may've crossed boundaries? How to reconcile receiving pleasure in something that was non-consensual? This report will help you take a look at your experiences and measure what was truth, consensual, abusive, experimentation and then bring you forward to look at your behaviors today as an adult and reconcile whether your issues with intimacy stem from that or something else.

Ziggy K M Neuhold, Nora Phoenix, 2020-04-28 As far as I can tell I don't have a submissive bone in my body. So why do I like it so much when Marshall calls me his good puppy? I've made some impulsive decisions in my life, but signing a contract with the K Boys to shoot an Introduction to Kink series may have been the biggest impulse ever. Sure, the intimate part of it doesn't faze me, but the rest is way more intense than I had expected. Luckily, there's Marshall, the consultant who oversees all the shoots. He's so calm and steady, and he's there for me when I panic. That doesn't mean I suddenly like being tied up or something...until Marshall introduces me to puppy play. I want to be his good puppy...and much more because it's hard not to fall for him. But I still have a contract. I don't want to disappoint my boss, and I need the money. This isn't a long-term career plan, Marshall is only temporarily in Vegas, and I may have made the biggest mistake of my life... Or have I? Ziggy is a low-angst MM romance that shows a variety of mild kink, including puppy play. It's the second book in the K Boys series and can be read as a standalone, though it's more fun to read the books in order.

Friends Nora Phoenix, 2024-04-05 Seth is so confused. If Coulson is straight, why is he checking Seth out? Seth is an out and proud Secret Service agent. When he's asked to assist the FBI on an investigation, he meets FBI agent Coulson. Coulson is straight. Or so he says. Seth has no reason to doubt that, not even when they become close friends. Really close friends. But that's all they are: friends. Until Seth finds himself checking Coulson out a little too closely—especially certain over-sized body parts—and notices Coulson doing the same to him. For someone who's straight, Coulson shows a lot of interest in Seth's dating life, his preferences, and his hookups. Could it be that he's not so straight after all? Meanwhile, every discovery they make in their investigation leads to even more questions. Who's really behind the assassination? How did they pull it off? And most importantly: what are they planning next? Friends is a friends-to-lovers romance that begins with a slow burn friendship but ends in high steam. The White House Men series is a romantic suspense set in the White House. Like what would

happen if The West Wing and The American President had a gay lovechild. Each book has a new love story with a happily ever after, but the suspense plot ends on a cliffhanger and will be continued in the rest of the series, so the series needs to be read in order. Strong TW for detailed description of terrorist attack.

But how will his father react when he learns Kenn doesn't want Warrick to be merely his teacher and his boyfriend...but his Daddy? It's the fifth book in the White House Men series, a continuing MM romantic suspense series set in the White House that needs to be read in order. But what happens when two weeks later, Jack has a job to return to...and neither one of them wants to let go?
