Alan Downs

The Velvet Rage Alan Downs, 2006-04-25 The gay male world today is characterized by seductive beauty, artful creativity, flamboyant sexuality, and, encouragingly, unprecedented acceptability in society. Yet despite the progress of the recent past, gay men still find themselves asking, Are we really better off? The inevitable byproduct of growing up gay in a straight world continues to be the internalization of shame, a shame gay men may strive to obscure with a façade of beauty, creativity, or material success. Drawing on contemporary psychological research, the author's own journey to be free of anger and of shame, as well as the stories of many of his friends and clients, *The Velvet Rage* outlines the three distinct stages to emotional well-being for gay men. Offering profoundly beneficial strategies to stop the insidious cycle of avoidance and self-defeating behavior, *The Velvet Rage* is an empowering book that will influence the public discourse on gay culture, and positively change the lives of gay men who read it.

Gaydar Kim Dare, 2009-03-30 Find a gay man in a gay bar. Matt's sure that should be a lot easier than it actually is. Matt's having a run of bad luck - one that's lasted ever since he stepped out of the closet. An uncanny ability to home in on the only straight guy in a bar room full of gay men really isn't doing his sex life any favours. A knack for picking complete jerks whenever he does stumble upon a genuinely gay man isn't helping either. But, this time everything is going to be different. This time Matt's absolutely sure his gaydar has guided him towards a completely sane, entirely gay man - which is why he's arranged to meet him in the gents' room in five minutes. What could possibly go wrong?

Meet The Hottie In The Corner Woody

Miller, 2015-01-08 Learn How To Meet & Attract Guys You've Always Dreamed Of... From The Host Of The International Hit TV Series, The Sex Inspectors! Three things stop you from meeting the kind of guys you want to have sex with, date or get into a relationship with... 1. Fear of Rejection 2. Not Knowing What To Say. 3. Not Knowing What To Do. If you're like a lot of gay men, you're in a low-confidence, low-competence trap. Not knowing what to say or do lowers your confidence and the lack of confidence stops you from trying. What you need

is a plan. Whether you're looking for love, sex, or intimacy, you need something that shows you how to conquer your fear of rejection and learn powerful conversational techniques that makes you irresistible to attractive guys so that gay dating becomes fun again. Here is Mike's 8-step plan:

Step 1: CONQUER YOUR FEAR OF REJECTION Learn the formula to eliminating "approach anxiety" so you can talk to ANYBODY anywhere without sounding needy or insecure.

Step 2: GET ROCK STAR CONFIDENCE With these strategies you'll be able to walk into a room with seductive confidence and irresistible charisma.

Step 3: GET GUYS TO PURSUE YOU By "Demonstrating Value," you can literally get the hottest guy in the room to pursue YOU. All you have to do is understand a few fundamentals about human nature and apply them.

Step 4: SAY SOMETHING CLEVER What can you say to somebody that won't sound like a cheesy pick up line or an awkward, try-hard attempt to sound cool? Try these irresistible, no-rejection openers. They'll capture the imagination, stir curiosity and set the stage for a real connection. Use them TONIGHT.

Step 5: CREATE A POWERFUL FIRST IMPRESSION By combining the concepts of scarcity, rapport and 'social proof,' you can make an unforgettable statement. He'll remember you the next time you meet and you'll be drawn subconsciously into the same role that created the first impression. How to do it? It'll all in the gay dating section, P. 31-36.

Step 6: MAKE YOURSELF MORE APPEALING Every gay guy you approach has two questions: "Are you hitting on me or just being friendly?" and "How long are you going to be?" Learn how to make yourself more appealing by overcoming these roadblocks.

Step 7: BUILD ATTRACTION This series of irresistible conversational strategies teach you how to think outside of yourself, consider other people's reality, talk from a place of sincerity, understand the underlying humanity

behind conversations, connect in meaningful ways, and add value to people's lives. Step 8: KEEP IT EXCITING Learn how to prevent 'conversation stalling' and awkward silences by using "Multiple Threads." You'll create energy, rapport and lots of things to talk about. MEET HOTTER GAY GUYS Will Help You... • Have More Sex • Get More Dates • Land A Boyfriend Download It Today. Use It Tonight!

Attract Hotter Guys Woody Miller, 2018-05-31
Attract Hotter Guys With Irresistible Body LanguageAre you subconsciously sending "go away" signals to cute guys? Learn how gestures, postures, stances, and handshakes make you more approachable with the first body language guide for gay men. *Attract Hotter Guys* is Book #2 of 3 Books In The Gay Dating Series. Look In The Mirror. Your Body Language Is All WrongCan I tell you a story? Going out to bars and parties destroyed my self-esteem. I felt like a complete loser. How many times can you come home without meeting anybody before you feel like there's something wrong with you? Seriously, have you ever come home from parties, events, clubs and bars more depressed than when you left? If you're like me, you've tried everything. Different bars, different people, different events. You changed your look, your clothes, your style. The result? Nada, nothing, zip. You may as well go straight. Well one day, I met a body language expert. He told me something that would change my life: Half the Guys You Like Are Turned Off By Your Body LanguageYou know what my reaction was? "Bullsh_t." I mean, come on! Body language? I'm not meeting good looking guys because of my body language? Puh-leeze. Stay with me because this is where it gets interesting. The body language expert (a psychologist, actually) took me under his wing and coached me in the art of using body language to attract the kind of guys I liked. He wanted a guinea pig-ME-to prove that the sexual body

language principles that work for straight couples could, with some adaptation, work for gay men. Yes, body language for gay men. Here's a partial list of what he changed: * The way I shook hands. * The way I leaned in (or away). * How I pointed with my feet (yes, feet, long story). * The angle that I talked to people. * The direction that I approached guys I wanted to meet. * The way I looked at guys I was interested in. * The way I used my body to catch their eye. * The way I used my hands to gesture. The result? In less than an hour, two good-looking guys struck up a conversation with me! After that profound revelation I was determined to make this knowledge available to all other gay guys who couldn't figure out why their love life sucked. So here it is and here's what you'll learn: MAKE YOURSELF MORE APPROACHABLE 1. Wear certain types of shirts and pants. Research shows men are far more attracted to clothes that... Well, it's on Page 23. 2. Wear a certain type of jewelry and accessories. I'll give away one of the secrets right now: Shoes! Find out why on Page 25. 3. Open your "Territory Line." I show you how to do it on Page 26. 4. Create "Invisible Hallways" between the two of you by using your hands and arms while you're talking to friends. 5. Point with your hands, your feet and your head. This is a little known secret among communication researchers. Pointing is an "invitation" (it also reveals how he feels about you). Where should you point and how? It's all on Page 28. 6. Use Inviting Postures. Whether you're standing, sitting (even slouching), there are do's and don'ts to show your interest. They're all on Page 29. 7. Make it easy for him to touch you. See Page 30 for inventive things you can wear or do to make touching you irresistible. They work like a charm! Fed Up With Feeling Invisible At Bars & Parties? Not meeting the type of guys you like? Frustrated you always have to make the first move?

Use this guide to change your body language and watch how many more attractive guys approach you.

Real Queer America Samantha Allen, 2019-03-05
LAMBDA LITERARY AWARD FINALIST A transgender reporter's powerful, profoundly moving narrative tour through the surprisingly vibrant queer communities sprouting up in red states (New York

Times Book Review), offering a vision of a stronger, more humane America. Ten years ago, Samantha Allen was a suit-and-tie-wearing Mormon missionary. Now she's a GLAAD Award-winning journalist happily married to another woman. A lot in her life has changed, but what hasn't changed is her deep love of Red State America, and of queer people who stay in so-called flyover country rather than moving to the liberal coasts. In *Real Queer America*, Allen takes us on a cross-country road-trip stretching all the way from Provo, Utah to the Rio Grande Valley to the Bible Belt to the Deep South. Her motto for the trip: Something gay every day. Making pit stops at drag shows, political rallies, and hubs of queer life across the heartland, she introduces us to scores of extraordinary LGBT people working for change, from the first openly transgender mayor in Texas history to the manager of the only queer night club in Bloomington, Indiana, and many more. Capturing profound cultural shifts underway in unexpected places and revealing a national network of chosen family fighting for a better world, *Real Queer America* is a treasure trove of uplifting stories and a much-needed source of hope and inspiration in these divided times.

Helping Gay Men Find Love Israel Martinez, 2017-09-18 Navigating the complex dating world is difficult, but finding a life partner is particularly challenging for gay men. On the surface alone, the pool of options is significantly smaller, and potential matches can be hard to spot. But psychology also plays an important role. Growing up as a sexual minority often leads to insecurities and developmental issues particular to gay men, and these create roadblocks when attempting to build a healthy relationship. Author and psychotherapist Israel Martinez, LCSW, who himself identifies as gay, has helped many LGBT clients work through these obstacles in their efforts to find lasting love. His well-researched, well-tested, and effective techniques begin by addressing self-esteem issues

and from there work toward building practical relationship skills. These skills, paired with sincere effort, will markedly increase the chances of finding-and sustaining-a healthy partnership. A straightforward and helpful guide, *Helping Gay Men Find Love* builds on itself chapter by chapter, guiding readers through each stage-from the first date to meeting the parents. This book gives gay men a better chance of acquiring what all human beings need: love and companionship.

Gay Men, Identity and Social Media Elija Cassidy, 2018-04-09 This book explores how the social and technical integration of mainstream social media into gay men's digital cultures since the mid 2000s has played out in the lives of young gay men, looking at how these convergences have influenced more recent iterations of gay men's digital culture. Focusing on platforms such as Gaydar, Facebook, Grindr and Instagram, Cassidy highlights the ways that identity and privacy management issues experienced in this context have helped to generate a culture of participatory reluctance within gay men's digital environments.

Gaydar Culture Sharif Mowlabocus, 2016-04-22
Popular culture has recognized urban gay men's use of the Web over the last ten years, with gay Internet dating and Net-cruising featuring as narrative devices in hit television shows. Yet to date, the relationship between urban gay male culture and digital media technologies has received only limited critical attention. *Gaydar Culture* explores the integration of specific techno-cultural practices within contemporary gay male sub-culture. Taking British gay culture as its primary interest, the book locates its critical discussion within the wider global context of a proliferating model of Western 'metropolitan' gay male culture. Making use of a series of case studies in the development of a theoretical framework through which past, present and future practices of digital immersion can be understood and critiqued; this book constitutes a timely intervention into the fields of digital media studies, cultural studies and the study of gender and sexuality.
