D.R. Grady

Geek Love Katherine Dunn, 2011-05-25 National Book Award Finalist • Here is the unforgettable story of the Binewskis, a circus-geek family whose matriarch and patriarch have bred their own exhibit of human oddities--with the help of amphetamines, arsenic, and radioisotopes. Their offspring include Arturo the Aquaboy, who has flippers for limbs and a megalomaniac ambition worthy of Genghis Khan . . . Iphy and Elly, the lissome Siamese twins . . . albino hunchback Oly, and the outwardly normal Chick, whose mysterious gifts make him the family's most precious--and dangerous--asset. As the Binewskis take their act across the backwaters of the U.S., inspiring fanatical devotion and murderous revulsion; as its members conduct their own Machiavellian version of sibling rivalry, *Geek Love* throws its sulfurous light on our notions of the freakish and the normal, the beautiful and the ugly, the holy and the obscene. Family values will never be the same.

Murloc Soup For The Geek Soul Mandy Osipenko,

Collect All 21! Memoirs of a Star Wars Geek - The First 30 Years John Booth, 2008-07-14 Opening that first Darth Vader figure and putting him in a Landspeeder. Imagining a snowy elementary school playground as the wastes of Hoth. Seeing Return of the Jedi on opening night. Moments like these - and a galaxy more - make up three decades of Memoirs of a Star Wars Geek. John takes the reader from a childhood packed with Star Wars guys (never action figures) and Christmas wishes both fulfilled and unrealized, through the

years when the trilogy lay dormant to the mainstream public's eye, and into an age of seeing George Lucas' universe as an adult while exploring it again as a parent. Gracefully laying bare both the good and not-so-good times, this collection, with its origins as a series on his web site, FieldsEdge.com, is a love letter from a self-aware geek written under the sometimes harsh light of hindsight, softened with understanding. It captures the innocence and wonder and infinite possibilities of what it meant to an eight-year-old to Collect All 21!

When internet-famous cool-girl actress Alyssa Huntington arrives as a surprise guest, it seems Charlie's long-time crush on her isn't as one-sided as she thought. Taylor likes to blend in. Her brain is wired differently, making her fear change. The Computer Nerd Jeremy Bursey, 2021-03-18 Last year, Anston had his wife committed to the asylum. Last night, she escaped. This turn of events could put a damper on his love life. Anston Michaels has spent the last year living a life without drama. He builds computer programs in his spare time, spends once a month ocean fishing with his two friends, and goes on the occasional date to keep things from getting too lonely. He's pretty sure he couldn't be happier. So, when he returns home from his fishing trip for a night of unwind, he's surprised to find Rebecca, his latest would-be girlfriend, sitting on the porch, intruding on his evening, collecting on a date he's forgotten about. What's worse, while he prepares to leave with her, he discovers that someone even more intrusive has been calling while he was away, someone he can't ignore. Even though acknowledging the caller's request for a meeting means losing the date, and likely the beautiful Rebecca with it, he has to accept it. It's a matter concerning his ex-wife: She has just escaped the mental hospital he'd committed her to a year ago, and now the

caller believes she may be looking for payback. What follows is a journey into the mind of a woman who seeks mutilation or marriage, reconciliation or revenge, or something far more sinister than anything Anston could imagine, and he must rescue her from her madness and stop her from ruining both of their lives before it's too late. But is it actually madness that drives her? And is it really she who needs the rescuing? And does Anston truly know his ex-wife as well as he thinks he does? The Computer Nerd is the suspenseful but quirky tale of a former married couple who constantly walks out of step with each other, even when their love still lingers beneath the surface, even when their livelihoods are at stake. Their journey is sometimes frightening and sometimes ridiculous, but no relationship is perfect, and they must rediscover their range for understanding and acceptance as they work together to deal with a personal crisis that combines kidnap, conspiracy, and, worst of all, forced love into a tidy little demented weekend getaway package that neither is sure they'll survive thanks to the sociopathic third party who's tagged along for the ride. Complete safety in virtual isolation? Or likely destruction in a real romance? In the program of life, we must consider all the variables.

Still Just a Geek Wil Wheaton, 2022-04-12 A New York Times bestseller! Celebrated actor, personality, and all-around nerd, Wil Wheaton updates his memoir of collected blog posts with all new material and annotations as he reexamines one of the most interesting lives in Hollywood and fandom--and now for the first time in audio, narrated by Wil himself! From starring in Stand by Me to playing Wesley Crusher on Star Trek: The Next Generation to playing himself, in his second (third?) iconic role of Evil Wil Wheaton in The Big Bang Theory, to becoming a social media supernova, Wil Wheaton has charted a career course unlike anyone else, and has emerged as one of the most popular and well respected names in science fiction, fantasy and pop culture. Back in 2001, Wil began blogging on wilwheaton.net. Believing himself to have fallen victim to the curse of the child actor, Wil felt relegated to the convention circuit, and didn't expect many would want to read about his random experiences and personal philosophies. Yet, much to his surprise, people were reading. He still blogs, and now has an enormous following on social media with well over 3 million followers. In *Still Just a Geek*, Wil revisits his 2004 collection of blog posts, *Just a Geek*, filled with insightful and often laugh-out-loud annotated comments, additional later writings, and all new material written for this publication. The result is an incredibly raw and honest memoir, in which Wil opens up about his life, about falling in love,

about coming to grips with his past work, choices, and family, and finding fulfillment in the new phases of his career. From his times on the Enterprise to his struggles with depression to his starting a family and finding his passion--writing--Wil Wheaton is someone whose life is both a cautionary tale and a story of finding one's true purpose that should resonate with fans and aspiring artists alike.

The Stolen Gods Jake Page, 2002 When a major dealer of Native American art is murdered, Mo Bowdre and his girlfriend, Connie Barnes, investigate and uncover, in addition to the murder, a plot to steal Hopi Indian sacred objects.

Geek Girls Don't Date Dukes Gina Lamm, 2013-09-03 Lamm's wonderful quirky romance brings fresh humor to a familiar trope, with snappy writing and characters who share a surprising, spicy chemistry.--RT Book Reviews on The Geek Girl and the Scandalous Earl The Royal Treatment All Leah wanted was a little gallantry. But in this day and age, chivalry was most definitely dead. If only there were a way to travel back in time and snag her very own duke... Avery Russell was polishing some boots when a woman fell through the bedchamber mirror into his arms. All he could make out from her breathless babbling was some nonsense about my one true love, Your Grace. Clearly the chit was mad if she couldn't tell a valet from a duke! As much as Avery wanted to give in and give her a good tumble, he knew it wouldn't be proper. No, he'd take as long as necessary to convince Leah that sometimes a duke

just won't do.

Geek Charming Robin Palmer, 2009-02-05 The ideal L.A. fairy tale for fans of *Once Upon a Time* and *L.A. She has the coolest boyfriend, the most popular friends, and a brand-new 'it' bag that everyone covets. But when she accidentally tosses her bag into a fountain, this princess comes face-to-face with her own personal frog: self-professed film geek Josh Rosen. In return for rescuing Dylan's bag, Josh convinces Dylan to let him film her for his documentary on high school popularity. Reluctantly, Dylan lets F-list Josh into her A-list world, and is shocked to realize that sometimes nerds can be pretty cool. But when Dylan's so-called prince charming of a boyfriend dumps her flat, her life--and her social status--comes to a crashing halt. Can Dylan--with Josh's help--pull the pieces together to create her own happily-ever-after?
