Analise Jessica Van Osten,2013-03-11 Handling mean bosses and trendy nightclubs might be normal for most twenty year olds but when you're a genie waking from a 3,500 year sleep, modern life can be downright cruel. Analise is lost, alone and struggling to get through the day without screwing up too badly. Analise believes finding her parents while working a crummy job will be her hardest task - until a child witch named Abby arrives on her doorstep and hell hounds start stalking her neighborhood. Now Analise must protect Abby from forces of the night that challenge even the powers of a genie. Genie in a Bottle Pol McShane,2016-12-02 For Madison Reed, life in Los Angeles wasn't anything spectacular. Recently out of high school, she found creating art out of junk was a way to pass time and get some extra cash to help her dad out. But when Madison finds an ancient brass bottle at a local junk yard, and takes it home to polish it up, everything changes-and her life will never be the same!

Genie the Genius Darren Sanchez,Emily Sanchez,2015-01-13 The Junior Genie saga collects the all-ages, hit mini-series into one rollicking collection. Created by Boomer Esiason and Darren Sanchez, The Junior Genie saga tells the story of a young Genie rescued from his lamp by fifth grader, Andy Andrews. Genie takes his new friend, Andy on wild and magical adventures to the prehistoric, to outer space and to the micro-verse in an effort to help with his homework.

Aladdin's Curse Marcus Pick,2013-08 Aladdin's Curse is a masterful and original work on the dark side of human nature. Pick takes us on an incredible journey as the lamp passes through time from the Stone Age to the Ice Age to Egypt to Greece to Rome to China to Japan and then eventually to America. It is in a nutshell a modern take on an old concept, the Djinni (Genie). The Djinni is inherently evil as it fulfills the wishes of those who get possession of his lamp, only the wishes do not always come out exactly as they are planned. Follow the series of subplots and short stories through time as they are all uniquely interconnected by the lamp and the Djinn within. It is filled with tragedy as little but no good comes to those who wish to personally gain from the Djinni's magic. Only three totally unselfish wishes can rid the world of this evil and it takes untold millennia to make it so. As the old saying goes, be careful what you wish for!

Genie Vs. Djinn Scott King,2015-11-04 The chaotic magic of hundreds of djinn are destroying San Francisco. Dinosaurs. Butterfly volcanos. Buildings made of jello- If someone can wish it, it's happening. Unable to access his own powers, Zimmah the former djinn, must rely on Karim and Whitney's help. Standing in their way is Alkema, Zimmah's murderous father, an almost omnipotent ifrit who enjoys watching the suffering of others. If not stopped he will not only destroy the city, but plunge the entire world into total madness.
