Handbook of Research on Deconstructing Culture and Communication in the Global South Okocha, Desmond Onyemechi, Yousaf, Muhammad, Onobe, Melchizedec J., 2023-07-10 There are inequalities in global knowledge production in communication outlets, cultural practices, and governance problems. Under this symbiotic relationship, they reinforce the cultural ideas, values, and governance systems operating in the Western countries as an ideal and role model for the Global South countries. Media is regarded as the agent of change for communication and cultural values. Indigenous knowledge production and dissemination is an essential feature to get a better insight into Global South countries. Likewise, dewesternizing and demystifying societal culture and governance issues are pertinent in this age of information. The *Handbook of Research on Deconstructing Culture and Communication in the Global South* focuses on local production practices keeping in view the local needs of communication outlets and societal and cultural sensitivities. This Indigenous knowledge would provide deeper and richer insights into the problems and sensitivities of Global South countries. To achieve this end, this book adopts a broader approach encompassing development issues, democratic values, digitalization practices, gender equality issues, and more. Covering topics such as biocultural activism, language ideology, and religiocentrism, this major reference work is a valuable resource for graduate students, sociologists, government officials, students and educators of higher education, librarians, development organization leaders, religious scholars, policymakers, researchers, and academicians.

Sovereign Attachments Shenila Khoja-Moolji, 2021-06-15 *Sovereign Attachments* rethinks sovereignty by moving it out of the exclusive domain of geopolitics and legality and into cultural,

religious, and gender studies. Through a close reading of a stunning array of cultural texts produced by the Pakistani state and the Pakistan-based Taliban, Shenila Khoja-Moolji theorizes sovereignty as an ongoing attachment that is negotiated in public culture. Both the state and the Taliban recruit publics into relationships of trust, protection, and fraternity by summoning models of Islamic masculinity, mobilizing kinship metaphors, and marshalling affect. In particular, masculinity and Muslimness emerge as salient performances through which sovereign attachments are harnessed. The book shifts the discussion of sovereignty away from questions about absolute dominance to ones about shared repertoires, entanglements, and co-constitution.

Nephilim Apocalypse Dr. Joseph Opare , Is humanity being steered towards a Nephilim Apocalypse? What events triggered the worldwide flood in the days of Noah, what has Atlantis or the Nephilim got to do with this and are these things happening again? Ever wondered what happened to the fallen angels mentioned in the bible, their giant offspring who ruled the earth, and what has become of their bloodlines ever since? Do you think they still play a role in world governance? Do you think some of the fallen angel's offspring might still be alive and have survived through the ages? Drawing upon his powers of foreshadowing, prefiguring and prophecy Dr Joseph Opare uncovered the connections between major historical events and our present day reality. This book was formerly titled "The New Age Of Atlantis" because it connects the lost continent with the Nephilim. Inside this book You're going to learn the truth about ancient technology, bloodlines and the evil powers who walk the earth amongst us and how to protect yourself from them. Not only that, you'll hear about the occult connections between Atlantis, Babylon, The Nazi's and English Occult Grandmasters like Sir John Dee. Follow Dr Joseph Opare on an exploration of Matthew 24 and ancient world history which

uncovers a plot by evil forces to resurrect a technological world under the banner of a “Novus Ordo Seclorum,” the Latin words for New Age Order or New World Order. Don’t live without this prophetic knowledge. This insight will help prepare you for things to come. A New World Order is rising, the question is: on which side will you be?
