The Historical Geography of Croatia Borna Fuerst-Bjeliš, Nikola Glamuzina, 2021-03-28 This monograph gives a comprehensive but in-depth analysis of the territorial development of Croatia and historical processes of significant spatial impact. It covers the millennial time span – from prehistory till the present, through relevant periods, e.g., prehistory, antiquity, Middle Ages, period of Ottoman progression and retreat, Post-Ottoman period of development of the Central European railway network, the period of South Slavic political associations (old and new Yugoslavia), and the post-Yugoslav period of independent Croatia. The book is highly illustrated with maps and figures. It is written by scholars from the region, based on the original research and the vast body of literature. It is one of the only books in English that interprets the overall development of the territory and cultural landscape of Croatia. Its scientific but comprehensive approach makes it of use to scholars, students and anyone interested in historical and geographical processes and features of Croatia and the Balkan region.

GEO SAISON 03/2022 - Aber Sicher! Kroatien GEO SAISON Redaktion, 2022-02-15 So, die nassen, dunklen Monate haben wir einmal mehr erfolgreich hinter uns gelassen, auch wenn sie gefühlt von Jahr zu Jahr nasser und dunkler werden. Aber blicken wir nicht zurück (man sieht schließlich sowieso nichts), sondern nach vorn. Die Forschungsgemeinschaft Urlaub und Reisen (FUR) hat 2500 Deutsche nach ihrem Wunsch befragt, 2022 die Koffer zu packen. Unabhängig davon, dass in den vergangenen zwei Jahren Wunsch und Wirklichkeit nicht immer Hand in Hand gingen: Das Ergebnis ist so gut wie nie zuvor, die Urlaubslust auf einem Höchststand. 61 Prozent der Befragten steht der Sinn nach einer Reise. Ein Rekordwert, im Vorjahr waren es lediglich 51 Prozent. Auch mangelt es offenbar nicht an Zeit und Geld. Lediglich neun Prozent gaben an, dass für sie kategorisch keine Reise in Frage käme. Ich bin mir sicher, dass sich diese Zahl noch verkleinern ließe. Sollten Sie jemanden kennen, der zu dieser übersichtlichen Gruppe Reisemuffel gehört, dem empfehlen Sie bitte dringend unsere Titelgeschichte über Kroatien. Es ist ein sonnendurchflutetes und 1777 küstenkilometerlanges Plädoyer für das Wegsein. Und als Hamburger kann ich Ihnen versichern: Es macht nicht nur Lust, es wirkt in dieser Zeit besser als jede Lichttherapie. Viel Spaß beim Lesen!

Rural Youth at the Crossroads Kai. A Schafft, Sanja Stanić, Renata Horvatek, Annie Maselli, 2020-12-30 Featuring chapters by an international group of scholars and academics, *Rural Youth at the Crossroads* discusses the challenges and contexts facing youth from rural communities in countries with legacies of socialism undergoing social, political, and economic transition. The chapters employ a variety of sources and approaches to examine rural youth outcomes, and the well-being and sustainability of rural areas. The book focuses particularly on career and educational goals, the often contradictory relations between rural schools and communities, majority-minoritized group relations, community engagement, and political attitudes. Individual chapters examine these questions and dynamics within Croatia, Czechia, Hungary, Romania, Russia, Serbia, and Vietnam. In total the volume represents a unique and timely comparative discussion of the relationship between youth and rural development within transitional societies, and the challenges and opportunities for enhancing the well-being and sustainability of rural communities. Aimed at informing strategies to revitalize rural social space, this book is targeted towards social scientists with interest in sociology and rural sociology, demography, education, youth development, community/regional development, rurality, public policy, and identity formation in transitional contexts. As such, this book will have international appeal to researchers, educators, and policymakers in transitional countries, and to those interested in these topics, regions, and communities.
