Slinkard, 2019-04-14 What's so great about geocaching?

Geocaching is the outdoor recreational activity, in which participants use a Global Positioning System (GPS) receiver to hide and seek containers at specific locations marked by coordinates all over the world. But it is so much more than that! It is where it takes you to find them, it's the people you meet and the challenge of the hunt. WHY THESE LISTS? If you are a geocache then the answer to this question is, why not? Or it's about time! If you're not a geocacher then my hope is that this book will inspire you to become one. Geocachers, by nature, make lists. We make lists of the geocaches that we want to find or we make lists of

geocaches that have inspired us and we want to make geocaches like them.

The Essential Guide to Geocaching Mike Dyer, 2004 Presents a guide to geocaching, a type of hide-and-seek game supported by Global Positioning System technology, reviews the history of the sport, and includes checklists, a glossary of terms, and list of resources.

Experience the extremes that geocaching has to offer including 5/5 caches, canoe trips, adventures with would-be robbers, and finding geocaches in some of the most harrowing locations. The stories are as varied as the authors who wrote them - but they all have

one thing in common: they're all stories of geocaching firsts!

Welcome to Geocaching GPS: Great Personal Stories of Geocaching Firsts.
