Passport to Success Jeanette S. Martin, Lillian H.

Chaney, 2008-11-30 Like it or not, every business—even one conducted from the kitchen table—is global. No matter the industry, employees now routinely travel to other countries or interact with foreign customers, vendors, or fellow employees. Or they conduct business over the phone, via e-mail, or through video links. As a result, they have to understand international customs and etiquette or risk losing customers or botching business relations. And understanding business customs in other cultures isn't merely playing good defense—it often leads to new products or service enhancements that help an enterprise grow. In *Passport to Success*, Jeanette Martin and Lillian Chaney apply their expertise in business etiquette, training, and intercultural communications to present a practical guide to conducting business successfully around the world. Each chapter in this book presents in-depth information on the business environment and culture in the top twenty trading partners of the United States: Canada, Mexico, Japan, China, United Kingdom, Germany, South Korea, Netherlands, France, Singapore, Taiwan, Belgium, Australia, Brazil, Hong Kong, Switzerland, Malaysia, Italy, India, and Israel. Chapters contain both practical tips and illustrative examples, and the book concludes with a listing of resources (books, magazines, organizations, and Web sites) for additional information. In addition,

Passport to Success contains useful overview material that will help business people plan a trip abroad or a campaign to win customers in another country. Besides trade statistics and information on global trade agreements, readers will find information on using the Internet productively to conduct or seek business, how women can succeed in countries with traditional, male-oriented business cultures, how to build cross-cultural relationships, and ways language can enhance—or obstruct—business dealings. Every businessperson is now a player in the global market for goods and services. This book provides valuable tips that will help people avoid missteps and increase their sales and personal success when dealing with counterparts in other countries.

Violent Waters: Literary Border Crossings in a Global Age

Alexandra Campana,2020-08-10 The experience of witnessing and undertaking border crossings has become a pillar of the contemporary human condition. In order to respond to our global, multidimensional social reality, writers need to generate innovative forms of narration that expand the confines of literary tradition. This study discusses four types of border crossing (migration, intercultural dialogue, multicultural identities, military invasion) and presents literary aesthetics that unfold in Algeria, China, France, Germany, Romania, Switzerland, Trinidad and Tobago, the UK, and the USA. These analyses move from the fall of the Iron Curtain to the rise of the internet, and from the turn of the millennium to the terrorist attacks of 9/11, and the wars in Afghanistan and Iraq. Positioned in the field of comparative literature, this book draws upon an extensive background of theoretical thought (e.g. Adorno/Horkheimer, Arendt, Dawkins, Fanon, Freud, Kristeva, Žižek) and reaches into other academic disciplines (such as religious studies). Border crossings thus serve as both theme and methodology, which not only leads to a new definition of post-modern writing, but also underlines literature's

relevance in a global society driven by public discourse.
