James Marion Sims

Footnotes Vybarr Cregan-Reid, 2017-07-03 Running is not just a sport. It reconnects us to our bodies and the places in which we live, breaking down our increasingly structured and demanding lives. It allows us to feel the world beneath our feet, lifts the spirit, lets our minds out to play, and helps us to slip away from the demands of the modern world. When Vybarr Cregan-Reid set out to discover why running means so much to so many, he began a journey which would take him out to tread London's cobbled streets, the boulevards of Paris, and down the crumbling alleyways of Ruskin's Venice. *Footnotes* transports you to the deserted shorelines of Seattle, the giant redwood forests of California, and to the world's most advanced running laboratories and research centers. Using debates in literature, philosophy, neuroscience, and biology, this book explores that simple human desire to run. Liberating and inspiring, *Footnotes* reminds us why feeling the earth beneath our feet is a necessary and healing part of our lives.

The Complete Concordance to Shakspeare Mary Cowden Clarke, 1845

Black White Mark Anaki, 2020-12-21 Black White describes a young man's pursuit of higher education overseas. A journey that leads him from his homestead in Western Nigeria to the United Kingdom. It chronicles culture conflicts, internal dialogues and personal discoveries. As the title may suggest, Black White is not so much about racial tension but about the contrasts a young man observes as he transitions from one world to another. It is about how his identity is formed, altered and reformed by the socio-cultural currents around him. It is about how his concept of learning and education changes as he leaves one society for the other and how his blackness (an earlier unknown concept) often turned up the most unexpected twists. Black White is a personal story of aspiration, conflict and gradual enlightenment. It is a catalogue of the many dimensions of being a privileged man in a black and white world.
