**GHANA MY MOTHERLAND** Georgina Mensah-Brown, 2014-09-05 Old things are old. Why should I be bothered with old news when I am moving forward'. History belongs to those who lived it. We are also making ours. This is what some young adults would say, but from where community have reached, some might not be able to tell as to how to focus on the future. Do you know that people have been walking to school daily covering three or more miles to school and back in many places'. Can you think a child going to school barefooted as compared to our modern world'. When did the market become dry with the sale of no fish except one type of fish whether people liked it or not'. What happens when governments are overthrown only to continue facing hardships. Have you come across empty shops with essential goods being hoarded and sold in private? When there was no fashion of today, what sort of dresses were the fashion of yesterday. If you were to be in any underdeveloped country or certain parts of Africa or elsewhere, would you be able to compare where you live and why others don't have what you have. Ghana my mother is a simple conversation to tell the younger generation in a simple conversation form, how far the country has come from the old to the new with one more step along the world to go.

**Ghana Must Go** Taiye Selasi, 2013-04-04 A stunning novel, spanning generations and continents, *Ghana Must Go* by rising star Taiye Selasi is a tale of family drama and forgiveness, for fans of Zadie Smith and Chimamanda Ngozi Adichie. This is the story of a family -- of the simple, devastating ways in which families tear themselves apart, and of the incredible lengths to which a family will go to put itself back together. It is the story of one family, the Sais, whose good life crumbles in an evening; a Ghanaian father, Kweku Sai, who becomes a highly respected surgeon in the US only to be disillusioned by a grotesque injustice; his Nigerian wife, Fola, the beautiful homemaker abandoned in his wake; their eldest son, Olu, determined to reconstruct the life his father should have had; their twins, seductive Taiwo and acclaimed artist Kehinde, both brilliant but scarred and flailing; their youngest, Sadie, jealously in love with her celebrity best friend. All of them sent reeling on their disparate paths into the world. Until, one day, tragedy spins the Sais in a new direction. This is the story of a family: torn apart by lies, reunited by grief. A family absolved, ultimately, by that bitter but most tenuous bond: familial love. *Ghana Must Go* interweaves the stories of the Sais in a rich and moving drama of separation and reunion, spanning generations and cultures from West Africa to New England, London, New York and back again. It is a debut novel of blazing originality and startling power by a writer of extraordinary gifts. '*Ghana Must Go* is both a fast moving story of one family's fortunes and an ecstatic exploration of the inner lives of its members. With her perfectly-pitched prose and flawless technique, Selasi does more than merely renew our sense of the African novel: she renews our sense of the novel, period. An astonishing debut' Teju Cole, author of *Open City* Taiye Selasi was born in London and raised in Massachusetts. She holds a B.A. in American Studies from Yale and an M.Phil. in International Relations from Oxford. *The Sex Lives of African Girls* (Granta, 2011), Selasi's fiction debut, appears in *Best American Short Stories 2012*. She lives in Rome.

*Ghana* Barbara Aoki Poisson, 2014-09-02 Ghana, located on the Atlantic coast of West Africa, was once known as the Gold Coast because of its vast deposits of this precious mineral. In the 14th and 15th centuries Ghana was the home of powerful African kingdoms that traded both gold and

slaves. Ghana's wealth attracted Europeans, and the British eventually incorporated the land into their empire. In 1957 Ghana became one of the first African countries to win independence—an event that inspired nationalist movements throughout the rest of the continent. Although most of Ghana's history as an independent nation has been marked by political strife, the situation seems to be improving. The country is now considered to be a stable democracy, as government power has been peacefully transferred several times since 2001.

**Transcendent Kingdom** Yaa Gyasi, 2021-07-06 INSTANT NEW YORK TIMES BESTSELLER FINALIST FOR THE 2021 WOMEN'S PRIZE FOR FICTION LONGLISTED FOR THE 2021 PEN/FAULKNER AWARD FOR FICTION Yaa Gyasi's stunning follow-up to her acclaimed national bestseller *Homegoing* is a powerful, raw, intimate, deeply layered novel about a Ghanaian family in Alabama. Gifty is a sixth-year PhD candidate in neuroscience at the Stanford University School of Medicine studying reward-seeking behavior in mice and the neural circuits of depression and addiction. Her brother, Nana, was a gifted high school athlete who died of a heroin overdose after an ankle injury left him hooked on OxyContin. Her suicidal mother is living in her bed. Gifty is determined to discover the scientific basis for the suffering she sees all around her. But even as she turns to the hard sciences to unlock the mystery of her family's loss, she finds herself hungering for her childhood faith and grappling with the evangelical church in which she was raised, whose promise of salvation remains as tantalizing as it is elusive. *Transcendent Kingdom* is a deeply moving portrait of a family of Ghanaian immigrants ravaged by depression and addiction and grief—a novel about faith, science, religion, love. Exquisitely written, emotionally searing, this is an exceptionally powerful follow-up to Gyasi's phenomenal debut.

**Ghana** Peg Robinson, Patricia Levy, Winnie Wong, 2018-12-15 Ghana, which means Warrior King in the Soninke language, has a long history of powerful empires. Beginning in the fifteenth century, powerful and ancient Ghanaian empires were taken over by colonial powers, with Great Britain taking control of the country until 1957. Since then, the country has existed as a diverse and independent nation, grouping together a large population of people with different ethnic, linguistic, and religious backgrounds. This book introduces readers to the multicultural nation of Ghana and its geography, history, environment, and culture. Engaging sidebars and vivid photographs accompany readers on their journey.

**The Press and Political Culture in Ghana** Jennifer Hasty, 2005-04-28 In *The Press and Political Culture in Ghana*, Jennifer Hasty looks at the practices of journalism and newsmaking at privately owned and state-operated daily newspapers in Ghana. Hasty decodes the styles and uncovers the strategies that characterize Ghana's major printed news media, focusing on the differences between news generated by the state and news that comes from private sources. Not only are the angles radically different, but so are ways of gathering the news, assigning beats, using sources, and writing articles. For all its differences in presentation, however, Hasty shows that the news in Ghana projects a unified voice that is the result of a contentious and multifarious process that joins Ghanaians in global, national, and local debates. An important engagement with the production of news and news media, this book also explores questions about the relationship of popular culture to state politics, the expression of civic culture, and the role of the media in constituting national and cultural identities.

**The People of Ghana** Godfrey Mwakikagile, 2017-07-01 This is a general survey of Ghana and its people. Subjects covered include the country's regions and their people; Ghana's identity as a nation and how it faced challenges to national unity during the struggle for independence; the nature of the post-colonial state; the asymmetrical relationship between the north and the south rooted in the colonial era, a structural imbalance which continues to have a negative impact on the wellbeing of northerners and which could perpetuate inequalities between the two parts of the country; Ghana's place in the Pan-African world because of the leadership provided by the country's first prime minister - later president - Kwame Nkrumah;

and its success in forging unity on the anvil of diversity. Among the people the author has covered include an African American community whose members were given some land in the Volta Region in the eastern part of the country for permanent settlement of the descendants of African slaves who want to return to the motherland. He describes it as a distinct ethnic group with the same attributes indigenous groups have and which they use to identify themselves as ethnic entities. The community has acquired an identity of its own and qualifies as an ethnic group because its members have a common history, language and culture as diasporans who lost their African identity under white domination in the United States and were forced to adopt a Euro-American culture and the English language. The author was closely associated with the founders of the African American community in Ghana, known as Fihankra, when he was a student in the United States and has written about them in some of his works including his autobiography, "My Life as an African." Members of the general public and students may find this work to be useful if they want to learn some facts about Ghana, the first country in sub-Saharan Africa to win independence.

**We Visit Ghana** John Bankston,2012-09-30 West Africa was once a place of gold mines operated by slaves and colonies run by Europeans. Named after an ancient empire, Ghana was the first country in sub-Saharan Africa to achieve independence. Since that time, it has struggled with environmental destruction, corrupt government leaders, and poverty. Today Ghana is a trendsetter, leading the way with free elections, popular wildlife parks, and the largest artificial lake in the world.
