Paranormal Investigations Chad Stambaugh, 2013 The phenomena of ghosts and hauntings are very real experiences that more and more people are encountering every day. It is their true cause and nature that is the ongoing mystery. In *Paranormal Investigations*, author Chad Stambaugh discusses the process of trying to find that one piece of evidence that could prove, without a doubt, that ghosts are real. *Paranormal Investigations* shows both the beginner and the professional when and how to correctly operate the different types of equipment integral to a paranormal investigation cameras, camcorders, voice recorders, digital video recorders, EMF detectors, dowsing rods, pendulums, and more. In addition, Chad breaks down, step by step, the correct procedures for conducting both public and private investigations, including how to deal with clients, what to look for, how to look for it, and how to document an investigation. Through this detailed guide, Chad works toward creating paranormal unity among those who research the events or phenomena that science can't or won't explain.

A Brief Guide to Ghost Hunting Leo Ruickbie, 2013-08-15 There has been an upsurge in books, television programmes, films and websites exploring the reality or otherwise of the spirit world. Not since the founding of The Ghost Club in 1862 and the Society for Psychical Research in 1882 has ghost hunting been so popular. Television and the internet, in particular, have fueled this new level of interest, creating a modern media phenomenon that spans the globe. But while the demand for information is high, good information remains scarce. *A Brief Guide to Ghost Hunting* leads us through the process of ghost hunting, from initially weighing the first report, to choosing equipment, and investigating and identifying the phenomena, with an analysis of the best places to go looking, methods of contacting the spirit world, how to explain paranormal activity and, crucially, how to survive the encounter. However, it is also a book about ghost hunting itself, drawing on 130 years of research in the cavernous archives of the Society for Psychical Research and even older history to find the earliest ghost stories. *A Ghost Hunting Survey* makes use of interviews with those billing themselves as ghost hunters to find out their views, motivations and experiences. New and original research makes use of statistics to map the nebulous world of apparitions while a *Preliminary Survey of Hauntings* offers an analysis of 923 reported phenomena from 263 locations across the UK. This is, as far as possible, an objective presentation of ghosts and ghost hunting. It is no wonder that mainstream science largely refuses to deal with the subject: it is too complicated. Without trying to convince you of any viewpoint, this book is intended to help you understand more.

Paranormal Technology David M. Rountree,2010-08-26 Paranormal Technology is the first book to provide a scientific method for ghost hunting, which includes in-depth explanations of what the collected data means. Paranormal Technology offers new techniques, answers questions, and provides experiments, which will help bridge the gap between the paranormal and science. Written in everyday language, it offers keen insights into the nature of paranormal phenomena, the protocols required for collecting evidence that will stand up to scientific scrutiny, and the possible theories that may explain the source of Ghosts. Currently employed test equipment is examined and proper use is covered in great detail. Paranormal Technology is an indispensable aid to any scientific researcher or ghost hunting group, whether you are a beginner, or with many years of experience. This book is not a means to an end, but rather, an invitation to a fresh beginning.

Haunted Baraboo Shelley Mordini and Gwen Herrewi,2021-08 For decades, ghosts have been known to inhabit some of Baraboo's most prized historic locations. Buildings

and mansions built by the Ringling brothers at the height of their circus empire now harbor apparitions of unidentified children, horse trainers and other circus workers. Residents throughout the Downtown Baraboo Historic District describe disembodied voices, footsteps and items moving on their own. Even historic homes, new homes and roadways have ghosts--a family awakened to find their dining room table set for a party of ten, a little girl realized that her friend wasn't getting any older and a Highway 12 hitchhiker materialized despite the highway being rerouted. Founder of Baraboo Tours Shelley Mordini and tour guide Gwen Herrewig share tales of Baraboo's more mysterious side.
