Legend Tripping Lynne S. McNeill, Elizabeth Tucker, 2018-11-30 *Legend Tripping: A Contemporary Legend Casebook* explores the practice of legend tripping, wherein individuals or groups travel to a site where a legend is thought to have taken place. Legend tripping is a common informal practice depicted in epics, stories, novels, and film throughout both contemporary and historical vernacular culture. In this collection, contributors show how legend trips can express humanity's interest in the frontier between life and death and the fascination with the possibility of personal contact with the supernatural or spiritual. The volume presents both insightful research and useful pedagogy, making this an invaluable resource in the classroom. Selected major articles on legend tripping, with introductory sections written by the editors, are followed by discussion questions and projects designed to inspire readers to engage critically with legend traditions and customs of legend tripping and to explore possible meanings and symbolics at work. Suggested projects incorporate digital technology as it appears both in legends and in modes of legend tripping. *Legend Tripping* is appropriate for students, general readers, and folklorists alike. It is the first volume in the International Society for Contemporary Legend Research series, a set of casebooks providing thorough and up-to-date studies that showcase a variety of scholarly approaches to contemporary legends, along with variants of legend texts, discussion questions, and projects for students. Contributors: S. Elizabeth Bird, Bill Ellis, Carl Lindahl, Patricia M. Meley, Tim Prizer

Haunted World War II Matthew L. Swayne, 2018-10-08 *ON HALLOWED AND HAUNTED GROUND* Discover the paranormal legacy of the Second World War. In this book, you will encounter dozens of phenomena in the European and Pacific theaters as well as historic locations in the US where the spirits of the dead are unable—or unwilling—to let the past go. The ghost of an admiral gives a tour of the USS Lexington Tourists at Dieppe are haunted by the terrifying sounds of battle A full-body apparition appears at Schofield Barracks Ghost tanks are witnessed patrolling the Russian front Phantom footsteps shock the guards at Hickam Air Force Base Ghostly soldiers knock on doors at Iwo Jima A spirit-sailor keeps eternal watch at Pearl Harbor This book also shares fascinating stories of supernatural warfare. Learn about wizards and witches in England casting spells to hold the Germans at bay; Dion Fortune and the Fraternity of the Inner Light working magic in support of the Allies; and Aleister Crowley waging a psychic campaign to capture high-ranking Nazi, Rudolf Hess. *Haunted World War II* explores the high strangeness and haunted aftermath of the most devastating clash of nations in living history.

Pearl Harbor Ghosts Thurston Clarke, 2001 Investigates questions surrounding the December 7, 1941 attack and examines how that event is interwoven with the rise of Japanese economics and our response to it.

Radar Deborah Hitzeroth, 1990 Examines the invention and development of radar, its history, and its uses in science, law enforcement, navigation, space travel, and the military.

The Origin of radar, 1979

Detection and Backprojection of Ghost Targets Within a Network of Radar Sensors Timo Grebner, Fabian Konrad, Dominik Schwarz, Christian Waldschmidt, 2023

Radar, 1985

Radar Spelled Backwards Harold Adelbert Zahl, 1972

Troubled Legacy Phil Moncur, 2009-12-11 Simon Fenton, disillusioned ex-vicar and mild eccentric, is in the process of getting over the untimely death of his wife when he hears news of a mysterious legacy which also involves an alternative explanation about how his father, a gunner in the RAF Regiment, came to be shot in Northern Ireland during the Troubles. Natalie Roberson, a freelance high class call girl and aspiring airline pilot, is suborned to seduce him and help his adversaries cover up the story. Things go badly wrong and a corrupt detective is accidentally killed. Simon and Natalie are forced to go on the run, hotly pursued by both the legitimate forces of law and order and darker forces under the direction of a senior politician who has everything to lose.

Legacy of the Lancasters Martin Bowman, 2013-05-30 Young or old, everyone has heard of the Lancaster bomber. Such is the legacy handed down by this aviation icon that although it is not the most numerous aircraft ever built - two are still flying today, one in Britain and another in Canada with many proudly displayed in museums throughout the world - it is up there with the Spitfire and the Flying Fortress in terms of affection, nostalgia and lasting fame. The legendary Lancaster has bequeathed to the world an invaluable heritage beloved of generations of movie-goers, air show enthusiasts, readers of fine literature and historians alike. Exploits such as the famous low-level raid by 617 Squadron on Germany's hydro electric dams on the night of 16/17 May 1943, the nightly raids on Germany and the sinking of the Tirpitz in 1945 are all without equal. At the 50th anniversary of the raid in 1993 more than 70,000 people thronged Derwent Water to watch the BBMF Lancaster roar over the same dam that 617 practiced on shortly before the raid on 16/17 May 1943. As we approach the 70th Anniversary of the raid, such scenes will no doubt play out once again. It seems timely therefore that such a history should be recorded, charting the course of the Lancaster's career in the skies and the legacy it continues to provide for new generations of aviation enthusiasts and pilots. The text is supplemented throughout by an exciting selection of black and white images that work to evoke a real sense of the scale and majesty of this iconic aircraft. An additional colour plate section boasts a captivating range of shots, showing the aircraft in full glory.

The Environmental Legacy of Military Operations Judy Ehlen, Russell S. Harmon, 2001-01-01 U.S. military lands are part of the public trust and the level of awareness of sustainability and land-use issues has risen significantly in recent years. Ehlen (U.S. Army Engineer Research and Development Center) and Harmon (U.S. Army Research Office) present 14 articles that look at the use of engineering geology principles and their applications to both military operations and environmental issues, although military operations and the environment are not always treated together. Topics include battlefield terrain evaluation, predicting fracture systems in enemy underground facilities, the geoenvironmental legacy of the Rock of Gibraltar military engineering, and erosion trends at Fort Leonard Wood. Annotation c. Book News, Inc., Portland, OR (booknews.com)

The Pigman's Legacy (Sequel to The Pigman) Paul Zindel, 2012-12-17 This is the sequel to *The Pigman*, one of the bestselling young adult books of all time. John and Lorraine happen to be passing by the Pigman's abandoned house when they receive the shock of their lives: someone or something is watching them from the upstairs window. Convinced this is a sign from beyond the grave, John and Lorraine decide they have been given a chance to make up for what happened to the Pigman. Can they make things right once and for all?

Aspects of Modern Radar Eli Brookner, 1996

Jacques Derrida's Ghost David Appelbaum, 2009-07-01 A spirited reading of Derrida's view of ethics as transcendental and performative.

London's Olympic Legacy Gillian Evans, 2016-08-12 This book provides a unique perspective on the behind the scenes planning of London's Olympic legacy. The author had unprecedented access to the legacy organisations, institutions, and individuals involved with the 2012 Games. This has allowed her, in a highly accessible and engaging style, to capture a sense of the unfolding drama as

attempts were made in London to harness the juggernaut of Olympic development, and its commercial imperative, to the broader cause of meaningful post-industrial regeneration in East London. The book argues that London will become the test-case city against which the legacies of all future Olympic Games, and other sporting mega-events, will be judged. The author provides the first in-depth case study of a mega-event legacy planning operation, and sets out a constructive conclusion, which details the lessons to be learnt from London's experience. Exploring the relationship between mega event planning, and post-industrial urban regeneration, this book will appeal to scholars across Sociology, Sport and Olympic studies, Anthropology, Urban Studies and Geography as well as policymakers and practitioners in urban and sport planning.

Embracing the Song of Phrase: An Mental Symphony within **Ghost Radar Legacy**

In a global consumed by displays and the ceaseless chatter of immediate conversation, the melodic beauty and emotional symphony developed by the written term frequently fade in to the background, eclipsed by the relentless sound and interruptions that permeate our lives. However, situated within the pages of **Ghost Radar Legacy** an enchanting fictional prize full of fresh emotions, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, that interesting masterpiece conducts visitors on a mental trip, skillfully unraveling the hidden tunes and profound affect resonating within each carefully constructed phrase. Within the depths of this moving evaluation, we will investigate the book is main harmonies, analyze their enthralling publishing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
