Researching Live Music Chris Anderton,Sergio Pisfil,2021-11-18 Researching Live Music offers an important contribution to the emergent field of live music studies. Featuring paradigmatic case studies, this book is split into four parts, first addressing perspectives associated with production, then promotion and consumption, and finally policy. The contributors to the book draw on a range of methodological and theoretical positions to provide a critical resource that casts new light on live music processes and shows how live music events have become central to raising and discussing broader social and cultural

issues. Their case studies expand our knowledge of how live music events work and extend beyond the familiar contexts of the United States and United Kingdom to include examples drawn from Argentina, Australia, France, Jamaica, Japan, New Zealand, Switzerland, and Poland. *Researching Live Music* is the first comprehensive review of the different ways in which live music can be studied as an interdisciplinary field, including innovative approaches to the study of historic and contemporary live music events. It represents a crucial reading for professionals, students, and researchers working in all aspects of live music.

The Music Lesson Victor L. Wooten, 2008-04-01 From Grammy-winning musical icon and legendary bassist Victor L. Wooten comes an inspiring parable of music, life, and the difference between playing all the right notes...and feeling them. *The Music Lesson* is the story of a struggling young musician who wanted music to be his life, and who wanted his

life to be great. Then, from nowhere it seemed, a teacher arrived. Part musical genius, part philosopher, part eccentric wise man, the teacher would guide the young musician on a spiritual journey, and teach him that the gifts we get from music mirror those from life, and every movement, phrase, and chord has its own meaning...All you have to do is find the song inside. "The best book on music (and its connection to the mystic laws of life) that I've ever read. I learned so much on every level."—Multiple Grammy Award-winning saxophonist Michael Brecker
