

# Gihan Perera Gihan Perera 10

Gihan Perera,Chris Pudney

**The R.A.V.E. Toolkit** Lesley Morrissey,2023-11-17 Small business marketing made easy If you're running a small business you have to wear many hats – and, while marketing is essential, most business owners struggle to know what to do, whether they need to do this or that and, not least, how to find the time to do it all. This is a practical handbook you can dip into. There are simple systems to follow in every chapter to make sure that your business marketing doesn't take over your life. It gives you an overview of all the key elements that will help your business to make an impact and establish an excellent REPUTATION, become an AUTHORITY in your industry, stay highly VISIBLE and show off your EXPERTISE.

**Out of Office** Gihan Perera,Chris Pudney,2013-02-21 What would your life be like if you didn't have to spend every working day at an office? Perhaps you would have a more enjoyable work environment, be able to spend more quality time with your family, reduce or eliminate the time and expense of a daily commute, reduce interruptions and increase productivity, be more flexible with scheduling personal tasks, and enjoy a more relaxing lifestyle. This is not just a pipe dream. The Internet makes this possible and practical for millions of people, and you could be one of them. This book is for you if you like your job or your business, but you'd like to use the Internet to give you more convenience, comfort and freedom in where and when you work. It will help you move out of office, part-time or full-time, without being out of sight and out of mind.

*Fundamentals of Organizational Behavior* Andrew J. DuBrin,2005 In this brief, applied text, DuBrin (management, Rochester Institute of Technology) blends concise explorations of organizational behavior concepts with managerial insight, self-assessment, skill development, and suggestions. Maintaining a strong managerial focus that emphasizes the human relations.

*IMPACT: How To Build Your Personal Brand for the Connection Economy* Jane Anderson,2015-03-19 Discover how to create corporation you without being a tall poppy. We're no longer in the industrial or information age. We're now in the connection economy. The economy where you're ability to stand out, connect with others and position yourself in your career and business mean security. Companies and governments don't want people who want jobs for life any more. They want innovation, ideas and networks to thrive in volatile economic times. We are bombarded with information and choices every day. Hard work alone doesn't cut it anymore. Whether you're a job seeker frustrated with your job search, trying to climb the corporate ladder or a service provider, a lack of clarity and communicating your personal brand will see others get the opportunities you want. By the end of this book you'll be feeling more confident about what your greatest gift is and not afraid to stand out from the crowd.

*The Karma of Brown Folk* Vijay Prashad,2000 Village Voice Favorite Books of 2000 The popular book challenging the idea of a model minority, now in paperback! How does it feel to be a problem? asked W. E. B. Du Bois of black Americans in his classic *The Souls of Black Folk*. A hundred years later, Vijay Prashad asks South Asians How does it feel to be a solution? In this kaleidoscopic critique, Prashad looks into the complexities faced by the members of a model minority-one, he claims, that is consistently deployed as a weapon in the war against black America. On a vast canvas, *The Karma of Brown Folk* attacks the two pillars of the model minority image, that South Asians are both inherently successful and pliant, and analyzes the ways in which U.S. immigration policy and American Orientalism have perpetuated these stereotypes. Prashad uses irony, humor, razor-sharp criticism, personal reflections, and historical research to challenge the arguments made by Dinesh D'Souza, who heralds South Asian success in the U.S., and to question the quiet accommodation to racism made by many South Asians. A look at Deepak Chopra and others whom Prashad terms Godmen shows us how some South Asians exploit the stereotype of inherent spirituality, much to the chagrin of other South Asians. Following the long engagement of American culture with South Asia, Prashad traces India's effect on thinkers like Cotton Mather and Henry David Thoreau, Ravi Shankar's influence on John Coltrane, and such essential issues as race versus caste and the connection between antiracism activism and anticolonial resistance. *The Karma of Brown Folk* locates the birth of the model minority myth, placing it firmly in the context of reaction to the struggle for Black Liberation. Prashad reclaims the long history of black and South Asian solidarity, discussing joint struggles in the U.S., the Caribbean, South Africa, and elsewhere, and exposes how these powerful moments of alliance faded from historical memory and were replaced by Indian support for antiblack racism. Ultimately, Prashad writes not just about South Asians in America but about America itself, in the tradition of Tocqueville, Du Bois, Richard Wright, and others. He explores the place of collective struggle and multiracial alliances in the transformation of self and community-in short, how Americans define themselves.

**Asian American Studies Now** Jean Yu-Wen Shen Wu,Thomas Chen,2010-03-08 Asian American Studies Now truly represents the enormous changes occurring in Asian American communities and the world, changes that require a reconsideration of how the interdisciplinary field of Asian American studies is defined and taught. This comprehensive anthology, arranged in four parts and featuring a stellar group of contributors, summarizes and defines the current shape of this rapidly changing field, addressing topics such as transnationalism, U.S. imperialism, multiracial identity, racism, immigration, citizenship, social justice, and pedagogy. Jean Yu-wen Shen Wu and Thomas C. Chen have selected essays for the significance of their contribution to the field and their clarity, brevity, and accessibility to readers with little to no prior knowledge of Asian American studies. Featuring both reprints of seminal articles and groundbreaking texts, as well as bold new scholarship, Asian American Studies Now addresses the new circumstances, new communities, and new concerns that are reconstituting Asian America.

*Future Brain* Jenny Brockis,2015-08-18 Super-charge your brain to gain a huge competitive edge in business and in life Future Brain is the busy professional's secret weapon for boosting mastery, efficiency, and productivity to gain that coveted competitive edge – in business and in life. Designed to be implemented at the individual, team, or organisational level, this in-depth, step-by-step framework leverages neuro-scientific principles to help you develop a solid, habit-changing plan for building and maintaining brain fitness and healthy behaviours. Author Dr. Jenny Brockis will help you develop your thought processes and your regular routine to get more done with less effort and time. Based on the idea of neuroplasticity, these daily practices improve focus, creativity, and effectiveness to help you stay relevant, competitive, and way ahead of the pack. You already have a magnificent brain, but you probably take it for granted; we often develop survival techniques that force our brain to work with an incompatible operating system in an effort to keep up with the ever-increasing velocity of change and information overload. This book helps you beef up your brain awareness so you can take advantage of the built-in features and native capabilities that make the human brain a truly awesome machine. Reduce stress and avoid stress-related illnesses Foster healthy thinking habits to boost efficiency Build your expertise with renewed

focus and stamina Drive innovation through productive collaboration A brain that can change, adapt, lead, and collaborate to operate with a high level of flexibility, agility, and creativity is a brain that will serve you well now and into the future. Future Brain turns neuroscience into actionable steps, helping you to train your brain to achieve high-performance in all areas of life.

State of Resistance Manuel Pastor, 2018-04-03 "Concise, clear and convincing. . . a vision for the country as a whole." —James Fallows, The New York Times Book Review A leading sociologist's brilliant and revelatory argument that the future of politics, work, immigration, and more may be found in California Once upon a time, any mention of California triggered unpleasant reminders of Ronald Reagan and right-wing tax revolts, ballot propositions targeting undocumented immigrants, and racist policing that sparked two of the nation's most devastating riots. In fact, California confronted many of the challenges the rest of the country faces now—decades before the rest of us. Today, California is leading the way on addressing climate change, low-wage work, immigrant integration, overincarceration, and more. As white residents became a minority and job loss drove economic uncertainty, California had its own Trump moment twenty-five years ago, but has become increasingly blue over each of the last seven presidential elections. How did the Golden State manage to emerge from its unsavory past to become a bellwether for the rest of the country? Thirty years after Mike Davis's hellish depiction of California in *City of Quartz*, the award-winning sociologist Manuel Pastor guides us through a new and improved California, complete with lessons that the nation should heed. Inspiring and expertly researched, *State of Resistance* makes the case for honestly engaging racial anxiety in order to address our true economic and generational challenges, a renewed commitment to public investments, the cultivation of social movements and community organizing, and more.

**If I'd Only Known I'd Live this Long--** David Beard, 2008 Do you want to live a long and active life? Do you want to give yourself every chance to be healthy and fit enough to enjoy doing things with your grandchildren? This book is a collection of tips and advice from people who have lived well into their 80's, 90's and 100's. It's a must read for anyone who plans to live a long time and enjoy it. You'll discover How many of your lifestyle choices today can make a huge difference later in your life. What types of exercise are the most important as you get older. How sensible eating means you might actually lose weight as you age. How to design a life that inspires you to get out of bed with energy every morning. How you can be a person people enjoy being with. This book is divided into sections, with one topic per page relative to that section, and heavily illustrated with pictures and quotes as seen on the cover.

*American Urban Politics in a Global Age* Paul Kantor, Dennis R. Judd, 2015-10-05 Bringing together a selection of readings that represent some of the most important trends and topics in urban scholarship today, *American Urban Politics* provides historical context and contemporary commentaries on the economy, politics, culture and identity of American cities. This seventh edition examines the ability of highly autonomous local governments to grapple with the serious challenges of recent years, challenges such as the stresses of the lingering economic crisis, and a series of recent natural disasters. Features: Each chapter is introduced by an editor's essay that places the readings into context and highlights their central ideas and findings. Division into three historical periods emphasizes both the changes and continuities in American urban politics over time. The reader is the perfect complement for Judd & Swanstrom's *City Politics: The Political Economy of Urban America*, 7/e, also available in a new edition (ISBN 0-205-03246-X)

**This Could Be the Start of Something Big** Manuel Pastor Jr., Chris Benner, Martha Matsuoka, 2015-10-27 For nearly two decades, progressives have been dismayed by the steady rise of the right in U.S. politics. Often lost in the gloom and doom about American politics is a striking and sometimes underanalyzed phenomenon: the resurgence of progressive politics and movements at a local level. Across the country, urban coalitions, including labor, faith groups, and community-based organizations, have come together to support living wage laws and fight for transit policies that can move the needle on issues of working poverty. Just as striking as the rise of this progressive resurgence has been its reception among unlikely allies. In places as diverse as Chicago, Atlanta, and San Jose, the usual business resistance to pro-equity policies has changed, particularly when it comes to issues like affordable housing and more efficient transportation systems. To see this change and its possibilities requires that we recognize a new thread running through many local efforts: a perspective and politics that emphasizes regional equity. Manuel Pastor Jr., Chris Benner, and Martha Matsuoka offer their analysis with an eye toward evaluating what has and has not worked in various campaigns to achieve regional equity. The authors show how momentum is building as new policies addressing regional infrastructure, housing, and workforce development bring together business and community groups who share a common desire to see their city and region succeed. Drawing on a wealth of case studies as well as their own experience in the field, Pastor, Benner, and Matsuoka point out the promise and pitfalls of this new approach, concluding that what they term social movement regionalism might offer an important contribution to the revitalization of progressive politics in America.

A Part, Yet Apart Lavina Dhingra Shankar, Rajini Srikanth,

**Blue Grit** Laura Flanders, 2008 Adamant, opinionated, funny, and always engaging, Flanders chronicles the changing voting patterns that are happening across America. She asserts that progressives are coming after the conservative establishment and are intent on building a new movement.

**Marquis Who's Who Index to Who's Who Books**, 1991

**Webinar Smarts** Gihan Perera, 2010

**Remaking Urban Citizenship** Andrew M. Greeley, 2017-07-28 Due to heightened global migration and transnational mobility, many residents of the world's cities lack national citizenship in the places to which they have moved for work, refuge, or retirement. The disjuncture between citizenship and daily life has led to devolution of claims from national to urban space. Within nation-states characterized by structured inequalities, citizens have not reduced their social differences. This leads increasingly to calls for greater direct involvement of marginalized classes in reshaping the institutions and spaces directly affecting their lives. These concerns—cities without citizenship and people without political power—inform the agendas of organizations that seek to restructure urban citizenship in more democratic directions. *Remaking Urban Citizenship* focuses on the uses and limits of such political organizations and coalitions, shows the various ways they pursue expanded rights within the city, and describes the institutional changes necessary to empower global migrants and popular classes as urban citizens. Offering individual or comparative case studies of cities in the United States, Europe, and China, contributions to this volume describe the development of actual practices of organizations working to reinvigorate citizenship at the urban scale. Collectively, they locate institutional forms that help migrants lay claim to their cities, show how migrants can become politically empowered, and identify how they can expand their rights or

find other ways to belong.

**About Time!** Robyn Pearce, 2009 If you've ever thought 'there must be a quicker way!' There is! This book is a 'quick-dip' of tried and true practical tips from real people - tips that will help anyone to find all those missing hours.

**An African American and Latinx History of the United States** Paul Ortiz, 2018-01-30 An intersectional history of the shared struggle for African American and Latinx civil rights Spanning more than two hundred years, An African American and Latinx History of the United States is a revolutionary, politically charged narrative history, arguing that the "Global South" was crucial to the development of America as we know it. Scholar and activist Paul Ortiz challenges the notion of westward progress as exalted by widely taught formulations like "manifest destiny" and "Jacksonian democracy," and shows how placing African American, Latinx, and Indigenous voices unapologetically front and center transforms US history into one of the working class organizing against imperialism. Drawing on rich narratives and primary source documents, Ortiz links racial segregation in the Southwest and the rise and violent fall of a powerful tradition of Mexican labor organizing in the twentieth century, to May 1, 2006, known as International Workers' Day, when migrant laborers—Chicana/os, Afrocubanos, and immigrants from every continent on earth—united in resistance on the first "Day Without Immigrants." As African American civil rights activists fought Jim Crow laws and Mexican labor organizers warred against the suffocating grip of capitalism, Black and Spanish-language newspapers, abolitionists, and Latin American revolutionaries coalesced around movements built between people from the United States and people from Central America and the Caribbean. In stark contrast to the resurgence of "America First" rhetoric, Black and Latinx intellectuals and organizers today have historically urged the United States to build bridges of solidarity with the nations of the Americas. Incisive and timely, this bottom-up history, told from the interconnected vantage points of Latinx and African Americans, reveals the radically different ways that people of the diaspora have addressed issues still plaguing the United States today, and it offers a way forward in the continued struggle for universal civil rights. 2018 Winner of the PEN Oakland/Josephine Miles Literary Award

**Presentation Zen** Garr Reynolds, 2019-11-21 Garr Reynolds, author of the best-selling book on presentation design and delivery, is back with this newly revised edition of this classic book, Presentation Zen. Showing us there is a better way to reach your audience through simplicity and storytelling, Garr tackles the conventional wisdom of making presentations with slides and shares his approach to designing and delivering successful and provocative presentations. In this new edition, Garr includes fresh examples from which to draw inspiration, and offers techniques for cutting through the noise and distractions of modern life and truly engaging with your audiences in a meaningful way. Combining the solid principles of design with the tenets of Zen simplicity, Presentation Zen, Third Edition, puts you solidly on the path to creating simpler, more effective presentations that will be appreciated, remembered, and best of all, acted upon. "Presentation Zen changed my life and the lives of my clients. The philosophy and approach so elegantly explained in Garr's book will inspire your audience. Don't even think of giving another presentation without it!" Carmine Gallo Author, The Presentation Secrets of Steve Jobs and Talk Like TED "Garr has broken new ground in the way we think about the power of presentations, and more important, has taught an entire generation of communicators how to do a better job. Don't miss this one." Seth Godin Legendary presenter and author, This is Marketing "If you care about the quality and clarity of your presentations—and you should—pick up this book, read every page, and heed its wisdom. Presentation Zen is a contemporary classic." Daniel H. Pink Author, A Whole New Mind and Drive
