Gin Rummy for Complete Beginners Robert Ticker, 2021-01-11 Gin Rummy or Gin is a traditional card matching game that requires 2 players and a standard 52 playing card deck with Kings high and Aces low. In Gin Rummy, cards are worth their numerical value with Aces worth 1 and face cards worth 10. The objective of Gin Rummy is to be the first to reach 100 points. Before game play can begin, a dealer must be selected. Each player draws one card from a shuffled deck. The player with the lowest card becomes the dealer. The dealer

shuffles the deck and passes out 10 cards alternately to each player. The remaining cards are placed faced down in the center of the group to form the stock. The top card of the stock is flipped face up and placed next to the stock to form the discard pile. The player opposite of the dealer has the option to play first by taking the top card of the discard pile. If they choose to pass, the dealer has the choice to take the top card of the discard pile. If they also choose to pass, the other player begins the game by taking the top card from the stock pile. From the first draw onward, a player must pick up a card from either the stock or the discard pile at the beginning of their turn and remove one card from their hand to the discard pile at the end of their turn. The general goal is to get rid of deadwood by melding as many cards as you can in order to go Knock or go Gin. Deadwood are cards not in a meld. If no player can reach Knock or Gin by the time the stock pile has two cards left, no points are awarded. Get your copy today by scrolling up and clicking Buy Now to get your copy today

Running on Red Dog Road Drema Hall Berkheimer, 2016-04-12 "Mining companies piled trash coal in a slag heap and set it ablaze. The coal burned up, but the slate didn't. The heat turned it rose and orange and lavender. The dirt road I lived on was paved with that sharp-edged rock. We called it Red Dog. My grandmother always told me, 'Don't you go running on that Red Dog road.' But oh, I did." Gypsies, faith-healers, moonshiners, and snake handlers weave through Drema's childhood in 1940s Appalachia after Drema's father is killed in the coal mines, her mother goes off to work as a Rosie the Riveter, and she is left in the care of devout Pentecostal grandparents. What follows is a spitfire of a memoir that reads like a novel with intrigue, sweeping emotion, and indisputable charm. Drema's coming of age is colored by tent revivals with Grandpa, jitterbug lessons, and traveling carnivals, and though it all, she serves witness to a multi-generational family of saints and sinners whose lives defy the stereotypes. Just as she defies her own. Running On Red Dog Road is proof that truth is stranger than fiction, especially when it comes to life and faith in an Appalachian childhood.

Knowledge-Free and Learning-Based Methods in Intelligent Game Playing Jacek Mandziuk,2010-01-27 The book is focused on the developments and prospective challenging problems in the area of mind game playing (i.e. playing games that require mental skills) using Computational Intelligence (CI) methods, mainly neural networks, genetic/evolutionary programming and reinforcement learning. The majority of discussed game playing ideas were selected based on their functional similarity to human game playing. These similarities include: learning from scratch, autonomous experience-based improvement and example-based learning. The above features determine the major distinction between CI and traditional AI methods relying mostly on using effective game tree search algorithms, carefully tuned hand-crafted evaluation functions or hardware-based brute-force methods. On the other hand, it should be noted that the aim of this book is by no means to underestimate the achievements of traditional AI methods in game playing domain. On the contrary, the accomplishments of AI approaches are undisputable and speak for themselves. The goal is rather to express my belief that other alternative ways of developing mind game playing machines are possible and urgently needed.
