You Know You Lit The Dobre Brothers, 2022-06-07 From the four creators of the immensely popular Dobre Brothers YouTube channel, You Know You Lit is a funny, vibrant, in-your-face deep dive into their crazy minds. Cyrus, Darius, Lucas, and Marcus are the children of an Olympic gymnast, so it's no surprise they're incredibly gifted athletes. One day, the twins Lucas and Marcus got the idea to start filming backflips and other stunts for the now defunct Vine platform. They quickly blew up, garnering millions of fans and becoming recognized whenever they went out. They also noticed that whenever their older brothers made cameos in their videos, fans cheered--so they made it a family affair and the rest is history! Now with over 95 million followers across all their different YouTube, TikTok, Instagram, and other social media accounts, the Dobre Brothers command an impressive community that they call the Dobre Army. So what's next after conquering the Internet? Conquering publishing, naturally! In this book, the brothers take their fans behind the scenes to give them a glimpse of their unique, wild lives: they detail their journey to success, of course, and they also give advice drawn from the life lessons they've learned along the way, advice on how to become a social media star too, and plenty of never before known facts. They'll get into their favorite pranks (and some of the crazier ones, like when the twins ruined Dari's car with slime!), what it's like to all live together at Dobre HQ, all about the famous Goat in their videos, what their parents and girlfriends have to say about it all, and their victories as well as their failures. They've also used their platform admirably to bring important messages to their young audience, such as with their massively viral music video Stop That. The brothers are always giving back and this book is one more opportunity to do that! You Know You Lit (their catchphrase) is a high energy, exciting, authentic peek into the lives of these famous creators.

Everything is an Afterthought Kevin Avery, 2011-11-21 What happened to Paul Nelson? In the '60s, he pioneered rock & roll criticism with a first-person style of writing that would later be popularized by the likes of Tom Wolfe and Norman Mailer as "New Journalism." As co-founding editor of The Little Sandy Review and managing editor of Sing Out!, he'd already established himself, to use his friend Bob Dylan's words, as "a folk-music scholar"; but when Dylan went electric in 1965, Nelson went with him. During a five-year detour at Mercury Records in the early 1970s, Nelson signed the New York Dolls to their first recording contract, then settled back down to writing criticism at Rolling Stone as the last in a great tradition of record-review editors that included Jon Landau, Dave Marsh, and Greil Marcus. Famously championing the early careers of artists like Bruce Springsteen, Jackson Browne, Rod Stewart, Neil Young, and Warren Zevon, Nelson not only wrote about them but often befriended them. Never one to be pigeonholed, he was also one of punk rock's first stateside mainstream proponents, embracing the Sex Pistols and the Ramones. But in 1982, he walked away from it all – Rolling Stone, his friends, and rock & roll. By the time he died in his New York City apartment in 2006 at the age of seventy – a week passing before anybody discovered his body – almost everything he'd written had been relegated to back issues of old music magazines. How could a man whose writing had been so highly regarded have fallen so quickly from our collective memory? With Paul Nelson's posthumous blessing, Kevin Avery spent four years researching and writing Everything Is an Afterthought: The Life and Writing of Paul Nelson. This unique anthology-biography compiles Nelson's best works (some of it previously unpublished) while also providing a vivid account of his private and public lives. Avery interviewed almost 100 of Paul Nelson's friends, family, and colleagues, including several of the artists about whom he'd written.

Secrets of a Serial Killer Rosie Walker, 2020-07-17 An edge-of-your-seat serial killer thriller that you won't be able to put down!

On Beauty and Being Just Elaine Scarry, 2013-03-21 Have we become beauty-blind? For two decades or more in the humanities, various political arguments have been put forward against beauty: that it distracts us from more important issues; that it is the handmaiden of privilege; and that it masks political interests. In On Beauty and Being Just Elaine Scarry not only defends beauty from the political arguments against it but also argues that beauty does indeed press us toward a greater concern for justice. Taking inspiration from writers and thinkers as diverse as Homer, Plato, Marcel Proust, Simone Weil, and Iris Murdoch as well as her own experiences, Scarry offers up an elegant, passionate manifesto for the revival of beauty in our intellectual work as well as our homes, museums, and classrooms. Scarry argues that our responses to beauty are perceptual events of profound significance for the individual and for society. Presenting us with a rare and exceptional opportunity to witness fairness, beauty assists us in our attention to justice. The beautiful object renders fairness, an abstract concept, concrete by making it directly available to our sensory perceptions. With its direct appeal to the senses, beauty stops us, transfixes us, fills us with a surfeit of aliveness. In so doing, it takes the individual away from the center of his or her self-preoccupation and thus prompts a distribution of attention outward toward others and, ultimately, she contends, toward ethical fairness. Scarry, author of the landmark The Body in Pain and one of our bravest and most creative thinkers, offers us here philosophical critique written with clarity and conviction as well as a passionate plea that we change the way we think about beauty.

The Chicken Club Glenna Thompson, 2011-03-23 Renee Morgan and Angela Marie Delveccio, two post-divorce women, single-parents, and best friends are taking a stand. No longer willing to slide through life, they're determined to shake things up. Accepting how far they've come will be an eye-opening experience. Facing full-figured bodies and dulled, lackluster features is only the beginning. Those things are easy to fix. It's the deeper issues that need the most work. Starting with a celebratory fat dance, these women learn to reinvent their lives. Mayhem ensues when they venture into the dating world and find less than stellar results which force more realistic goals. Through their daily journey, Renee and Angela discover they don't need successful romantic relationships to achieve happiness. With the combined strength of their alliance and a group of compassionate girlfriends they've aptly named The Chicken Club, they find that this delightful group will band together to take on the world, one problem at a time. And sometimes, learning to love yourself is the hardest lesson of all.

Something Real Heather Demetrios, 2014-02-04 Growing up famous as one of 12 children featured on a cancelled reality television show, 17-year-old Bonnie™ finds her hopes for a normal life shattered by the show's revival, which threatens her relationships and compels her to commit a drastic act.

The Distance Cure Hannah Zeavin, 2021-08-17 Psychotherapy across distance and time, from Freud's treatments by mail to crisis hotlines, radio call-ins, chatbots, and Zoom sessions. Therapy has long understood itself as taking place in a room, with two (or more) people engaged in person-to-person conversation. And yet, starting with Freud's treatments by mail, psychotherapy has operated through multiple communication technologies and media. These have included advice columns, radio broadcasts, crisis hotlines, video, personal computers, and mobile phones; the therapists (broadly defined) can be professional or untrained, strangers or chatbots. In The Distance

Cure, Hannah Zeavin proposes a reconfiguration of the traditional therapeutic dyad of therapist and patient as a triad: therapist, patient, and communication technology. Zeavin tracks the history of teletherapy (understood as a therapeutic interaction over distance) and its metamorphosis from a model of cure to one of contingent help. She describes its initial use in ongoing care, its role in crisis intervention and symptom management, and our pandemic-mandated reliance on regular Zoom sessions. Her account of the “distanced intimacy” of the therapeutic relationship offers a powerful rejoinder to the notion that contact across distance (or screens) is always less useful, or useless, to the person seeking therapeutic treatment or connection. At the same time, these modes of care can quickly become a backdoor for surveillance and disrupt ethical standards important to the therapeutic relationship. The history of the conventional therapeutic scenario cannot be told in isolation from its shadow form, teletherapy. Therapy, Zeavin tells us, was never just a “talking cure”; it has always been a communication cure.

Why cant U teach me 2 read? Beth Fertig, 2009-09-15 *Why cant U teach me 2 read?* is a vivid, stirring, passionately told story of three students who fought for the right to learn to read, and won—only to discover that their efforts to learn to read had hardly begun. A person who cannot read cannot confidently ride a city bus, shop, take medicine, or hold a job—much less receive e-mail, follow headlines, send text messages, or write a letter to a relative. And yet the best minds of American education cannot agree on the right way for reading to be taught. In fact, they can hardly settle on a common vocabulary to use in talking about reading. As a result, for a quarter of a century American schools have been riven by what educators call the reading wars, and our young people have been caught in the crossfire. *Why cant U teach me 2 read?* focuses on three such students. Yamilka, Alejandro, and Antonio all have learning disabilities and all legally challenged the New York City schools for failing to teach them to read by the time they got to high school. When the school system's own hearing officers ruled in the students' favor, the city was compelled to pay for the three students, now young adults, to receive intensive private tutoring. Fertig tells the inspiring, heartbreaking stories of these three young people as they struggle to learn to read before it is too late. At the same time, she tells a story of great change in schools nationwide—where the crush of standardized tests and the presence of technocrats like New York's mayor, Michael Bloomberg, and his schools chancellor, Joel Klein, have energized teachers and parents to question the meaning of education as never before. And she dramatizes the process of learning to read, showing how the act of reading is nothing short of miraculous. Along the way, Fertig makes clear that the simple question facing students and teachers alike—How should young people learn to read?—opens onto the broader questions of what schools are really for and why so many of America's schools are faltering. *Why cant U teach me 2 read?* is a poignant, vital book for the reader in all of us.

Refugee Alan Gratz, 2017-07-25 The award-winning, #1 New York Times bestselling novel from Alan Gratz tells the timely--and timeless--story of three different kids seeking refuge. A New York Times bestseller! JOSEF is a Jewish boy living in 1930s Nazi Germany. With the threat of concentration camps looming, he and his family board a ship bound for the other side of the world... ISABEL is a Cuban girl in 1994. With riots and unrest plaguing her country, she and her family set out on a raft, hoping to find safety in America... MAHMOUD is a Syrian boy in 2015. With his homeland torn apart by violence and destruction, he and his family begin a long trek toward Europe... All three kids go on harrowing journeys in search of refuge. All will face unimaginable dangers -- from drownings to bombings to betrayals. But there is always the hope of tomorrow. And although Josef, Isabel, and Mahmoud are separated by continents and decades, shocking connections will tie their stories together in the end. As powerful and poignant as it is action-packed and page-turning, this highly acclaimed novel has been on the New York Times bestseller list for more than four years and continues to change readers' lives with its meaningful takes on survival, courage, and the quest for home.

Somewhere at Sea Richard Browner, 2009-08 How does anyone come to realize the full potential of his or her life? Childhood is long and confusing and accompanied by few tools with which to accurately measure certainty. For some the process is revealed early on, for others life simply unfolds and recognition comes later. There is no one, universal answer, but with time and patience and a developing sense of self-acceptance, the segments of life's uncertainties can be knitted together into fulfilling whole.

They Both Die at the End Adam Silvera, 2017-09-05 Adam Silvera reminds us that there's no life without death and no love without loss in this devastating yet uplifting story about two people whose lives change over the course of one unforgettable day. #1 New York Times bestseller * 4 starred reviews * A School Library Journal Best Book of the Year * A Kirkus Best Book of the Year * A Booklist Editors' Choice * A Bustle Best YA Novel * A Paste Magazine Best YA Book * A Book Riot Best Queer Book * A Buzzfeed Best YA Book of the Year * A BookPage Best YA Book of the Year On September 5, a little after midnight, Death-Cast calls Mateo Torrez and Rufus Emeterio to give them some bad news: They're going to die today. Mateo and Rufus are total strangers, but, for different reasons, they're both looking to make a new friend on their End Day. The good news: There's an app for that. It's called the Last Friend, and through it, Rufus and Mateo are about to meet up for one last great adventure—to live a lifetime in a single day. How Stella Got Her Groove Back Terry McMillan,2004-01-06 *How Stella Got Her Groove Back* is full of Terry McMillan's signature humor, heart, and insight. More than a love story, it is ultimately a novel about how a woman saves her own life—and what she must risk to do it. Stella Payne is forty-two, divorced, a high-powered investment analyst, mother of eleven-year-old Quincy- and she does it all. In fact, if she doesn't do it, it doesn't get done, from Little League carpool duty to analyzing portfolios to folding the laundry and bringing home the bacon. She does it all well, too, if her chic house, personal trainer, BMW, and her loving son are any indication. So what if there's been no one to share her bed with lately, let alone rock her world? Stella doesn't mind it too much; she probably wouldn't have the energy for love—and all of love's nasty fallout—anyway. But when Stella takes a spur-of-the-moment vacation to Jamaica, her world gets rocked to the core—not just by the relaxing effects of the sun and sea and an island full of attractive men, but by one man in particular. He's tall, lean, soft-spoken, Jamaican, smells of citrus and the ocean—and is half her age. The tropics have cast their spell and Stella soon realizes she has come to a cataclysmic juncture: not only must she confront her hopes and fears about love, she must question all of her expectations, passions, and ideas about life and the way she has lived it.

Riding with Rilke: Reflections on Motorcycles and Books Ted Bishop,2007-11-17 Recalls the author's marathon motorcycle odyssey that takes him from Edmonton to Austin, through the classic landscapes of the American West, and through some of America's and Europe's most famous cities, detailing his experiences cruising around on his Ducati while meditating on the complex interplay of life, work, and art. CUCKOO'S EGG Clifford Stoll,2012-05-23 Before the Internet became widely known as a global tool for terrorists, one perceptive U.S. citizen recognized its ominous potential. Armed with clear evidence of computer espionage, he began a highly personal quest to expose a hidden network of spies that threatened national security. But would the authorities back him up? Cliff Stoll's dramatic firsthand account is a computer-age detective story, instantly fascinating [and] astonishingly gripping (Smithsonian). Cliff Stoll was an astronomer turned systems manager at Lawrence Berkeley Lab when a 75-cent accounting error alerted him to the presence of an unauthorized user on his system. The hacker's code name was Hunter—a mysterious invader who managed to break into U.S. computer systems and steal sensitive military and security information. Stoll began a one-man hunt of his own: spying on the spy. It was a dangerous game of deception, broken codes, satellites, and missile bases—a one-man sting operation that finally gained the attention of the CIA . . . and ultimately trapped an international spy ring fueled by cash, cocaine, and the KGB.

Eldridge Plays: 2 David Eldridge,2011-11-01 This second collection of plays by David Eldridge showcases the development of one of the most impressive playwriting talents of recent years. His plays combine emotional impact with complexity, realistic characterisation with humour, and are among the most powerfully moving dramas of contemporary playwriting. *Incomplete and Random Acts of Kindness* moves between a dream story and real lives to tell an intricate, complex story of a young man dealing with the break up of his family and the legacy of race responsibility. *Market Boy* is a gloriously raucous rites-of-passage drama set in Romford Market in the 1980s. Bringing a market jungle to life with the decade's Thatcherite capitalist fervour, this spectacular, savage, and beautiful yarn is a tale looks at a boy's coming of age and loss of innocence. *The Knot of the Heart* has themes of love, family and addiction, and explores the creeping onset of self-destruction beneath a veneer of respectability. Full of David Eldridge's trademark lyricism within everyday family life and interaction, this is a play where emotions are high and relationships are sensitively written. *The Stock Da'wa* explodes the wafer thin bonhomie of a long-awaited reunion into a blackly funny maelstrom of pique and long repressed truth-telling - and with shocking consequences. *Eldridge Plays 2* contains the definitive version of the four plays and an introduction by the author.

Social Media in Trinidad Jolynna Sinanan,2017-11-21 Drawing on 15 months of ethnographic research in one of the most under-developed regions in the Caribbean island of Trinidad, this book describes the uses and consequences of social media for its residents. Jolynna Sinanan argues that this semi-urban town is a place in-between: somewhere city dwellers look down on and villagers look up to. The complex identity of the town is expressed through uses of social media, with significant results for understanding social media more generally. Not elevating oneself above others is one of the core values of the town, and social media becomes a tool for social visibility; that is, the process of how social norms come to be and how they are negotiated. Carnival logic and high-impact visuality is pervasive in uses of social media, even if Carnival is not embraced by all Trinidadians in the town and results in presenting oneself and association with different groups in varying ways. The study also has surprising results in how residents are explicitly non-activist and align themselves with everyday values of maintaining good relationships in a small town, rather than espousing more worldly or cosmopolitan values.
