The Sacred and the Feminine Griselda Pollock, Victoria Turvey-Sauron, 2007-11-28 The notion of a special intimacy between 'the feminine and the sacred' has received significant attention since the publication of Julia Kristeva and Cathérine Clément's famous ecumenical 'conversation' of the same name which focussed on the relationship between meaning and the body at whose interface the feminine is positioned. Brought to the wider public as the 'sacred feminine', it has also made its mark on popular culture. Taking up the debate and moving beyond anthropology or theology, writers from varied ethnic, geo-cultural and religious perspectives here join with secular cultural analysts to explore the sacred and the feminine in art, architecture, literature, art history, music, philosophy, theology, critical theory and cultural studies. The book addresses key issues in feminist questions of creativity, the imaginary and the sacred as 'otherness', exploring the ways in which visual practices have explored this rich, contested and highly charged territory.

Minimalista Shira Gill, 2021-11-02 Elevate your personal style, trim your belongings, and transform your life, one room at a time, with this visionary lifestyle and home organization book from professional organizing expert, Shira Gill. "Warm, funny, and direct, Shira builds you up while helping you edit down to the best version of yourself."—Stacy London, New York Times bestselling author of *The Truth About Style* As a professional home organizer with clients ranging from students to multi-millionaires, Shira Gill observed that clutter is a universal stress trigger. Over the years she created a signature decluttering and organization process that promotes sustainability, achieves lasting results, and can be applied to anyone, regardless of their space or lifestyle. Rather than imposing strict rules and limitations, Shira redefines minimalism as having the perfect amount of everything—for you—based on your personal values and the limitations of your space. Now, in *Minimalista*, Shira shares her complete toolkit for the first time, built around five key steps: Clarify, Edit, Organize, Elevate, and Maintain. Once you learn the methodology you'll dive into the hands-on work, choose-your-own-adventure style: knock out a room, or even a single drawer; style a bookshelf; donate a sweater. Shira teaches that the most important thing you can do is start, and that small victories, achieved one at a time, will snowball into massive transformation. Broken into small, bite-sized chunks, *Minimalista* makes it clear that if the process is fun and easy to follow, anyone can learn the principles of editing

and organization.

The Yellow Wallpaper & Herland Charlotte Perkins Gilman, 2021-06-24 Charlotte Perkins Gilman's progressive views on feminism and mental health are powerfully showcased in her two most famous stories. The Yellow Wallpaper skillfully charts one woman's struggle with depression whilst Herland is an entertaining imagining of an all female utopia. Part of the Macmillan Collector's Library; a series of stunning, clothbound, pocket-sized classics with gold foiled edges and ribbon markers. These beautiful books make perfect

gifts or a treat for any book lover. This edition is introduced by journalist and author Lucy Mangan. Confined to her attic bedroom and isolated from her newborn baby, the nameless narrator of *The Yellow Wallpaper* keeps a secret diary in which she records the sprawling and shifting patterns of the room's lurid yellow wallpaper as she slowly sinks into madness. This chilling story is based on the author's own experience of depression. In *Herland*, a trio of men set out to discover an all-female community rumoured to be hidden deep in the jungle. What they find surprises them all; they're captured by women who, for two thousand years, have lived in a peaceful and prosperous utopia without men.

Professional Pursuits Catherine W. Zipf, 2007 Zipf focuses on five gifted women in various parts of the country. In San Diego, Hazel Wood Waterman parlayed her Arts and Crafts training into a career in architecture. Cincinnati's Mary Louise McLaughlin expanded on her interest in Arts and Crafts pottery by inventing new ceramic technology. New York's Candace Wheeler established four businesses that used Arts and Crafts production to help other women earn a living. In Syracuse, both Adelaide Alsop Robineau and Irene Sargent were responsible for disseminating Arts and Crafts-related information through the movement's publications. Each woman's story is different, but each played an important part in the creation of professional opportunities for women in a male-dominated society..

**Metamorphosis and the Emergence of the Feminine** Paula Smith Allen, 1999 Women writers from both North and South America, including those from different ethnic groups in the United States, employ the motif of insect and seed metamorphosis, which shows a development of the motif in stages as women increasingly become aware of the existence of a feminine self that is not acknowledged in language. The use of the motif by these writers, separated by both distance and influence, is an attempt by women

writers to reject the casting of women's experience in the archetypal images of Persephone and Penelope, as was traditionally assigned to the feminine by Western civilization.

**Crafting the Woman Professional in the Long Nineteenth Century** Kyriaki Hadjiafxendi, Patricia Zakreski, 2016-05-13 Over the course of the nineteenth century, women in Britain participated in diverse and prolific forms of artistic labour. As they created objects and commodities that blurred the boundaries between domestic and fine art production, they crafted subjectivities for themselves as creative workers. By bringing together work by scholars of literature, painting, music, craft and the plastic arts, this collection argues that the constructed and contested nature of the female artistic professional was a notable aspect of debates about aesthetic value and the impact of industrial technologies. All the essays in this volume set up a productive inter-art dialogue that complicates conventional binary divisions such as amateur and professional, public and private, artistry and industry in order to provide a more nuanced understanding of the relationship between gender, artistic labour and creativity in the period. Ultimately, how women faced the pragmatics of their own creative labour as they pursued vocations, trades and professions in the literary marketplace and related art-industries reveals the different ideological positions surrounding the transition of women from industrious amateurism to professional artistry.

**The Yellow Wall-Paper** Charlotte Perkins Gilman,2024-03-21 She has just given birth to their child. He labels her postpartum depression as »hysteria.« He rents the attic in an old country house. Here, she is to rest alone – forbidden to leave her room. Instead of improving, she starts hallucinating, imagining herself crawling with other women behind the room's yellow wallpaper. And secretly, she records her experiences. The Yellow Wall-Paper [1892] is the short but intense, Gothic horror story, written as a diary, about a woman in an attic – imprisoned in her gender; by the story. Charlotte Perkins Gilman's feminist novella was long overlooked in American literary history. Nowadays, it is counted among the classics. CHARLOTTE PERKINS GILMAN (1860-1935), born in Hartford, Connecticut, was an American feminist theorist, sociologist, novelist, short story writer, poet, and playwright. Her writings are precursors to many later feminist theories. With her radical life attitude, Perkins Gilman has been an inspiration for many generations of feminists in the USA. Her most famous work is the short story The Yellow Wall-Paper [1892], written when she suffered from postpartum psychosis.

*Architectural Colour in the Professional Palette* Fiona McLachlan,2013-08-15 How do architects use color? Do they adopt a different strategy or starting point for every project? Do they gradually cultivate individual color palettes, which develop alongside their body of built work? Do they utilize, or are they aware of, the body of theoretical work that underpins the use of color in the past, and forms the basis of most of the color systems commercially available today? Informed by the author's thirty years in architectural practice and academia, this book investigates, documents and analyzes the work of a number of contemporary architects in order to respond to these questions and provide a clear reference of contemporary color use. The book suggests a holistic approach to the integration of color in architecture; through a series of thematic essays, the text explores and reveals underlying principles in color design and application. Case studies include: AHMM Caruso St John Erich Wiesner and Otto Steidle Gigon/Guyer O'Donnell + Tuomey Sauerbruch Hutton Steven Holl UN Studio. The book provides clear insights into how particular contemporary architects use color confidently and intelligently as an integral part of their design philosophy, in conjunction with their choices of materials and finishes. Offering a stimulating view of the history of color theory, and pragmatic advice to practicing architects, this book will be inspiring to both design professionals and students.

**The Yellow Wallpaper - Our Androcentric Culture** Charlotte Perkins Gilman, 2021-06-24 It is very seldom that mere ordinary people like John and myself secure ancestral halls for the summer. A colonial mansion, a hereditary estate, I would say a haunted house, and reach the height of romantic felicity—but that would be asking too much of fate! Still I will proudly declare that there is something queer about it. Else, why should it be let so cheaply? And why have stood so long untenanted? John laughs at me, of course, but one expects that in marriage. John is practical in the extreme. He has no patience with faith, an intense horror of superstition, and he scoffs openly at any talk of things not to be felt and seen and put down in figures. John is a physician, and PERHAPS—I would not say it to a living soul, of course, but this is dead paper and a great relief to my mind)—PERHAPS that is one reason I do not get well faster. You see he does not believe I am sick! And what can one do?
