Mark Baldwin

Math for God's Glory Ron Tagliepietra, 2005 Math for God's Glory surveys mathematics in the Bible. Its goal is to provide a doctrinal basis for mathematics. This provides a firm foundation for each branch of mathematics in contrast to the false philosophies of mathematics which promote science, logic, math itself, or the human mind as the basis for mathematics. With these false philosophies so prevalent in schools across America, it is important to know and teach the true foundation. The book is inspired by Henry Morris, who did a similar book for the sciences entitled *The Biblical Basis of Modern Science*.

The ReGeneration Series Vol.2 Mark Baldwin, We have now received the Spirit of adoption. We are no longer servants, but sons. Not just sons of the King, but sons who are kings. You are here to express a nature that was from the beginning, before the world system ever was. That nature is Christ, the Image of God. The Beginning. This nature changes things. This nature fulfills the will of God and brings Heaven to Earth. It is my sincere hope that I will see you at the great Supper of the Lamb, but before that day, let's go out and conquer, set humanity free, and train up His sons....

Aspects of God Rev. Dr. Alan Poyner-Levison, 2022-08-05 The knowledge of God is something many have struggled to find. But knowledge is power. In *Aspects of God* the author goes to great lengths to simply explain something of the personality of God. He then goes further by investigating from scripture just what the Bible has to teach us about the character of the Living God and the aspects of His nature.
