Four Guys in a Boat Kjell Christophersen, John Carnahan, Ed Van Nuland, John Sawyer, G. M. Burrow, 2018-05-25 When does a man quit the sea? asked E.B. White. Does he quit while he's ahead, or wait till he makes some major mistake? Skipper and the crew seem to thrive pushing for the latter. Sailing alongside killer whales. Flying the Canadian flag upside down while coasting blithely into Victoria. Debating who gets left behind the day they have to squeeze into the three-man lifeboat. Interrogated by the US Coast Guard. Running aground. Losing themselves in blinding sea fog. Standing rapt beneath Taps' benediction as the American flag retires in Roche Harbor. For Kjell, John, Ed, and Skipper, sailing is about far more than simply passing time on the water. It's about the love of familiar faces and the thirst for new horizons-on land or sea. It's about the bond created by the sheer accumulation of memories, just a few of which are in this book. What else could explain why four grandpas (all north of sixty) spend four days navigating the San Juan islands every summer for fifteen years, when only one of them grew up sailing and he (given the opportunity) might cheerfully capsize the boat?

*The America's Cup Yachts* Richard V. Simpson,1999-03-28 The dominance of the New York Yacht Club, in possession of the America's Cup between 1851 and 1983, has given Newport, Rhode Island, the status of yachting capital of the world. Seven of the most respected America's Cup defenders were built in Bristol, Rhode Island. The state's contribution to racing yacht technology began in Bristol, when N.G. Herreshoff designed and built the Vigilant in 1893. The Goetz Custom Sailboat Company continues the Bristol tradition of building superior sailing vessels, many of which have been challengers for the coveted America's Cup, beginning with the America 3 in 1992. In his sixth volume for the Images of America series, author Richard V. Simpson explores the allure of the America's Cup yachts and racing through more than 200 images from his own diverse collection. The photographs focus on the beauty and dignity of the yachts, the genius of engineering minds, and the handiwork of skilled crafters. Within these pages, view a variety of rare images captured by turn-of-the-century biograph and stereoscopic cameras, and experience the majestic dance of the yachts as they jockey for position, from the starting gun to the crossing of the finish line.

**The Thousand Dollar Yacht** Anthony Bailey,1996 The theme of the would-be yachtsman finding a builder to construct a small boat which met his requirements, but at a very reasonable cost, is a traditional one in sailing literature and the basis of this story, first published in the USA nearly 30 years ago.
