Broadway in the Box Kelly Kessler, 2020-04-01 It was as if American television audiences discovered the musical in the early 21st century. In 2009 Glee took the Fox Network and American television by storm with the unexpected unification of primetime programming, awkward teens, and powerful voices spontaneously bursting into song. After raking in the highest rating for a new show in the 2009-2010 season, Glee would continue to cultivate rabid fans, tie-in soundtracks and merchandising, and a spinoff reality competition show until its conclusion in 2015. Alongside Glee, NBC and Fox would crank up musical visibility with the nighttime drama Smash and a string of live musical productions. Then came ABC's comedic fantasy musical series Galavant and the CW's surprise Golden Globe darling Crazy Ex-Girlfriend. Television and the musical appeared to be a perfect match. But, as author Kelly Kessler illustrates, television had at that point been carrying on a sixty-year, symbiotic love affair with the musical. From Rodgers and Hammerstein's appearance on the first Toast of the Town telecast and Mary Martin's iconic Peter Pan airings to Barbra Streisand's 1960s CBS specials, The Carol Burnett Show, Cop Rock, Great Performances, and a string of one-off musical episodes of sitcoms, nighttime soaps, fantasy shows, and soap operas, television has always embraced the musical. Kessler shows how the form is written across the history of American television and how its various

incarnations tell the stories of shifting American culture and changing television, film, and theatrical landscapes. She recounts and explores this rich, decades-long history by traversing musicals, stars, and sounds from film, Broadway, and Las Vegas to the small screen.

Get Things Moving! Mordecai Lee,2018-10-04 Recounts the forgotten but important work of Wayne Coy, the Office for Emergency Management's Liaison Officer, during the early years of World War II. Shortly after Hitler's armies invaded Western Europe in May of 1940, President Franklin Roosevelt activated a new agency within the Executive Office of the President called the Office for Emergency Management (OEM). The OEM went on to house many

prewar and wartime agencies created to manage the country's arms production buildup and economic mobilization. After World War II a consensus by historians quickly gelled that OEM was unimportant, viewing it as a mere administrative holding company and legalistic convenience for the emergency agencies. Similarly they have dismissed the importance of the Liaison Officer for Emergency Management (LOEM), viewing the position as merely a liaison channel between OEM agencies and the White House. Mordecai Lee presents a revisionist history of OEM, focusing mostly on the record of the longest serving LOEM, Wayne Coy. Drawing upon largely unexamined archival sources, including the Roosevelt and Truman Presidential Libraries and the National Archives, Lee gives a precise account of what Coy actually did and, contrary to the conventional wisdom, concludes he was an important senior leader in the Roosevelt White House, engaging in management, policy, and politics. Mordecai Lee is Professor of Governmental Affairs at the University of Wisconsin-Milwaukee and the author of many books, including *The First Presidential Communications Agency: FDR's Office of Government Reports and The Philosopher-Lobbyist: John Dewey and the People's Lobby, 1928-1940*, both also published by SUNY Press.
