Gold Diggers Sanjena Sathian,2021-04-06 One of The Washington Post's 10 Best Books of 2021 \* One of NPR's Best Books of 2021 \* New York Times Book Review Editors' Choice \* Long-listed for the Center for Fiction First Novel Prize “Dizzilyngly original, fiercely funny, deeply wise.” –Celeste Ng, #1 bestselling author of Little Fires Everywhere “Sanjena Sathian’s Gold Diggers is a work of 24-karat genius.” –Ron Charles, The Washington Post How far would you go for a piece of the American dream? A magical realist coming-of-age story, Gold Diggers skewers the model minority myth to tell a hilarious and moving story about immigrant identity, community, and the underside of ambition. A floundering second-generation teenager growing up in the Bush-era Atlanta suburbs, Neil Narayan is funny and smart but struggles to bear the weight of expectations of his family and their Asian American enclave. He tries to want their version of success, but mostly, Neil just wants his neighbor across the cul-de-sac, Anita Dayal. When he discovers that Anita is the beneficiary of an ancient, alchemical potion made from stolen gold—a “lemonade” that harnesses the ambition of the gold’s original owner—Neil sees his chance to get ahead. But events spiral into a tragedy that rips their community apart. Years later in the Bay Area, Neil still bristles against his community's expectations—and finds he might need one more hit of that lemonade, no matter the cost. Sanjena Sathian’s astonishing debut offers a fine-grained, profoundly intelligent, and bitingly funny investigation into what's required to make it in America. Soon to be a series produced by Mindy Kaling!

*Gold Digger: Throne of Shadows #1* Fred Perry,2013-09-04 Fred Perry's wily were-rat trio explode into their own miniseries! With the death of her parents, the were-rat clan elders, Lydia Iceron (a.k.a. McKraken) is now the heir to the clan's throne. She doesn't have any immediate interest in it, but there are others who do—mainly a few members of Crime Syndicate X! But as long as Lydia's alive, no one else can claim the throne... Fred's action- and hilarity-packed writing combines with the eye-catching art of fan-favorite Craig Babiari (Warrior Nun, I Hunt Monsters) to form one incredible, roller-coaster ride of a miniseries! This issue also features a front cover by Fred and a flip cover by Craig!

**Gold Digger Tangent** Fred Perry,2008-10 Enjoy the tribulations of Ayane Mistress Anno, the gorgeous-but-frightening champion freestyle fighter, in her search to add a little cuteness to her life, and the ongoing adventures of the Northern Edge Guard, a team of were-cat law enforcers of the magical world of Jade, as they face the problems accompanying new recruits, evil death-wabbits, and more! The universe of Fred Perry's adventure extravaganza, Gold Digger, is far too diverse and extensive to contain in one title, so Fred began not one but two online comics to develop stories that reach beyond the scope of the main title. Now these extra-special extensions of the GD-verse are compiled in handy pocket-manga format!

American Gold Digger Brian Donovan,2020-10-05 The stereotype of the gold digger has had a fascinating trajectory in twentieth-century America, from tales of greedy flapper-era chorus girls to tabloid coverage of Anna Nicole Smith and her octogenarian tycoon husband. The term entered American vernacular in the 1910s as women began to assert greater power over courtship, marriage, and finances, threatening men's control of legal and economic structures. Over the course of the century, the gold digger stereotype reappeared as women pressed for further control over love, sex, and money while laws failed to keep pace with such realignments. The gold digger can be seen in silent films, vaudeville jokes, hip hop lyrics, and reality television. Whether feared, admired, or desired, the figure of the gold digger appears almost everywhere gender, sexuality, class, and race collide. This fascinating interdisciplinary work reveals the assumptions and disputes around women's sexual agency in American life, shedding new light on the cultural and legal forces underpinning romantic, sexual, and marital relationships.

Gold Digger Platinum Fred Perry,2011-01-18 Three years since saving Britanny from quasi-space, Gina has settled down (somewhat) as an archaeology professor at Georgia State, focusing her research on the Age of Wonders, some 7-8000 years ago. Despite her best precautions, she and her students face danger in T'uala, a mighty city buried two miles below the Baja Desert, and an adjacent fortress with a 130' siege crossbow! To learn more, they must visit the Library of Time in Shangri-La, where Gina gets a surprise reunion with one of her worst foes. Gina then finds herself in conflict with a trio of competitors over the equipment of the world's first superhero team. Then she and Brianna must team up with a snooty newcomer and his jungle-man friend to stop a three-part death machine before it unleashes a storm that could destroy the world!
