Sandy Nestor

Silver and Gold Mining Camps of the Old West Sandy Nestor, 2013-01-29 The lure of gold in the American West beckoned to thousands of hungry settlers eager to stake a claim, reap the wealth, and escape often difficult conditions at home, whether Eastern cities, Europe or China. Prospectors found that veins of gold and silver were elusive and could dry up suddenly. Forced to move often in search of the next big lode, they left behind them hundreds of mining camps and settlements, many of which still exist across the Western landscape. This reference work catalogs silver and gold mining camps by state in Alaska, Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming. Each entry includes location, names of known miners, year of discovery, and ore value. Unique details of each camp are given, including historical events, buildings and businesses present. Interesting anecdotes abound about the resident miners. The work is indexed by topic and mine, and appendices offer a glossary and the Miners' Ten Commandments (Placerville [California] Herald, 1853).

Hunting Old Snowbeard's Gold Eleanor Mell, 2012-07-19 Hunting Old Snowbeard's Gold explores Arizona's most famous mystery, the Lost Dutchman Gold Mine. It takes the reader from the birth of Jacob Waltz and the tales of his gold through decades of famous search efforts, topping off at one of Arizona's 2012 Centennial Celebrations. By following through to the most recent search efforts and adding events of the times for each quest, the book offers a different perspective on a familiar lore. Hunting Old Snowbeard's Gold is an adventurous look into a legend of the Wild West and an exciting history book intended for readers of all ages.

GOLD MINING "PICKIN and GRINNIN" TOM

LEFTWICH,2011-10-23 An autobiographical account that deal's with the fun side of Gold Mining starring the character's, the wild stories, the drama, the humor, the rewards and the failures. I've put it all in song and verse of country music for the enjoyment of all who participate in gold mining or dream of the opportunity to do a little panning somewhere down the road. Come along for the laugh's! There may not be any gold! Sometimes, if it comes from a gold miner it's probably all 24 carat anyway !----- Fun, that is!!! Beware of the sworn On My Mother's Gravetruth, the half truth and the downright lie because it is all typical of a gold camp! I don't think some of these Gold Miners had a Mother! If you long to be a Real Gold Miner then read this whole account slow, very carefully, and pay real close attention because: --- There may be a Little truth in it!!! How much gold mining equipment can a man have before his wife throws him out? Well, I don't know for sure; but I'm afraid that I'm getting close to finding out!,

Rugged Gold Miners Jeff Savage,2012-01-01 On a frigid day in Coloma, California, James Marshall's heart pounded. An excitable man, he held a shiny, metal nugget in his hand. Could this be gold? To test the metal, he hammered it with a rock. It flattened easily, as gold should. When news spread of Marshall's golden discovery, thousands of people traveled to the Wild West in search of fortune. Author Jeff Savage explores the miners, prospectors, and families, who went great distances to find gold. Although most people never found it, the gold rush would change the landscape of the United States forever.

Gold-Mining Boomtown Roberta Key Haldane,2013-08-15

The town of White Oaks, New Mexico Territory, was born in 1879 when prospectors discovered gold at nearby Baxter Mountain. In *Gold-Mining Boomtown*, Roberta Key Haldane offers an intimate portrait of the southeastern New Mexico community by profiling more than forty families and individuals who made their homes there during its heyday. Today, fewer than a hundred people live in White Oaks. Its frontier incarnation, located a scant twenty-eight miles from the notorious Lincoln, is remembered largely because of its association with famous westerners. Billy the Kid and his gang were familiar visitors to the town. When a popular deputy was gunned down in 1880, the citizens resolved to rid their community of outlaws. Pat Garrett, running for sheriff of Lincoln County, was soon campaigning in White Oaks. But there was more to the town than gold mining and frontier violence. In addition to outlaws, lawmen, and miners, Haldane introduces readers to ranchers, doctors, saloonkeepers, and stagecoach owners. José Aguayo, a lawyer from an old Spanish family, defended Billy the Kid, survived the Lincoln County War, and moved to the White Oaks vicinity in 1890, where his family became famous for the goat cheese they sold to the town's elite. Readers also meet a New England sea captain and his wife (a Samoan princess, no less), a black entrepreneur, Chinese miners, the "Cattle Queen of New Mexico," and an undertaker with an international criminal past. The White Oaks that Haldane uncovers—and depicts with lively prose and more than 250 photographs—is a microcosm of the Old West in its diversity and evolution from mining camp to thriving burg to the near-ghost town it is today. Anyone interested in the history of the Southwest will enjoy this richly detailed account.

Ol' Man River Morgan De Dapper, 2009 This volume contains the selected proceedings of a multidisciplinary conference (Ghent, 2006), which stimulated looking at landscape evolution from the times of early human involvement in nature to much more recent historical developments.

Money Pits: British Mining Companies in the Californian and Australian Gold Rushes of the 1850s Dr John Woodland,2014-12-28 Between 1849 and 1853, shares in nearly 120 public companies to exploit the booming goldfields of California and Australia were offered to the British public. The companies were collectively capitalised at over £15 million, but in the end only some £1.75 million was raised between 42 of them, with only one company surviving what the newspapers of the day described as a 'gold bubble'. This is the first detailed

investigation of the British gold bubble companies and their involvement in the almost simultaneous gold rushes on both sides of the Pacific.
